

## HOME REPAIR GUIDANCE

### Utah Leads Together 2.0: Moderate Risk

For more information, visit: [coronavirus.utah.gov/utah-leads-together/](http://coronavirus.utah.gov/utah-leads-together/)

As the community begins the next phase of sustainable social distancing, and businesses begin to re-open doors to patrons, we encourage you to continue to implement protective measures to slow the spread of COVID-19 in our community. We understand that each facility is unique and operates under different circumstances. The guidance does not address every situation. Adaptation may be needed for your setting. Please work with your employees and customers to implement the following:

#### SOCIAL DISTANCING

- Follow social distancing rules by avoiding gathering in groups and keeping at least a 6-foot distance from others
- Limit employee to employee contact in the workplace
- Minimize customer interactions and time spent at the worksite
- Share estimates, invoices, and other documentation electronically (no paper)
- Log customer interactions of close contact (within 6 feet for more than 10 minutes)
  - Include customer name, contact information, date, and time

#### CLEANING & HYGIENE

- Engage in regular and frequent hand washing
- Wash or sanitize hands before entering and after leaving a home
- Discourage shared use of common supplies and tools
- Sanitize tools after each site

#### EMPLOYEE & CLIENT PROTECTION

- Adhere to the Individual Guidance and General Business Guidance
- Monitor symptoms of employees and exclude those who are sick from working
- Prohibit employees who have been instructed to isolate or quarantine from working until given health department clearance
- Do not provide services in homes with symptomatic individuals if services can be postponed
- Face coverings should be worn by employees and clients, especially when difficult or impossible to maintain 6-foot distance from others
- Wear gloves, changing between each site

Thank you for your patience and cooperation during this COVID-19 pandemic.  
Feel free to contact the Davis County Health Department with any questions at 801-525-5128.
