Davis County Library
Summer Reading 2007

Parent Information Sheet

Purpose: Davis County Library wants to join you in encouraging your child to read during the summer and to enjoy being at the library.

Activities: Your child will participate in a variety of activities while attending programs presented at the library. The entertaining programs are designed to educate and to motivate reading. Most weeks each branch will provide two programs on a specific day of the week. Programs will be presented at 3:00 p.m. and 7:00 p.m. (with some exceptions), with preschool storytimes being held before noon. Please check with the individual branches for times. Although preschool storytimes are designed for the youngest children, those in primary grades are also welcome to attend. At the South Branch, a children's book club, Book Bunch, is also offered. The afternoon and evening programs focus on elementary-age children, but will be of interest to people of all ages. All are open to the public and the whole family is invited to attend together.

Clues: For each hour your child reads during summer reading, please write your child's name on the clue and add it to our bulletin board.

How you can help: Encourage reading throughout the summer and help select books on topics introduced at weekly activities. This is a great time to read for fun! If you need help, the library staff is happy to recommend books that meet your child's interest and skill levels. You may want to make an agreement with your child about reading, have them keep a record of what is read, and perhaps agree on a specific reward for meeting the contract.
