

MAP IS NOT TO SCALE

We reserve the right to move venues as needed.

Booths 4G, 5G, 9G, 10G, 20G and 21G are not end booths. They are placed as close to the adjacent tree, light pole or vendor booth as possible. Traffic cannot be directed between these booths. Tent sides cannot be removed from these booths. Booth 29 G has no power available. Food court vendor areas are approximately 20 x 10. The interior of the food court is a common space shared by all food vendors.
