Davis County

COUNTY CLERK/AUDITOR
Steve S. Rawlings, CGFM

June 19, 2007

To The Honorable Board of County Commissioners
and Citizens of the County:

This letter introduces the Comprehensive Annual Financial Report (CAFR) of Davis County (the County) for the year ended December 31, 2006. The County's CAFR is prepared by the County Clerk/Auditor's Office. Technical assistance is provided by our independent auditors; Crane, Christensen & Ambrose P.C.

Publication of this report provides important information of a financial and non-financial nature. Management of the County is responsible for the accuracy, completeness, and fairness of the presentation and the inclusion of all pertinent disclosures.

We believe the information in this CAFR is accurate in all material respects and presents fairly the financial position and the results of operations of the County in accordance with generally accepted accounting principles (GAAP). We also believe that all disclosures necessary to enable the reader to gain a proper understanding of Davis County's financial affairs have been included.

This CAFR is organized into four main sections: Introductory, Financial, Statistical, and Single Audit. The *INTRODUCTORY SECTION* contains this letter of transmittal and organizational chart of the County. The *FINANCIAL SECTION* includes the independent auditor's report, basic financial statements, required supplemental information, combining and individual fund statements, and supplemental information. The *STATISTICAL SECTION* presents data of an accounting and non-accounting nature to assist in obtaining an understanding of the County by highlighting financial status, trends, and socioeconomic information. The *SINGLE AUDIT SECTION* includes the additional financial statements, supplemental schedules, independent auditors' report, and supplemental reports as required by the Single Audit Act of 1984 and by the U.S. Office of Management and Budget Circular A-133.

Management's Discussion and Analysis (MD&A). The discussion and analysis beginning on page 19 provides an overview and analysis of the County's Basic Financial Statements. This letter of transmittal is intended to complement the MD&A and should be read in conjunction with it.

Independent Auditors. In compliance with state laws, an annual financial audit of the County is completed each year by independent certified public accountants who are selected by the Board of County Commissioners. The audit was conducted in accordance with auditing standards generally accepted in the United States of America and standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. The independent auditor's report on the Basic Financial Statements is included in the Financial Section of this report.

Federal regulations also require the County to undergo an annual "Single Audit" in conformance with the Federal Single Audit Act of 1984, as amended, and the U.S. Office of Management and Budget Circular A-133, *Audits of State and Local Government and Non-Profit Organizations*. Information related to the Single Audit, including the schedule of expenditures of federal awards, audit findings and recommendations, summary of prior audit findings, and the auditor's report, are contained in Section IV, Single Audit, beginning on page 135.

PROFILE OF THE COUNTY

For those who may be unfamiliar with the County, we offer a brief introduction. Davis County is Utah's smallest county in land area. It is a narrow strip of land containing only 223 square miles. It is the third largest county in population. An estimated 286,500 residents live in the County's fifteen communities. Frequented by Shoshone Indians during historic times, the area was among the first settled by members of The Church of Jesus Christ of Latter-day Saints who arrived in the Great Salt Lake Valley in 1847. The lush lake-bottom pastures, fertile soils of the bench lands, and streams flowing out of the high Wasatch Mountains on the east attracted early settlers, who established small farms and close-knit communities. These early settlers established schools, built homes and churches, and created productive farms and shops.

Named after the early pioneer leader, Daniel C. Davis, the County was established as a territory in 1850. The territorial legislature created Davis County in 1852 and designated its County seat at Farmington, midway between boundaries at the Weber River on the north and the mouth of the Jordan River on the south. Westward, the County includes a portion of the Great Salt Lake and its largest island, on which Antelope Island State Park is now located.

During its first half-century, Davis County grew slowly. It supported a hardy pioneer people engaged in irrigation agriculture and livestock raising. The Utah Central Railroad (now the Union Pacific) crossed the County from Ogden on the north to Salt Lake City on the south in 1870 and offered welcome transportation links to bring in manufactured products. This was the beginning of a transition in the County's history that led to mechanized agriculture and a surge of commerce, banking, and local business, along with improved roads, new water systems, and the electrification of homes and businesses. After the turn of the century, the County's 8,000 residents joined in a chorus of boosterism that encouraged growth, but by 1940 the population was barely 16,000. The small family farms and local businesses could support no greater increase. Consequently, many of the younger generation left for new settlements in northern Utah and nearby Idaho and Wyoming.

As the age of the automobile and interurban railways created greater mobility, many County citizens looked to Ogden and Salt Lake City for employment and cultural enrichment. Market gardens, dairy farms, beef cattle, orchards, and fields of grain and sugar beets continued to sustain local farmers. World War II then introduced a new way of life in Davis County. The establishment of Hill Air Force Base in northern Davis County and other defense installations nearby created a surge of civilian employment. Hill AFB quickly became and remains the state's largest employer.

Diversification brought rapid post-war growth. The County doubled in population between 1940 and 1950, and doubled again in the next decade. Between 1960 and 1980, the population more than doubled again, from 65,000 to 147,000. By 1990 the population had reached 188,000 and the 2000 census recorded 238,994. Being the fastest growing of the four major urban communities along the Wasatch Front, Davis County is projected to build out with a population near 400,000 by the year 2030.

Accompanying this growth has been a diversification of population and a new prosperity. Davis County now enjoys a wide mix of people representing many ethnic, cultural, and religious backgrounds. The County has moved from its traditional agricultural dependency to an interlocking network of suburban communities around a core of original towns with a closeness in proximity to downtown Salt Lake City. The communications age has tied Davis County to the world. Its citizens today are part of an economic and social pattern that reaches far beyond the County's tiny geographical limits.

Today, many nationally known commercial, industrial, recreational, and service companies provide diversified employment opportunities for residents of Northern Utah. The Freeport Center is the largest distribution center in the United States with more than nine million square feet of covered storage and five million square feet of open storage occupied by more than 125 renowned companies employing some 6,500 employees.

A three-member elected Board of Commissioners is the governing body of Davis County. All Commissioners serve four-year terms, which overlap to enhance continuity for the governing board. Department Heads reporting to the Commissioners serve as exempt (appointed) non-merit employees. According to Utah Code 17-53-106, The Commissioners have general oversight to insure compliance with County rules, policies, and ordinances. Seven other elected officials have authority to direct and supervise their respective elected offices and their Deputies while performing the professional duties to which they were elected.

Commissioners approve the adoption and amendment to the budget; they also serve as the legislative body, the property tax Board of Equalization, and regulate business licensing in the unincorporated areas of the County.

The seven other elected officials, shown on the organizational chart; all serve four-year terms and are eligible for re-election in the same county-wide elections as the Commissioners. Chief Deputies serving each of the other elected officials are also exempt (appointed) non-merit employees.

Administrative Officers reporting to the Commissioners serve as exempt (appointed) non-merit employees. These individuals are responsible for the daily management of the various services and programs provided by the County.

The Clerk/Auditor serves as the chief financial and budget officer of the County and administers the County financial system. The County Treasurer is responsible for the collection, safekeeping, and investing of all County funds. The County Commission, Clerk/Auditor, and Treasurer work together to insure compliance required by the Utah Fiscal Procedures Act.

The County provides a diversified range of county-wide services as well as certain municipal type services which are provided only in the unincorporated areas of the County. Examples of county-wide services include the following: General government services such as property tax assessing and collecting, auditing, budgeting, elections, marriage licenses, passports, real estate records, surveying, criminal justice services, and ordinance enactment and enforcement. Educational Services (such as libraries and agricultural extension), Social Service (such as senior programs), Recreation and tourism services (such as golf courses, tourism and travel facilities, County Fair activities), County support services (such as human resources, information systems, finance, purchasing and facilities management), Public Safety services (such as correctional facilities, emergency 911, police protection, paramedic, emergency medical, and animal control), Public Health services (such as mental health and substance abuse, clinical, nursing, dental health, vehicle inspection and maintenance, environmental health, and also health education and promotion), Public Works services (such as flood control and noxious weeds).

Municipal type services include fire protection, public works (road construction and maintenance), building inspection, and business licenses. These services are funded by property and sales taxes and user fees generated by the citizens of the unincorporated area of the County. They are accounted for in the Special Service Area Fund.

ECONOMIC CONDITION AND OUTLOOK

BUSINESS AND INDUSTRY

The slowdown of the economy throughout the world early this decade has taken a toll on funding of Davis County services. Davis County continues to show measurable signs of improvement. Davis County's unemployment averaged 3.1 percent, an improvement over the prior year's rate of 3.7 percent. This is

favorable with the State rate of 3.2 percent and favorable to the National rate of 4.6 percent. The County and the State continue to have one of the best labor and business climates in the western United States. The work force is young and well educated and, overall, wages are competitive. Employment in Davis County is distributed among many industries. The County is unique, primarily because of its proportion of total jobs made up by the government. One of Utah's largest employers, Hill Air Force Base, is in the county. This skews the County's class of workers classification with 27 percent of all non-farm jobs being in the government sector, and Hill AFB as the dominant employer employs nearly one-half of all government workers in the County (along with state and local government, mainly schools). In the Spring of 2005, the Base Realignment and Closure (BRAC) Committee recommended a preliminary list of military bases for closure. Hill AFB is one of 425 military installations that are being scrutinized as part of next year's BRAC round. The preliminary list was finalized and released in late 2005/early 2006, and fortunately, Hill AFB was a receiving base with positive job growth expectations and more workload from other facilities will be transferred to Hill; thus benefiting the local economy. This round of the BRAC's base closure list has been finalized in 2006 and future evaluations will occur every six years.

Other larger industry sectors include manufacturing (12 percent) and retail and wholesale trade (13 percent). As the economy improves, the County expects the unemployment rate to continue to decrease. In 2006, the employment picture for Davis County continued to improve. Job growth for Davis County was 4.2 percent or 3,700 new jobs in 2006 when compared to 2005. The Statewide average was 4.4 percent. The increase in the rate of job growth, in line with the state average, is very positive and evidence of a strong market.

Interest rates continue to stay low while the economy begins to slow down. Total permit-authorized construction in Davis County has begun to decrease. However, the number of construction and manufacturing jobs in the County continued to increase by 16.3%, following state and national trends in those industries. The value of total permit authorized construction in the County fell 1.2 percent in 2006 compared to 2005 figures. The total number of Residential Building permits issued decreased 17.4%. Growth has slowed as well in the New Nonresidential construction category to only a 2.6 percent increase over the prior year. With the improving economy and mortgage rates expected to remain between 6 to 7 percent, the single-family home sector should continue to buoy the construction industry well into 2007. Sales of existing homes this year also remain strong; up 4.6% over last year. The average home price gained slightly more than 16% over a year ago.

In 2006, the County's total sales taxes grew 15.3 percent. Davis County continues to experience steady growth in existing business expansion and new business growth, especially in commercial, restaurant, and retail.

The major employers in Davis County are:

<u>BUSINESS</u>	<u>EMPLOYEES</u>
Hill Air Force Base	23,500
Davis County School District	6,300
Lifetime Products	1,900
Davis County	900
Lagoon Inc	850
Smith's Distribution Services	1,150
Utility Trailer and Manufacturing	700 – 1,000
Albertson's	500 – 700
Amusement Services	500 – 700
Associates Commerce Solutions	500 – 700
Davis Hospital and Medical Center	500 – 700
Pioneer Adult Rehabilitation	500 – 700
Icon Health and Fitness	650
Lakeview Hospital	550

TRANSPORTATION AND ACCESSIBILITY

Davis County has superb highway accessibility. Interstate 15 runs north and south through the County, providing easy access to Interstate 80 and other major highways throughout the state. Many major western cities are only a day's haul away by commercial carrier, while many others can be reached in a few days.

The Salt Lake International Airport is readily accessible to all of Davis County. The airport is anchored by Delta Airlines and Southwest Airlines and has a total of 16 airlines operating over 800 scheduled daily departures. Almost 21.5 million passengers traveled through the airport in 2006 making it the 25th busiest airport in North America and 50th in the world. Several air cargo/express mail services have daily flights in and out of Salt Lake International Airport.

Amenities at the airport include vehicle rental, restaurants, a golf course, news shops, barber and beauty salons, a full service bank, fax machines, currency exchange, and translation services with ample parking.

In addition to the Salt Lake International Airport, private plane operators enjoy easy access and accommodations to Sky Park Airport, located in southern Davis County.

Rail services in Utah are provided by Southern Pacific and Union Pacific as well as Amtrak. Second-morning freight service is offered to 90 percent of the western market, and all west coast cities can be served directly by rail from Utah without backtracking. Amtrak provides daily passenger service both east and west. Interstate bus service is provided by Greyhound while the Utah Transit Authority (UTA) provides daily mass transit service in the County and along the Wasatch Front.

MAJOR INITIATIVES AND OTHER ACCOMPLISHMENTS

TEAM MANAGEMENT

The County strongly supports the development of the concept of team building. This concept creates a formal working group or team of individuals responsible for similar or related functions within the County. These individuals may report to several different Administrative Officers but have a need to interact with the other members of the team to efficiently and effectively manage their responsibilities.

The Administrative Officers, Information Services Team, Users Service Team, Risk Management Team, Property Tax Team, Facilities Management Team and the Financial Services Team continued to meet and accomplish their annual objectives. As individuals from different departments organize themselves into teams, communication flow is facilitated and issues are addressed and resolved in an atmosphere of unity and productivity.

DAVIS COUNTY JUSTICE COMPLEX

Rapid growth within the County created a need for additional court and detention facilities. During the last decade, the State constructed court facilities. The County contracted with the federal marshals to construct a work release facility to house 120 work release inmates. Work release inmates are now housed in a less expensive minimum-security setting. Other inmates use the existing traditional security structure. The County's normal detention capacity is 496 inmates.

Current projections show the County will require almost double the inmate capacity within the next 15-20 years. Detention expansion is now in the construction stage to accommodate this projected need. During 2004, Citizens of the County approved a \$24.8 million General Obligation Bond to finance jail expansion construction costs. The construction on the 400-bed jail expansion began in the Spring of 2005, was completed in late-2006, and scheduled to officially open March 1, 2007.

UTAH STATE UNIVERSITY (USU) EXTENSION PROGRAM

USU Extension is a cooperative program between Davis County, Utah State University, and the U.S. Department of Agriculture. A satellite system was installed at the County and is being used as a communication link between USU and the County Extension. This greatly enhances the ability of County citizens to access the abundant resources of the Federal/State Land-Grant system. Classes are regularly scheduled on many topics of current interest. Extension services go beyond the simple transfer of knowledge to the idea of helping people identify their problems and find tools with which to solve them. Services offered to Davis County residents include Family and Consumer Science, Agriculture, 4-H, Food & Nutrition Program, Horticulture, and Independent and Distance Education.

The County has partnered with USU in the development of the Utah Botanical Center. It replaces the historic Utah Botanical Gardens. The new development has been built on 94 acres of property in the center of the County. The Utah House is a sustainable building and landscape demonstration house and yard with a water-wise landscape. A nearby trail wanders through demonstration gardens, fishing ponds, bird watching areas, and the garden view pavilion. The entire Center is an operating educational facility that demonstrates principles of sustainability that can significantly reduce our impact on the land and its resources. The four ponds have been dredged and redesigned to greatly improve fishing and bird watching. Much earth work was accomplished on the grounds and trails of the Gardens with the material dredged from the ponds. The Utah House is now open and many visitors are enjoying it. The Botanical Center opened in April of 2004.

CONFERENCE CENTER

The Conference Center finished its second full year of operations in 2006. For several years the County has been creating a master plan to construct a destination conference center in the County. In 1998, the County purchased one-half of a 12-acre property in the heart of the commercial area of northern Davis County. During 2000 the County purchased an adjoining 3 acres to complete the land area for the project. The County purchased the remaining one-half of the 12-acre property in 2001. During 2002, proposals were solicited, a developer was selected, and negotiations began. The first phase of the project was funded by tourism tax dollars with the issuance of \$9 million in sales tax revenue bonds to cover most of the project costs.

The Conference Center is designed to be an economic engine attracting convention and conference business, as well as, local business to Davis County. It is adjoined with the Hilton Garden Inn and is surrounded by several other hotels and shopping malls. Construction was completed on the 41,000 square foot facility in the Fall of 2004. The Conference Center opened for business on September 1, 2004.

As the Conference Center has stimulated the local economy through increased tourism, sales, and restaurant taxes through its events and conferences, it has been a huge success and the demand for more meeting space and exhibit space will be answered. In early 2008, the Conference Center will open a 43,000 square foot expansion for business. A new 18,000 sq. ft. exhibit hall (Eclipse Expo Hall) will have the ability to open into an additional 7,000 sq. ft. ballroom (Stratus Ballroom) creating a 25,000 sq. ft. of new meeting space. The new Stratus Ballroom will divide into five break-outs and will feature the latest technology and elegant but modern décor. Once completed, we will have over 65,000 square feet of flexible meeting space. expansion of the Conference Center to include an exhibit hall was initiated in 2006.

To fund the expansion, the County issued a \$9.955 million sales tax revenue bond in September, 2006. The bonds will be paid over a twenty-one year period with principal and interest due beginning in 2007.

LIBRARY EXPANSION

During 2000, after several years of planning, the Davis County Commission approved a property tax

increase for library expansion. The modest increase has already funded a major expansion of the South Branch Library during 2000. Facilities were expanded at the Central Branch in 2001 and 2002. Construction on the new branch library in Syracuse City was completed in August of 2003. The expansion also includes construction of a branch library in Centerville City that was completed early 2006 and now open. The tax increase is considered a permanent increase because the additional revenue will be needed to fund the ongoing operating costs of the expanded system.

In 2005, the County entered into a local government agreement with Kaysville City to operate the Kaysville City Library as part of the Davis County Library system, and was fully integrated in August of 2006.

PUBLIC WORKS EXPANSION

The expansion of the public works facility in Fruit Heights has been completed. Old outdated buildings have been replaced with a new office structure, 5 bay mechanics repair shop, 5 bay garage, covered fuel station, paved parking lot, salt storage shed. Still to be completed is a covered storage area between the mechanics repair shop and the 5 bay garage; and security for the entire public works facility including key card access to all building, outside camera observation, and mechanical gates.

LEGACY PARKWAY

On September 21, 2005, the State of Utah and the Sierra Club (acting on behalf of numerous groups opposing the Legacy Highway) officially signed a compromise regarding the Legacy Highway. Some of the agreements reached include no billboards along the freeway, no trucks allowed on the freeway (excepting cases where they are used in response to an accident or there is construction on I-15), and a 55 mph (90 km/h) speed limit. This is in exchange for the promise that the environmentalists will stop obstructing the construction of the highway. These restrictions hold until 2020. Construction on this segment of the freeway began again in spring 2006. The first portion to be built will be the Legacy Parkway, or South Davis Segment, which will run from the junction of U.S. 89 in Farmington to Interstate 215 in northern Salt Lake City.

SHERIFF'S "CITIZEN'S ACADEMY"

Under the direction of the Sheriff, a training program called "Citizen's Academy" continues to be funded. Leaders and citizens in the community are invited to participate. The training is being offered to achieve better community understanding of the functions of law enforcement.

Community Oriented Policing is about teamwork providing greater opportunities for all citizens, government agencies and officials, law enforcement professionals and private agencies working together to improve the quality of life in our communities. It is a well-known premise that better communication between citizens and those who provide law enforcement protection greatly enhances our communities.

The nine-week course taught one night a week for four hours each night is a "hands-on" course with instruction from highly qualified Sheriff's Department personnel. Participants actually perform the skills taught in the course. These are the same skills taught at the police academy and used daily by professional law enforcement officers. Included are hands-on training in firearms, arrest and control tactics, use of force, alcohol and drug enforcement, emergency vehicle operation, crimes in progress, routine traffic stops, and felony police tactics.

Due to the specialized service the Sheriff's office provides through its Paramedic program and Corrections Division, training is also offered to enhance the participants understanding of these special services. Participant's knowledge and use of medical skills is improved as a result of this training.

FINANCIAL INFORMATION

FINANCIAL REPORTING AND ACCOUNTING STANDARDS

Local government accounting principles are established and promulgated by the Governmental Accounting Standards Board (GASB). This report conforms to all current, relevant pronouncements of GASB, which, taken as a whole, are referred to as "Generally Accepted Accounting Principles" (GAAP).

THE REPORTING ENTITY

This CAFR includes all funds of the County as follows:

<u>DESCRIPTION</u>	<u>FUND TYPE</u>
General Fund	General Government
Paramedic Fund	Special Revenue
Health Fund	Special Revenue
Tourism Board Fund	Special Revenue
Library Fund	Special Revenue
Flood Control Fund	Special Revenue
Aging Services Fund	Special Revenue
Emergency 911 Dispatch Fund	Special Revenue
Municipal Building Authority Fund	Special Revenue
Special Service Area Fund	Special Revenue
General Obligation Bond Fund	Debt Service
Conference Center Bond Fund	Debt Service
Municipal Building Authority Bond Fund	Debt Service
Jail Expansion Construction Fund	Capital Projects
DMV Construction Fund	Capital Projects
Conference Center Construction Fund	Capital Projects
Capital Projects Fund	Capital Projects
Golf Courses Fund	Enterprise
Commissary Fund	Enterprise
Insurance Fund	Internal Service
Telephone Fund	Internal Service
Buildings and Grounds Fund	Internal Service
County Agency Fund	Agency
Treasurer's Tax Collection Fund	Agency
Employee Benefits Fund	Agency

The CAFR also reports consolidated information of Davis Behavioral Health and Wasatch Integrated Waste Management as related entities of Davis County. Davis Behavioral Health was created in 1983 by the County as a public non-profit organization to provide behavioral and also alcohol and drug services for the residents of Davis County. Wasatch Integrated Waste Management is a regional solid waste energy recovery district organized in 1982 by the County to process solid waste. The "burn plant" as it is commonly known, incinerates solid waste and produces steam that is sold to Hill Air Force Base.

ACCOUNTING SYSTEMS AND BUDGETARY CONTROLS

The County operates an integrated budgetary and accounting system that incorporates the adoption of a formal legal budget for each department. The budget is adopted in December each year for the ensuing year.

State statutes define the legal level of budgetary control at the department level. Expenditures should not exceed appropriations at that level. Monthly financial reports are electronically distributed to each department head and/or elected official with a charge that obligations must be closely monitored. The budget is reopened as required (usually twice each year) to consider necessary adjustments.

A modified accrual basis of accounting is used for governmental funds with revenues recognized when measurable and available. Expenditures are recognized when a fund liability is incurred. These transactions are recorded using the fund accounting approach, where each fund is a distinct entity with a set of self-balancing records.

Automation and modernization of the accounting system have received the strong support of County officials. These efforts continue to move forward as new technology becomes available. As financial reporting requirements change we will be allowed to provide the most current and meaningful accounting information to all users in the 2006 report.

Safeguarding assets and providing reasonable assurance that financial transactions are properly recorded requires implementation of adequate internal controls. The County's internal controls are presently accomplishing this objective in all material respects. Further discussion of accounting and budgeting matters may be found in the "Notes to Financial Statements."

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the *Certificate of Achievement for Excellence in Financial Reporting* to Davis County for its Comprehensive Annual Financial Report for the calendar year ended December 31, 2005. This is the thirteenth year in a row that Davis County has received this award.

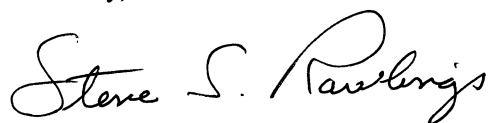

This prestigious award requires a governmental unit to publish an easily readable and efficiently organized comprehensive annual financial report that must conform to rigorous program standards. Qualifying reports must satisfy both GAAP and applicable legal requirements.

The Certificate of Achievement program demands that all applicable requirements be met each year the award is given. We have made application for the award for the 2006 calendar year and believe this report continues to conform to the program requirements. Our highly qualified and professional staff is dedicated to making this certification possible

CONCLUSION

This report has been prepared in an effort to provide meaningful data that will be useful in evaluating the financial activity of Davis County. The preparation of this report is a team effort by the County Clerk/Auditor staff in conjunction with department accounting personnel. Their dedicated efforts have made possible the continued improvement of both form and content. We extend our sincere appreciation for their ongoing commitment to excellence in financial reporting and for their continued effort in providing pleasant and efficient services to the citizens of Davis County. The efforts of the Board of County Commissioners, other elected officials, and the department heads and their staff make it possible for the County to continue to cooperatively demonstrate fiscal responsibility and to achieve the highest of standards.

Sincerely,

A handwritten signature in black ink that reads "Steve S. Rawlings". The signature is written in a cursive, flowing style.

Steve S. Rawlings, CGFM
Clerk/Auditor

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Davis County
Utah

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
December 31, 2005

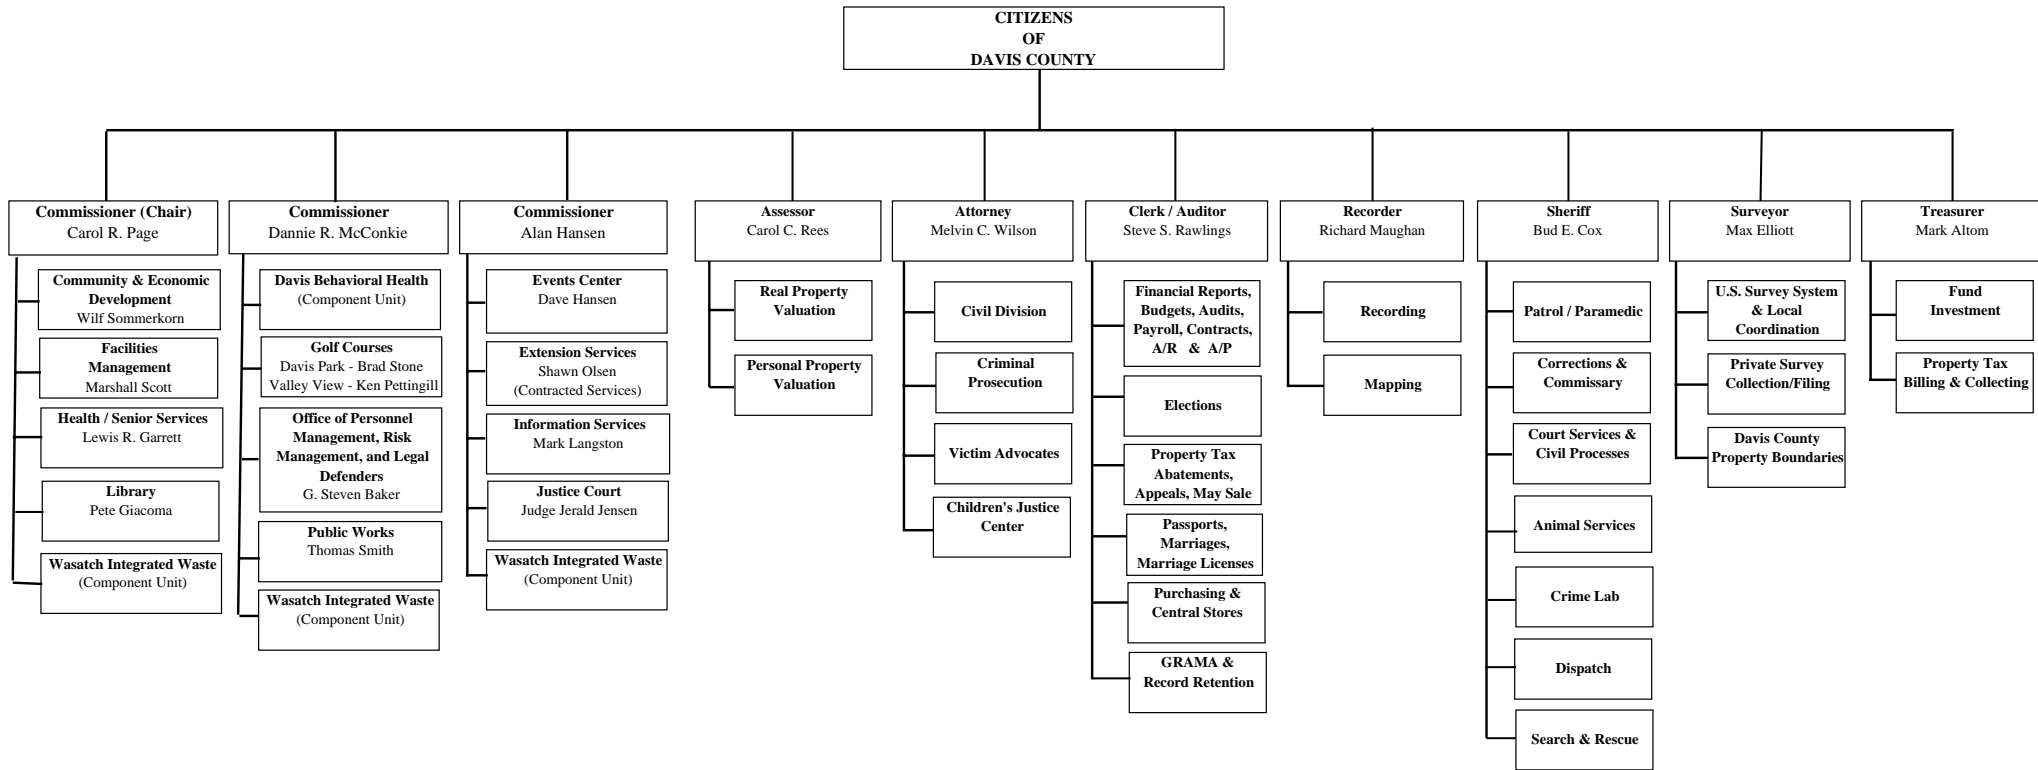

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT AUDITORS' REPORT

The Board of County Commissioners
Davis County, Utah

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Davis County (the County), as of and for the year ended December 31, 2006, which collectively comprises the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of Davis Behavioral Health which is shown as a discretely presented component unit. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for Davis Behavioral Health, is based solely on the reports of such other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of December 31, 2006, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with the *Government Auditing Standards*, we have also issued our report dated May 31, 2007 on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the County. The combining and individual nonmajor fund financial statements and schedules, and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial

statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Crane, Christensen & Ambrose P.C.

DAVIS COUNTY, UTAH
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended December 31, 2006

INTRODUCTION

The following is a discussion and analysis of Davis County's financial performance and activities for the year ended December 31, 2006. When read in conjunction with the letter of transmittal and the notes to the financial statements, this section's financial highlights, overview and analysis should assist the reader to gain a more complete knowledge of the County's financial performance. This is the fourth year that the County implemented new reporting standards established by the Governmental Accounting Standards Board (GASB). Comparative analysis to previous year's results are provided.

HIGHLIGHTS

Government-wide

- The County's total net assets increased approximately \$2.8 million or about 3.1 percent over the prior year. The increase is primarily due to the increase in net assets of governmental activities. Net assets of business-type activities decreased approximately \$76 thousand, which represents a decrease of 1.8 percent.

Fund Level

- Fund balances in the County's governmental funds decreased \$3.3 million, or 9.0 percent from the prior year to a total of \$33.3 million. The primary reason for the decrease in fund balance was the continued use of the Jail Expansion bond monies (\$15.3 million) in combination with the receipt of monies from the Conference Center Expansion bond (\$9.955 million) and the Municipal Building authority DMV bond (\$1.626 million), plus accrued interest. Without the funds held for the Jail Expansion, the Conference Center Expansion, and the MBA-DMV construction and its associated interest and premium revenues, governmental fund balances increased approximately \$852 thousand in 2006. There was no tax increase implemented in 2006.
- Property tax revenues were approximately \$842 thousand, or 3.0 percent higher in 2006 than the prior year primarily due to growth of the property tax base throughout the County. The County's total sales taxes also increased by \$2.0 million, or 15.2 percent, to \$14.9 million, a sign of continued growth and economic recovery.

Long-term Debt

- In September 2006, the County issued a \$9.955 million dollar bond to fund construction of the Conference Center Expansion project. This 20-year sales tax revenue bond was issued at an interest rate of 4.18 percent and will be paid in semi-annual payments with principal and interest due beginning in 2007. In addition, the County, through its Municipal Building Authority, issued a \$1.626 million dollar bond on May 11, 2006. The twenty year bond was issued at an interest rate of 5.4 percent. Other long-term debt of the County decreased \$2.7 million to \$36.5 million in 2006.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is an introduction to the County's Basic Financial Statements. The Basic Financial Statements include three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the Basic Financial Statements, this report also contains the required supplementary information, as well as, additional supplementary information and fund data, including combining statements for non-major funds and a statistical section.

The government-wide view of the County's finances is a requirement under the GASB Statement 34 *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, and became effective for the County for 2003. Fund financial statements have been reported in the past and are still presented in this CAFR.

Government-wide Statements – Reporting the County as a Whole

The Statement of Net Assets and the Statement of Activities beginning on page 29 comprise the government-wide financial statements. These statements provide a broad overview with a long-term focus of the County's finances as a whole and are prepared using the *full-accrual* basis of accounting, similar to private-sector companies. This means all revenues and expenses are recognized regardless of when cash is received or spent, and all assets and liabilities, including capital assets and long-term debt, are reported at the entity level.

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases and decreases in net assets measure whether the County's overall financial condition is getting better or worse. In evaluating the government's overall condition, however, additional non-financial factors should be considered such as the County's economic outlook, changes in its demographics, and the condition of its capital assets and infrastructure.

The statement of activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

DAVIS COUNTY, UTAH
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended December 31, 2006

INTRODUCTION

The following is a discussion and analysis of Davis County's financial performance and activities for the year ended December 31, 2006. When read in conjunction with the letter of transmittal and the notes to the financial statements, this section's financial highlights, overview and analysis should assist the reader to gain a more complete knowledge of the County's financial performance. This is the fourth year that the County implemented new reporting standards established by the Governmental Accounting Standards Board (GASB). Comparative analysis to previous year's results are provided.

HIGHLIGHTS

Government-wide

- The County's total net assets increased approximately \$2.8 million or about 3.1 percent over the prior year. The increase is primarily due to the increase in net assets of governmental activities. Net assets of business-type activities decreased approximately \$76 thousand, which represents a decrease of 1.8 percent.

Fund Level

- Fund balances in the County's governmental funds decreased \$3.3 million, or 9.0 percent from the prior year to a total of \$33.3 million. The primary reason for the decrease in fund balance was the continued use of the Jail Expansion bond monies (\$15.3 million) in combination with the of receipt monies from the Conference Center Expansion bond (\$9.955 million) and the Municipal Building authority DMV bond (\$1.626 million), plus accrued interest. Without the funds held for the Jail Expansion, the Conference Center Expansion, and the MBA-DMV construction and its associated interest and premium revenues, governmental fund balances increased approximately \$852 thousand in 2006. There was no tax increase implemented in 2006.
- Property tax revenues were approximately \$842 thousand, or 3.0 percent higher in 2006 than the prior year primarily due to growth of the property tax base throughout the County. The County's total sales taxes also increased by \$2.0 million, or 15.2 percent, to \$14.9 million, a sign of continued growth and economic recovery.

Long-term Debt

- In September 2006, the County issued a \$9.955 million dollar bond to fund construction of the Conference Center Expansion project. This 20-year sales tax revenue bond was issued at an interest rate of 4.18 percent and will be paid in semi-annual payments with principal and interest due beginning in 2007. In addition, the County, through its Municipal Building Authority, issued a \$1.626 million dollar bond on May 11, 2006. The twenty year bond was issued at an interest rate of 5.4 percent. Other long-term debt of the County decreased \$2.7 million to \$36.5 million in 2006.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is an introduction to the County's Basic Financial Statements. The Basic Financial Statements include three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the Basic Financial Statements, this report also contains the required supplementary information, as well as, additional supplementary information and fund data, including combining statements for non-major funds and a statistical section.

The government-wide view of the County's finances is a requirement under the GASB Statement 34 *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, and became effective for the County for 2003. Fund financial statements have been reported in the past and are still presented in this CAFR.

Government-wide Statements – Reporting the County as a Whole

The Statement of Net Assets and the Statement of Activities beginning on page 29 comprise the government-wide financial statements. These statements provide a broad overview with a long-term focus of the County's finances as a whole and are prepared using the *full-accrual* basis of accounting, similar to private-sector companies. This means all revenues and expenses are recognized regardless of when cash is received or spent, and all assets and liabilities, including capital assets and long-term debt, are reported at the entity level.

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases and decreases in net assets measure whether the County's overall financial condition is getting better or worse. In evaluating the government's overall condition, however, additional non-financial factors should be considered such as the County's economic outlook, changes in its demographics, and the condition of its capital assets and infrastructure.

The statement of activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

DAVIS COUNTY, UTAH
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended December 31, 2006

The government-wide statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or most of their costs through user fees and charges (*business-type activities*). Davis County's governmental activities include general government, public safety, public works, judicial, and library services. The County has two business-type activities – 1) operation of the county's Golf Courses and 2) operation of the Jail Commissary.

The government-wide statements also include information about two *component units*, Davis Behavioral Health (DBH) and Wasatch Integrated Waste Management Inc. (WIWMD). A legally separate entity meets the criteria of a component unit if the County's governing body appoints a voting majority of the organization's governing body and either has the ability to impose the County's will on that organization or that organization may provide specific financial benefits or burden to the County. An organization may also be considered a component unit of the County if the organization is fiscally dependent upon the county or if its relationship is of a nature that it would be misleading to exclude it. The basic criterion to include Davis Behavioral Health's information into the financial statements is that the financial statement may be misleading if it were not included. The basic criterion to include WIWMD as a component unit is that WIWMD is fiscally dependent on the County.

Fund Financial Statements – Reporting the County's Most Significant Funds

The fund financial statements beginning on page 34, provide detailed information about individual major funds, not the County as a whole. A fund is a group of related accounts that the County uses to keep track of specific resources that are segregated for a specific purpose. Some funds are required by law to exist, while others are established internally to maintain control over a particular activity. All of the County's funds can be divided into three types: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Most of the County's basic services are accounted for in governmental funds and are essentially the same functions reported as governmental activities in the government-wide statements. Governmental funds use the *modified accrual* basis of accounting, which measures the flow of current financial resources that can be converted to cash and the balances left at year-end that are available for future spending. This *short-term* view of the County's financial position helps determine whether the County has sufficient resources to cover expenditures for its basic services in the near future.

Proprietary Funds – Proprietary funds are presented using the *full-accrual* basis of accounting. Davis County uses two different types of proprietary funds. *Enterprise Funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County has two enterprise funds - Golf Course Fund, and Jail Commissary Fund. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County maintains three internal service funds – Insurance Fund, Telephone Fund, and Building and Grounds Fund. Because those services predominantly benefit governmental rather than business-type activities, they are included with *governmental activities* in the government-wide statements.

Fiduciary Funds – Fiduciary funds account for resources held for the benefit of parties outside the government. Fiduciary funds use *full-accrual* accounting but are not included in the government-wide statements because the assets in those funds are not available to finance the County's own programs.

Reconciliation between Government-wide and Fund Statements

The financial statements include schedules on pages 37 and 40 that reconcile the amounts reported for governmental activities on the government-wide statements (full-accrual accounting, long-term focus) with amounts reported on the governmental fund statements (modified accrual accounting, short-term focus). Following are some of the major differences between the two statements:

- Capital assets and long-term debt are included on the government-wide statements but are not reported on the governmental fund statements.
- Capital outlays result in capital assets on the government-wide statements but are expenditures on the governmental fund statements.
- Bond proceeds result in liabilities on the government-wide statements but are other financing sources on the governmental fund statements.
- Certain tax revenues that are earned but not yet available are reported as revenue on the government-wide statements but are deferred revenue on the governmental fund statements.

Notes to the Financial Statements

The notes beginning on page 48 provide additional schedules and information that are essential to a complete understanding of the financial statements. The notes apply to both the government-wide financial statements and the fund financial statement.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Net Assets

The largest component of the County's net assets, 64 percent, reflects investments in capital assets (land, buildings, equipment, roads, and other infrastructure) less all outstanding debt that was issued to buy or build those assets. As Capital assets, these resources are not available

DAVIS COUNTY, UTAH
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended December 31, 2006

for future spending, nor can they all be readily liquidated to pay off the related liabilities. Resources needed to repay capital-related debt must be provided from other sources. Increases in the County's 2006 capital assets are primarily due to the Jail Expansion project and the MBA DMV construction projects.

Restricted net assets comprised of \$26.7 million or 28.5 percent of total net assets and are subject to external restrictions on how they may be used. The remaining proceeds from the Jail Expansion, the Conference Center Expansion, and the MBA DMV bond accounted for \$2.5 million, \$9.9 million, and \$1.3 million of the total restrictions, respectively. B-Road and Special Revenues Activities accounted for \$7.6 million of the restriction, while Debt Service restrictions accounted for another \$2.2 million. Unrestricted net assets at December 31, 2006 is approximately \$7.0 million for governmental activities, an improvement of \$4.9 million over 2005. Unrestricted net assets for business activities improved by approximately \$154 thousand in 2006.

Changes in Net Assets

The County's combined net assets increased by approximately \$2.8 million or 3.1 percent from the prior year. The increase is primarily due to the increase in Net Assets of governmental activities. Net assets of business-type activities decreased \$76 thousand which represents a 1.8 percent decrease from its prior ending balances. Before transfer outs, the County's business-type activities, the Golf Course, and Jail Commissary, had an increase in net assets of \$202 thousand. Transfers out of \$279 thousand represented the transfer of \$245 thousand, the net income of the Commissary Fund, and \$34 thousand for administration charges for the Golf Fund to the General Fund. The following charts and schedules summarize the County's revenues and expenses relative to each other and to the prior year.

DAVIS COUNTY, UTAH
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended December 31, 2006

Governmental Activities

Total tax revenues showed continued increases during 2006. General sales taxes increased approximately \$2.0 million or about 15.2 percent. Property taxes increased approximately 3.0 percent due to continued development of residential and commercial real estate throughout the County. Stable interest rate applied to the County's fund balances accounted for the \$1.2 million in interest revenues. Interest earned in 2006 accounted for the major portion of revenues reported in Other General Revenues in the table below. In 2006, sales of fixed assets and land sales of \$295 thousand were comparable to the \$319 thousand in 2005. There was no property tax increase implemented in 2006. The table below shows the comparison of revenue and expenses of governmental activities and business type activities from 2006 compared to 2005.

The table on the next page shows to what extent the County's governmental activities relied on taxes and other general revenues to cover all of their costs. For 2006, these programs generated \$26.0 million or 37.0 percent of their total expenses through charges for services and grants. This amount increased \$1.0 million or 4.0 percent from 2005. Taxes and other general revenues covered the remaining 63.0 percent of expenses.

Business-type Activities

In 2006, Davis County's Golf Courses generated an operating loss of \$42,187. In addition, there was a \$34,000 transfer out to the General Fund for administrative expenses related to the golf courses. Revenue was lower than the prior year by \$115,139 partially due to less rounds played by golfers. Expenses were \$17,246 lower than the prior year due to fiscally responsible management.

The Jail Commissary continues to generate sufficient revenues to cover its operating costs. Net income for 2006 was approximately \$245 thousand, a decrease of 3.5 percent over last year's net income of \$254 thousand. This amount was transferred to the General Fund to help cover Jail operations. Commissary revenue decreased by \$136 thousand while expenses decreased by \$124 thousand. The main reason for the decreases in revenue and expenses was that 2006 was the first full year that the County transferred the operation of the Jail Commissary and inmate food services to Canteen Food Services, a private corporation. Under the arrangements with Canteen, the County receives 33 percent of applicable profits.

CAPITAL ASSETS AND LONG-TERM DEBT ADMINISTRATION

Capital Assets

Davis County added approximately \$18.4 million in new capital assets during 2006, of which approximately \$15.3 million was related to the construction of the Jail Expansion project which was completed in late 2006. Other general capital purchases for buildings, equipment, and improvements comprised the remaining \$3.1 million. Additional information can be found in Note 6 of the Notes to the Financial Statement beginning on page 57.

Long-term Debt

During 2006, Davis County issued \$9.955 million in Sales Tax Revenue bonds for the Conference Center Expansion project. Normally, under generally accepted accounting principles, if material, the premium on the bonds and issuance costs would be capitalized and amortized over the life of the bonds. However, due to favorable lending conditions, these costs were deemed immaterial. At December 31, 2006, Davis County had the following long-term debt outstanding in governmental activities. There was no long-term debt associated with business type activities. Additional information can be found in Note 8 of the Notes to the Financial Statement beginning on page 58.

Davis County Long-term Liabilities December 31,		
	Governmental Activities	
	2006	2005
General Obligation Bonds, net of premiums/discounts	\$ 24,610,000	\$ 26,535,000
Revenue Bonds	17,940,000	8,325,000
Municipal Building Authority Bonds	2,843,000	1,363,000
Lease Purchase Line of Credit	2,665,906	2,949,726
Compensated Absences	2,327,530	2,231,859

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

Fund Balances

At December 31, 2006, Davis County's governmental funds reported combined fund balances of approximately \$33.3 million. Of this amount, approximately \$2.4 million is reserved for B-Roads. The following chart presents the County's 2006 ending fund balances.

Davis County

General Fund

During 2006, the fund balance in the General Fund increased \$783 thousand or 13.5 percent. As the national and local economy continued to improve in 2006, General Fund sales taxes increased by \$1.3 million or 14.4 percent to a total of \$10.5 million; as compared to an increase of \$514 thousand or a 6.1 percent increase in 2005. Property tax revenues for the County increased \$851 thousand or 9.3 percent. Overall, the total General Fund revenues increased \$2.3 million or 5.5 percent. Stable interest rates help stem the decrease in Recorder's fees experienced in the prior year. With the stable interest rates, recording fees for 2006 totaled over \$1.9 million, an increase of \$66 thousand from the prior year.

Total General Fund expenditures increased \$3.4 million or 9.5 percent from 2005 due mainly to the following factors:

- Jail operating expenses increased approximately \$1.0 million, or approximately 12.5 percent in anticipation of staffing and operational needs related to the expanded jail.
- Clerk/Auditor's Office expenditures increased approximately \$615 thousand or 43.5 percent due to expenses associated with the election year and computer related equipment associated with the Help America Vote Act (HAVA).
- Non-departmental expenses increased \$737 thousand over 2005 due to a combination of costs associated with the County's early-retirement program offered to employees, increased interest expenses for annual Tax Anticipation Notes borrowing, and increased general postage mailing and DMV mailing charges from the State of Utah.
- Sheriff Department operation expenses increased \$447 thousand or 4.8 percent due to increased gas and operation costs.
- Capital Outlay expenditures, other than the Jail Expansion, Conference Center Expansion, and the MBA-DMV construction projects continued to be funded at adequate levels. These expenditures remained at a more stable level of \$573 thousand in the General Fund during 2006.
- Most county employees received a 2.25 percent cost-of-living increase, as approved in the 2006 budget.

General fund transfers changed dramatically from the previous year. Year end 2006 transfers in were \$1.879 million, an increase of \$1.2 million from the 2005 level. 2006 transfers in were again generous due to excellent management of the Jail Commissary and the profit sharing arrangement with Canteen Food Services and transfer back of some excess revenues from the paramedic fund.

Transfers out from the General Fund also increased in 2006. The Commission authorized a total of approximately \$7.1 million in transfers to support County operations in Aging Services, Health Services, Flood Control, Paramedics, and Dispatch. This is an increase of approximately \$1.3 million over 2005 due primarily to additional year-end transfers from the General Fund to the Capital Project revolving fund for future capital projects. A complete list of transfer activity can be found in Footnote 5 of the Notes to the Financial Statements.

DAVIS COUNTY, UTAH
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended December 31, 2006

General Fund Budgetary Highlights

Davis County prepares its budget according to state statutes, as described more fully in Note 1.G. The most significant budgeted fund is the General Fund. The County amended the General Fund budget during the year to meet the needs of the departments as issues arose. Significant changes to the original adopted budget included the following:

- The General Fund's tax revenues budget was reduced overall by approximately \$151 thousand to better match the revenues projected through the certified tax rate process.
- The General Fund's department budget was increased \$171 thousand for the USU Ag Extension program budget.
- The Sheriff's department's expenditure budget increased \$212 thousand to for operational supplies and equipment, primarily \$150 thousand for a driving simulator with the costs to be shared with Weber County.
- Various other minor budget changes, from normal day to day activities to meet the needs of the departments, makes up the remainder of changes from original to final budgets.

Actual General Fund revenues were \$45.0 million or approximately 2.6 percent above the original and final budgets. Actual expenditures were approximately \$39.0 million or, approximately \$1.9 million (4.8 percent) and 2.1 million (5.5 percent) below the original and final budgets, respectively. The County was not required to draw upon existing fund balance in the General Fund this year to cover its expenditures

Other Major Funds

During 2006, the Health Fund was budgeted to expend its fund balance of approximately \$907 thousand. As a result, the County's Contribution to the Health department decreased from approximately \$2.0 million in 2005 to \$1.7 million. Actual fund balance at year end is approximately \$34 thousand, a decrease of approximately \$873 thousand from the ending 2005 fund balance. Health Fund total revenues increased by \$48 thousand while expenditures increased by \$518 thousand from the 2005 level. The additional expenditure is partially due to expanded and increased services provided to the citizens of the County. Health department expenditures were also budgeted more at a higher lever in 2006 to meet the projected needs of the County's citizens.

The fund balance in the Tourism Fund increased approximately \$215 thousand to approximately \$2.9 million even after expending the budgeted \$350 thousand for the operations of the Davis County Conference Center. The continued growth in the County sales and tourism related taxes and lower capital spending is the primary reason behind the increase in fund balance. It is expected that the Davis Conference Center and the associated future exhibition hall will be an economic engine that will further stimulate the local economy and the County will reap benefits from its investment through increased tourism, transient room tax, and sales tax revenues. Strong economic growth contributed to the County's tourism related taxes which totaled \$3.5 million in 2006, an increase of \$416 thousand or 13.3 percent over the prior year.

The balance in the Library Fund increased by approximately \$254 thousand, to \$678 thousand. This is due to a combination of planned tax surplus revenue for future library capital projects, additional taxes from the merging of the Kaysville City Library to the County system, and fiscally responsible management.

The fund balance in the Aging Services Fund increased by approximately \$364 thousand, to \$475 thousand in 2006. This is primarily due to synergistic benefits from reorganizing the Aging Services department as a division (Senior Services Division) under the auspices of the Health Department, and fiscally responsible management.

In September, 2006, the proceeds of the \$9.955 million Sales Tax Revenue bond were deposited in a trust account at Zions First National Bank and is accounted for in the Capital Projects / Conference Center Expansion Fund. The construction of the exhibition hall facility is underway. It is expected that the facility will be completed in Spring 2008. In 2006, approximately \$545 thousand was spent on capital construction and other miscellaneous costs. Fund balance at December 31, 2006 for the fund was approximately \$9.9 million.

In 2006, approximately \$15.7 million was spent and is accounted for in construction-in-progress for the Jail Expansion project. At the end of 2006, the Capital Projects / Jail Expansion Fund had an \$2.5 million fund balance which is expected to be expended in 2007 as the project is completed. Inmate occupancy in the expanded facility is scheduled for March, 2007. However, because of certification requirements, hiring and training of additional correctional officers was started in late 2006.

Nonmajor Funds

Davis County's nonmajor funds had a combined fund balance of \$6.0 million. The County's non-major funds include the Flood Fund, E911 Dispatch Fund, Paramedic Fund, Municipal Building Authority and its associated Debt Service Fund, Conference Center Capital Project and its Debt Service Fund, and the Capital Project Fund. In 2006, the County transferred \$1.5 million from the General Fund to the Capital Project Fund. The Fund balance for this fund at the end of the year was approximately \$3.2 million and will be used for future capital projects. The MBA-DMV Capital Project Fund, a new fund set up for 2006, accumulated \$1.3 million fund balance which is expected to be used in 2007 to fund the construction of the DMV building. The fund was funded through the issuance of a \$1.626 million dollar bond. In

DAVIS COUNTY, UTAH
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended December 31, 2006

2006, capital expenditures and miscellaneous expenditures was approximately \$232 thousand. The Paramedic Fund maintains a accumulated \$538 thousand fund balance which is expected to be used in 2007 to fund the County's four paramedic units. The E-911 Dispatch fund also retains a fund balance of \$597 thousand. This fund balance is projected to be used in the fund's 2007 budget.

OTHER MATTERS

The 2006 County CAFR includes one additional fund, Capital Project / MBA-DMV Construction Fund. This fund administers the monies put aside for the construction of the DMV building authorized through the County's Municipal Building Authority.

During the 2006 General Sessions of the Utah State Legislature, lawmakers made changes to the Utah Code that will impact Davis County's future financial position. Highlights of some of the changes are as follows:

- The uniform statewide fee on motor homes was reduced to 2.25%, effective January 1, 2006, and downward, to 1%, effective January 1, 2008. Tax on tangible personal property, such as recreation vehicles, personal watercrafts, and snowmobiles are now on an aged-based fee system.
- The Veteran Abatement's ceiling was increased to \$206,000 of taxable value for personal and primary residence. This amount will continue to be adjusted in the future by the consumer price index (CPI) of the preceding year. Property tax relief for veteran abatements countywide and statewide increased significantly.
- Sales tax reduction for unprepared food was introduced in the 2006 legislative session. Implemented in 2006, the taxes for unprepared food was reduced by 2 percent.
- Legislation passed to increase the maximum tax rate of the allowed County Transient Room Tax (TRT) for counties from a maximum of 3 percent to 4.25 percent. County officials implemented the additional 1 ¼ percent to use for the Davis Conference Center expansion.

In addition, legislation passed during the 2007 Legislative Sessions of the Utah State Legislature that may impact Davis County's future financial position includes the following:

- Legislation was enacted which changed the property tax treatment of the first \$3,500 in personal property for those with less than \$3,501 in personal property. The legislature exempted the tax, if a tax-payer applies for the reduction.
- Legislation was enacted which created a Military Installment Redevelopment Authority (Military RDA). Like normal RDA increments, the Military RDA will enhance development of commercial areas around military bases; in Davis County, it will primarily be Hill Air Force Base. It is planned once underway, seventy-five percent of increment tax dollars in the Military RDA will be given to the Military Installation Development Authority and will be passed on to the Cities for infrastructure improvements.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, and creditors with a general overview of Davis County's finances and to demonstrate the County's accountability for the money it receives. It is available on the County's Clerk/Auditor's website at www.daviscountyutah.gov. Questions concerning any of the information in this report or any other matters related to the County's finances should be addressed to:

Governmental Fund Financial Statements

General Fund

This fund is the principal operating fund of the County. It accounts for all financial resources of the government except those required to be accounted for in another fund.

Health Fund

This fund accounts for taxes levied, grants, and other revenues and expenditures by the County to provide health services.

Tourism Fund

This fund accounts for transient room tax, restaurant tax, car rental tax, and other revenues and expenditures of the County related to the promotion and development of tourism within the County.

Library Fund

This special revenue fund accounts for the operation of the County's main library and its four branches. The Library Fund's principal revenue source is property taxes.

Aging Services Fund

This fund accounts for all activities of the Aging Services Department. It includes services provided for senior citizens and also for the Tri-County Weatherization projects managed by the County.

Special Services Area Fund

This fund accounts for revenues and expenses related to providing municipal type services in the unincorporated areas of Davis County. In addition, it includes the County's B-Roads and the Vehicle Service Department.

General Obligation Debt Fund

This fund accounts for the accumulation of property taxes for the payment of principal, interest, and related costs of the County's general obligation bonds.

Capital Projects / Davis Conference Center Construction Fund

This fund accounts for the revenue and expenses related to the construction of the Davis Conference Center Exhibition Hall expansion.

Capital Projects / Jail Construction Fund

This fund accounts for the cost of construction of the Davis County Jail expansion.

Nonmajor Governmental Funds

Nonmajor governmental funds are presented individually beginning on page 79.

DAVIS COUNTY**EXHIBIT D****RECONCILIATION OF THE BALANCE SHEET -- GOVERNMENT FUNDS
TO THE STATEMENT OF NET ASSETS
DECEMBER 31, 2006**

Total fund balance -- governmental funds \$ 33,289,129

Amount reported for governmental activities in the statement of net assets are different because:

Capital Assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. These assets consist of:

Land and related non-depreciable assets	28,785,091	
Construction in progress	25,476,931	
Depreciable Infrastructure	17,985,467	
Buildings, equipment, and other depreciable assets	67,160,388	
Accumulated Depreciation	<u>(35,527,078)</u>	
Total Capital Assets		103,880,799

Deferred Charges - MBA payments 1,217,000

Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of those internal service funds that primarily benefit governmental entities are included with governmental activities in the statement of net assets. 2,191,609

Some liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of:

Bonds and Line of Credit	(48,058,906)	
Accrued Interest	(612,383)	
Compensated absences	<u>(2,327,530)</u>	
Total Long-Term Debt		<u>(50,998,819)</u>

Total net assets --- governmental activities \$ 89,579,718

See notes to financial statements.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES --
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2006**

Net change in fund balance -- total governmental funds \$ (3,345,682)

Amount reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Capital purchases (\$18,411,177) exceeded depreciation (\$3,113,418) during the current period. 15,297,759

Accrued interest on long term debt is not reported as an expenditure for the current period in the fund statement but is recorded as an expense in the statement of activities. This represents the current year's change in the amount of accrued interest. (247,667)

The long-term portion of the liability for compensated absences is not recorded in the fund level, but is reported in the statement of net assets. This is the current year change in the liability, reported as an expense in the statement of activities (95,671)

Repayment of debt is reported in the statement of revenues, expenses, and changes in fund balances but not reported as an expense in the statement of activities. 2,548,820

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities. 340,606

Issuance of debt - Jail Expansion Bonds. Government fund statements account for this transaction as other financing sources while they are accounted for as liabilities on the entity wide financial statements. (11,581,000)

Changes in net assets of governmental activities \$ 2,917,165

See notes to financial statements.

Proprietary Fund Financial Statements

Golf Course Fund

This fund accounts for the operation and financial resources of the two county-owned golf courses - Davis Park and Valley View Golf Course. Revenues come from green fees and other charges to users of the facilities.

Jail Commissary Fund

This fund accounts for the commissary activities related to the operation of the County Jail inmates.

Governmental Activities – Internal Service Funds

These funds account for certain activities that are charged to the other departments on a cost-reimbursement basis. The County maintains internal service funds for Insurance, Telephone, and Buildings and Grounds.

DAVIS COUNTY, UTAH
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2006

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Davis County (the County) conform in all material respects to generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). Preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. As discussed in Note 2, the County implemented significant new financial reporting standards for the year ended December 31, 2003.

The following is a summary of the County's significant accounting policies.

A. Reporting Entity

The County is incorporated under the constitutional provisions of the State of Utah. The County operates under a Commission form of government where the three-member elected Commission has budgetary authority over all county departments and is accountable for all fiscal matters. County property taxes and sales taxes fund a significant portion of the costs of providing services to citizens including public safety, public health, judicial services, public works, social services, tourism promotion, libraries, assessing and collecting property taxes, and general administrative services.

The Comprehensive Annual Financial Report (CAFR) of the County includes the financial statements for all activities of the County based on the criteria set forth in GASB Statement 14. The primary criteria for including a board or agency in the CAFR is financial accountability, meaning the County appoints a majority of an organization's governing body *and* either 1) the County can impose its will on the organization, or 2) the organization has the potential to provide specific financial benefits to, or impose specific financial burdens on the County. Other criteria include whether a board or agency is fiscally dependent on the County or whether the relationship with the organization is such that it would be misleading to exclude it from the County's financial statements.

Blended component units, although legally separate entities, are in substance part of the government's operations. They are reported as part of the primary government and blended with the appropriate funds. Discretely presented component units are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the County.

Blended Component Units

The Municipal Building Authority of Davis County is governed by a three-member board comprised of the County Commissioners. Its sole purpose is to finance public facilities. Activities for the Municipal Building Authority are blended with the County's special revenue funds and debt service funds. Separate financial statements are not issued or required for the Authority.

The Municipal Building Authority is considered to be a blended component units because the governing body is the same as the governing body of Davis County.

Discretely Presented Component Units

Davis Behavioral Health (DBH) - Although the County is named as the legal behavioral health authority by State law, the County has contracted with DBH to deliver these services. DBH provides complete evaluation and treatment for behavioral health and substance abuse. The County provides significant support to these behavioral health services. Payments during 2006 were \$750,000 and pass through grants were \$4,931,317. Related party items at December 31, 2006 consisted of \$619,408 accounts payable from the County to DBH.

DBH has been determined to be a discretely presented component unit of the County. DBH is a nonprofit corporation exempt from federal tax under Section 501(c)(3) of the Internal Revenue Code. The basic criterion for including DBH as a component unit is the financial statements may be misleading if Davis Behavioral Health were not included. Separate financial statements for DBH may be obtained from Davis Behavioral Health, 291 South 200 West, Farmington, Utah 84025.

Wasatch Integrated Waste Management District (WIWMD) - Wasatch Integrated Waste Management District (WIWMD) is a regional refuse incinerator. It services the entire area of Davis County except Bountiful City and also all of Morgan County. Energy created from the refuse incineration is sold to Hill Air Force Base in the form of steam. WIWMD is a special service district created by the County to construct and operate the waste to energy incinerator plant.

WIWMD has been determined to be a discretely presented component unit of the County. The County has a minority position in the management of WIWMD. Only three of the nineteen trustee positions are held by the County Commission. The basic criterion for including WIWMD as a component unit is that WIWMD is fiscally dependent on the County. The County Commission created WIWMD and has the authority to dissolve the entity. Separate financial statements for WIWMD may be obtained from Wasatch Integrated Waste Management District, 650 East Highway 193, Layton, Utah 84041.

The presentations for Davis Behavioral Health and also Wasatch Integrated Waste Management District are as of their fiscal year-ends, June 30, 2006.

The County Commissioners are also responsible for appointing or approving the members of the boards of other organizations, but the County's accountability for these organizations does not extend beyond making the appointments.

DAVIS COUNTY, UTAH
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2006

B. Government-wide And Fund Financial Statements

The County's basic financial statements consist of both government-wide statements and fund statements. The government-wide statements focus on the County as a whole, while the fund statements focus on individual funds.

Government-wide Financial Statements

The government-wide statements present information on all non-fiduciary activities of the primary government and its component units. Primary government activities are distinguished between *governmental* and *business-type* activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. The effects of interfund activity have been eliminated from the government-wide statements except for the residual amounts due between governmental and business-type activities.

The *Statement of Net Assets* presents the County's non-fiduciary assets and liabilities, with the difference reported as net assets. Net assets are restricted when constraints placed upon them are either externally imposed or are imposed by constitutional provisions or enabling legislation. The *Statement of Activities* demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. The County does not allocate general government (indirect) expenses to other functions. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other revenues not meeting the definition of program revenues are reported as general revenues.

Fund Financial Statements

The financial transactions of the County are recorded in individual funds. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is used to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. Separate statements are provided for *governmental*, *proprietary*, and *fiduciary funds*. For governmental and proprietary funds, the emphasis is on *major funds*, with each displayed in a separate column.

The County reports the following major governmental funds:

- **General Fund** – This fund is the principal operating fund of the County. It is used to account for all financial resources not required to be accounted for in another fund.
- **Health Fund** – This special revenue fund accounts for all activities of the County Health Department.
- **Tourism Fund** – This special revenue fund accounts for operations funded by the County levied tourism taxes
- **Library Fund** – This special revenue fund accounts for the operations of the County's main library and three branches.
- **Aging Services Fund** – This special revenue fund accounts for all activities of the Aging Services Department. It includes services provided for senior citizens and also for the Tri-County weatherization projects managed by the County.
- **Special Service Area Fund** – This special revenue fund accounts for municipal type services that the County provide in unincorporated Davis County.
- **General Obligation Debt Service Fund** – This fund accounts for the accumulation of property taxes for the payment of principal, interest, and related costs on the County's general obligation bonds.
- **Capital Projects / Conference Center Expansion Construction Fund** – This fund accounts for the construction of the Davis Conference Center Expansion project which was funded by a \$9,955,000 sales tax revenue bond issued in 2006.
- **Capital Projects / Jail Expansion Construction Fund** – This fund accounts for the construction of the Davis County Jail Expansion project which was funded by a \$24,800,000 general obligation bond issued in 2005.

Davis County's nonmajor governmental funds accounts for specific revenue sources that are legally restricted to expenditures for specific purposes. Funds included are Flood Control, E-911 Dispatch, Paramedic, Municipal Building Authority Operations, Municipal Building Authority Debt Service, Capital Projects/ MBA DMV Construction, and Capital Projects/Revolving funds. The nonmajor funds are grouped together in a single column in the basic financial statements, and they are displayed individually in the combining statements.

The County reports the following proprietary funds:

- **Golf Courses Fund** – This fund accounts for the operations of the County owned golf courses.
- **Commissary Fund** – This fund accounts for the sale of items available to inmates in the jail.

DAVIS COUNTY, UTAH
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2006

- **Internal Service Funds** – These funds account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County maintains internal service funds for risk management (insurance), telephone systems, and buildings and grounds operations. Internal service funds are reported in a single column on the proprietary fund statements and are combined with governmental activities on the government-wide statements. They are also displayed individually in the combining statements.

The County reports the following fiduciary funds:

- **County Agency Fund** – This fund accounts for the receipt and disbursement of monies passed through the County to other entities.
- **Treasurer's Tax Collection Agency Fund** – This fund accounts for the collection and disbursement of property taxes for all taxing entities in Davis County.
- **Employee Benefits Agency Fund** – This fund accounts for monies held by the County in the payroll process until paid out for taxes, insurances, bonds, etc.

C. Measurement Focus And Basis Of Accounting

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the related liability is incurred, regardless of the timing of the cash flows. Property taxes are recognized as revenues in the year for which they are levied. Other taxes and fees are recognized in the year in which the related sales or other activity has occurred. Grants and similar items are recognized as revenue when all eligibility requirements have been met.

The proprietary fund statements are also prepared using the economic resources measurement focus and the accrual basis of accounting. Fiduciary funds do not have a measurement focus but are prepared using the accrual basis of accounting. Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues generally result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating items, such as interest expense and investment earnings, result from non-exchange transactions or ancillary activities.

For business-type activities and enterprise funds, the County follows all GASB pronouncements and all Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989 unless those standards conflict with a GASB pronouncement.

The governmental fund financial statements are prepared and reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Expenditures are generally recorded when the related liability is incurred.

D. Assets, Liabilities, And Fund Balances/ Net Assets

Following are the County's significant policies regarding recognition and reporting of certain assets, liabilities, and equity.

Cash and Investments

Cash and cash equivalents consist primarily of demand deposits with financial institutions and short-term investments with original maturities of three months or less from the purchase date. Investments include non-pooled investments and certificates of deposit with original maturities greater than three months. All cash equivalents and investments are stated at fair value.

Accounts Receivable

Receivables from other governments are reasonably assured; accordingly, no allowance for uncollectible accounts has been established.

Taxes Receivable

Taxes receivable include accrued amounts for sales taxes and delinquent property taxes. Property taxes attach as an enforceable lien on property on January 1st of each year. Taxes are levied on property owners in July and are payable by November 30th. The County bills and collects property taxes for all taxing entities within the county through the Treasurer's Tax Collection Agency Fund. Collections are periodically distributed to the taxing entities, with final settlement due March 31st of the subsequent year. The County records a receivable and deferred revenue for delinquent taxes, but no allowance for doubtful accounts is made as uncollected taxes are deemed to be substantially collectible or recoverable through foreclosure.

Inventories and other assets

Inventories are valued at cost using the FIFO method and are accounted for under the consumption method. Inventories in governmental funds are offset by a fund balance reserve that indicates they do not constitute "available spendable resources," even though they are a component of net current assets.

Amounts paid to vendors for goods and services applicable to future accounting periods are recorded as other assets.

Capital Assets

The County defines capital assets as assets with an initial cost of \$5,000 or more and an estimated useful life of more than one year. Such assets are recorded at historical cost or estimated historical cost where historical cost information is not available. Donated capital assets are recorded at estimated fair value on the date of donation.

DAVIS COUNTY, UTAH
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2006

Capital assets purchased by governmental funds are recorded as expenditures in the governmental fund statements. Interest expense for capital asset construction related to governmental activities is not capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Infrastructure improvements, buildings, and equipment are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Years</u>
Infrastructure Improvements	30
Buildings	40
Equipment	5 - 10

Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Compensated Absences and Post-employment Benefits

County employees accrue vacation leave up to a maximum of 360 hours according to the following schedule:

<u>Years of Service</u>	<u>Hours Accrued Per Pay Period</u>
0 – 5 years	4.00 (13 days per year)
6 – 10 years	4.93 (16 days per year)
11 – 15 years	5.85 (19 days per year)
Over 15 years	6.77 (22 days per year)

Employees are allowed to carry up to 360 hours of unused vacation leave into the next calendar year, and all unused vacation leave is paid to employees upon termination. Employees may also earn compensatory time but only at the discretion of the employee's supervisor. The rate is one and one-half hours for each hour worked, with a maximum of 80 hours that can be accrued.

Vacation and compensatory leave are recorded as an expenditure when used in governmental funds and as an expense when earned in proprietary funds and in the government-wide statements. A liability for unused vacation and compensatory leave is recorded in the government-wide Statement of Net Assets.

Permanent full-time employees accrue sick leave at a rate of 3.7 hours for each two-week pay-period while part-time merit employees accrue sick leave at a pro-rated portion. There is no limit to the amount of sick leave accumulated. Once each year an eligible employee can convert 1/3 of that year's unused sick leave to vacation hours or pay. Sick leave is recorded as an expenditure/expense when used in all funds, and no liability is recorded for unused sick leave.

Upon retirement, the County may pay the employee up to 1/3 of unused accumulated sick leave hours. The employee may also use this amount to acquire health insurance. The County may also pay for premiums to maintain health and dental insurance coverage.

Expenditures for post-employment healthcare are recognized as premiums are paid. During 2006 Davis County incurred \$221,284 in such expenditures for 45 former employees, 40 of whom were still eligible for post-employment benefits as of December 31, 2006.

Long-term Obligations

In the government-wide statements and proprietary fund statements, long-term debt and other long-term obligations are reported as liabilities. When material, bond premiums, discounts, and issuance costs are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the governmental fund financial statements, bond premiums, discounts, and issuance costs are recognized as expenditures in the current period. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. The face amount of debt issued is reported as other financing sources.

Net Assets/Fund Balances

The difference between assets and liabilities is *net assets* on the government-wide, proprietary fund, and fiduciary fund statements, and *fund balance* on the governmental fund statements.

In the governmental fund statements, fund balances are classified as reserved or unreserved. Reserves represent those portions of fund balance that are not appropriable for expenditure or are legally segregated for a specific future use. Unreserved fund balances are available for future appropriation, though some portions may be designated to represent management's tentative plans for specific future uses.

DAVIS COUNTY, UTAH
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2006

E. Revenues and Expenditures

Following are the County's significant policies related to recognition and reporting of certain revenues, expenditures.

Revenue Availability

Under the modified accrual basis of accounting, revenues are considered to be available when they are collected within the current period or expected to be collected soon enough thereafter to pay liabilities of the current period. Davis County considers property tax revenues to be "available" if they are collected by the Treasurer's Tax Collection Agency Fund before year-end. Grants and similar items are recognized as revenue when all eligibility requirements have been met. All other revenues, including sales taxes, are considered to be available if they are collected within 60 days after year-end.

Expenditure Recognition

In governmental funds, expenditures are generally recorded when the related liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Capital asset acquisitions are reported as expenditures, and proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

In proprietary funds and government-wide statements, expenses are recorded when the related liability is incurred. Proprietary funds distinguish operating expenses from nonoperating expenses. Operating expenses generally result from providing services in connection with the fund's principal operations. When an expenditure is incurred for purposes for which both restricted and unrestricted resources are available, the County generally uses restricted resources first, then unrestricted resources.

F. Interfund Activity and Balances

Government-wide Statements

In general, eliminations have been made to minimize the double counting of internal activity, including internal service fund type activity. However, interfund services provided and used between different functional categories have not been eliminated in order to avoid distorting the direct costs and program revenues of the applicable functions. Interfund receivables and payables have been eliminated from the Statement of Net Assets, except for the residual amounts due between governmental and business-type activities, which are shown as "internal balances."

Governmental Fund Statements

Interfund transactions for goods and services provided and used are reported as revenues and expenditures/expenses in the funds involved. Cash transfers between funds of the County are reported as other financing sources and uses in the governmental fund statements.

G. Budgeting and Budgetary Control

Annual budgets are prepared and adopted before December 31 for the calendar year commencing the following January 1 in accordance with the Uniform Fiscal Procedures Act for Utah Counties. Once a budget has been adopted, it remains in effect until it has been formally revised. If any obligations are contracted for in excess of the adopted budget, they are not a valid or enforceable claim against the County. Budgets are adopted on a basis consistent with generally accepted accounting principles.

Adopting the Annual Budget

Each Fall the Clerk/Auditor submits a tentative operating budget to the County Commission for the calendar year commencing the following January 1st. The operating budget includes proposed expenditures and the means of financing them. The tentative operating budget is reviewed and tentatively adopted by the County Commission on or before November 1st.

Prior to December 31, the County Commission sets a date for a public hearing at which time the taxpayers' comments are heard. Copies of the proposed budget are made available for public inspection ten days prior to the budget hearing. After the budget hearing, the tentative budget, with any amendments is legally enacted through passage of a resolution. A copy of the budget is certified by the Clerk/Auditor and filed with the State Auditor within thirty days of adoption. A copy of the budget is available to the public after adoption.

Control of budgeted expenditures is exercised, under state law, at the department level. Administrative control is maintained through detailed line-item budgets for all departments. All appropriations lapse at the end of the calendar year.

Budgets for the General Fund, special revenue, debt service, and capital projects funds are legally required and are prepared and adopted on the modified accrual basis of accounting. Budgets for proprietary funds are not legally required.

Modifying the Adopted Budget

Transfers of unexpended appropriations from one expenditure account to another in the same department can be made by consent of the department heads. Transfers of unexpended appropriations from one department to another department, as well as budget reductions for any department, may be made with consent of the Commission. Expenditure appropriations of the General Fund may be increased by resolution only after a public hearing. Any other fund appropriation may be increased after giving public notice that the County Commission will consider such a matter. Notice must be published seven days in advance of the meeting to consider the action. During 2006, the County modified various budgets using the above procedure.

DAVIS COUNTY, UTAH
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2006

NOTE 2. ACCOUNTING CHANGES AND RESTATEMENTS

A. GASB Statement No. 44 – Economic Condition Reporting: The Statistical Section

Davis County has implemented GASB Statement 44, Economic Condition Reporting: The Statistical section. As a result, the format of the statistical section starting on page 112 has been modified to incorporate GASB 44 requirements.

B. New Capital Project / DMV MBA Construction Bond Fund

On May 11, 2006, the County issued through its Municipal Building Authority, a Lease Revenue Bond in the amount of \$1.626 million (“DMV MBA Bond”) for the construction of a DMV building for the State of Utah. The Construction of DMV project will begin in Spring, 2007 and is expected to be completed around October, 2007. The Construction is tracked using the new DMV MBA Capital Project Fund.

C. Capital Project / Davis Conference Center Expansion Project Fund

On September 12, 2006, the County issued a Sales Tax Revenue Bond in the amount of \$9.955 million for the expansion of the Davis Conference Center for an exhibition hall (“DCC Expansion Bond”). The Construction of DCC Expansion project will begin in the Spring of 2007 and is expected to be completed around December, 2006. The Construction is tracked using the Conference Center Capital Project Fund.

NOTE 3. DEPOSITS AND INVESTMENTS

Deposits and investments for Davis County are regulated by the Utah Money Management Act (*Utah Code Annotated*, Title 51, Chapter 7, “the Act”) and by rules of the Utah Money Management Council (“the Council”). Following are discussions of the County’s exposure to various risks related to its cash and investments activities.

A. Custodial Credit Risk

Deposits. Custodial credit risk for deposits is the risk in the event of a bank failure, the County’s deposits may not be recovered. The County’s policy for managing custodial credit risk is to comply to the Money Management Act. The Act requires all deposits of County funds to be in a *qualified depository*, as defined as a financial institution whose deposits are insured by an agency of the federal government and which is certified by the Utah State Commissioner of Financial Institutions as meeting the requirements of the Act and complying to rules of the Utah Money Management Council.

The County’s deposits in financial institutions in excess of the amounts insured by the Federal Deposit Insurance Corporation (FDIC) or National Credit Union Association (NCUA) are uninsured and are not collateralized, nor are they required to be collateralized by state statutes. The County’s deposits on December 31, 2006 were \$20,954,930, of which \$20,754,930 were uninsured and uncollateralized.

Investments. Custodial credit risk for investments is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments that are in the possession of an outside party. The County does not have a formal policy specific to custodial credit risk of investments. However, general risk is addressed in the adopted Investment Policy. Even though the County has held investments other than those in the Public Treasurers’ Investment Pool (PTIF) (investment pool managed by the Utah State Treasurer), such as commercial paper and medium-term notes, no investments outside the PTIF were held by the County during the calendar year 2006.

B. Credit Risk

Credit risk is the risk that the counterparty to an investment transaction will not fulfill its obligations. The County’s policy for limiting credit risk of investments is to comply with the Money Management Act. The Act requires investments transactions to be done only through qualified depositories, certified dealers, or directly with issuers of the investment securities. Permitted investments include deposits of qualified depositories; repurchase agreements; commercial paper classified as “first-tier” by two nationally recognized statistical rating organizations, one of which must be Moody’s Investor Services or Standard & Poors; bankers acceptances; obligations of the U.S. Treasurer and U.S. government sponsored enterprises; bonds and notes of political subdivisions of the State of Utah; fixed rate corporate obligations and variable rate securities rated “A” or higher by two nationally recognized statistical rating organizations; and shares in money market fund as defines by the Act.

The County is also authorized to invest in the Utah Public Treasurer’s Investment Fund (PTIF), an external pooled investment fund managed by the elected Utah State Treasurer and staff. It is also subject to the Utah Money Management Act and Utah Money Management Council rules. The PTIF is restricted to public funds of public entities within the state of Utah. The PTIF is not registered with the Securities and Exchange Commission as an investment company, and deposits in the PTIF are not insured or guaranteed by the State of Utah. The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses, net of administration fees of the PTIF are allocated based on the participants’ average daily balances. The value of the PTIF is approximately equal to the value of the pool shares. The County’s investments as of December 31, 2006 are shown on the following page.

DAVIS COUNTY, UTAH
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2006

<u>Investment Type</u>	<u>Value</u>	<u>Maturity</u>	<u>Quality/Rating</u>
PTIF (General County)	\$11,149,769	69 days*	not rated
PTIF (Jail bond proceeds)	<u>\$ 2,709,444</u>	69 days*	not rated
Total	<u>\$13,859,213</u>		

* Weighted-average maturity, as reported by the PTIF

C. Interest Rate Risk

Interest rate risk is the risk that the value of an investment will be adversely affected by changes in market investment rates. The County manages exposure to declining value by investing primarily in the PTIF and by complying with the Act. The Act requires the remaining term to maturity of investments may not exceed the period of the availability of the funds to be invested. The Act further limits the remaining time to maturity of commercial paper to 270 days or less and fixed rate negotiable deposits and corporate obligations to 265 days or less. Maturities of the County's investments are noted in the previous table.

D. Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The County manages this type of risk by compliance with the Act and rules of the Utah Money Management Council. Rule 2 of the Council limits investment in certain endowments and funds. Rule 17 of the Council limits investment with a single issuer of commercial paper and corporate obligations to between 5 and 10 percent, depending upon the total dollar amount held in a government's portfolio at the time of the purchase.

NOTE 4. INTERFUND BALANCES AND LOANS

Interfund balances arise as the pooled-cash balance of a specific fund becomes negative, thus technically drawing on the pooled-cash of other funds. Interfund balances and loans at December 31, 2006 consisted of the amounts below:

Major Funds:	
General Fund	424,148
Tourism Fund	702,248
Total Due From Other Funds	<u>\$ 1,126,396</u>
Major Fund:	
Health Fund	702,248
Enterprise Fund:	
Golf Fund	424,148
Total due to other funds	<u>\$ 1,126,396</u>

The amount owed from the Enterprise - Golf Course Fund to the General Fund is shown as an internal balance in the entity wide Statement of Net Assets (Exhibit A).

NOTE 5. INTERFUND TRANSFERS

Transfers between funds occur primarily to finance programs accounted for in one fund with resources collected in other funds in accordance with budgetary authorizations. For Davis County, transfers from the General Fund are made as the County's general taxing commitment to state and federal Aging Services and Health programs and also to county dispatch and flood control programs. The transfers from the Golf Courses Fund to the Capital Projects / Revolving Fund are made to repay the monies used in 2002 for the Golf Course to expand the clubhouse at Davis Park. Interfund transfers for the year ended December 31, 2006 are shown on the table on the next page.

DAVIS COUNTY, UTAH
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2006

	Transfer In		Transfer Out	
Major Funds:				
General Fund	\$ 1,879,143	a, c, f, k	\$ 7,090,416	b
Health Fund	1,735,000	b

DAVIS COUNTY, UTAH
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2006

NOTE 7. SHORT-TERM DEBT

On July 5, 2006, Davis County issued \$9 million of tax anticipation notes at 3.7 percent interest. This short-term borrowing was necessary to meet operating needs prior to collection of property taxes in November. Total interest on these notes was \$194,625, and total principal and interest on the notes was paid in full on December 28, 2006.

NOTE 8. LONG-TERM LIABILITIES

A. Changes in Long-term Liabilities

Changes in long-term liabilities for the year ended December 31, 2006 were as follows:

	Long-term Liabilities				
	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year *
Governmental Activities:					
General Obligation Bonds	\$ 26,535,000	\$ —	\$ 1,925,000	\$ 24,610,000	\$ 865,000
Revenue Bonds	8,325,000	9,955,000	340,000	17,940,000	540,000
Municipal Building Revenue Bonds	1,363,000	1,626,000	146,000	2,843,000	203,000
Lease/Purchase line of credit	2,949,726	—	283,820	2,665,906	276,238
Compensated Absences	2,231,859	1,646,287	1,550,616	2,327,530	232,753
Total Governmental Long-term Liabilities.	<u>\$ 41,404,585</u>	<u>\$ 13,227,287</u>	<u>\$ 4,245,436</u>	<u>\$50,386,436</u>	<u>\$ 2,116,991</u>

The compensated absence liability of governmental activities is liquidated in the General Fund, special revenue fund, or internal service fund where the related employing department operates.

* The total Due Within One Year portion of the Long-term Debt differ from that reported in the Statement of Net Asset by the short-term portion of compensated absences for the Internal Service Fund of \$1,646.

Business-type Activities:

(There is no debt associated with the Business-type Activities of Davis County.)

Additional information related to these long-term liabilities is found in the following tables including debt service requirements to maturity

B. General Obligation Bonds

On January 10, 2005, the County issued a General Obligation Bond in the amount of \$24.8 million for the expansion of the Davis County Jail ("Jail Expansion Bond"). The Bonds were rated "Aaa" by Moody's Investors Services. The Bond principal and interest payments are due and payable semi-annually in February and August of each year. Principal payments on the 20-year bond began in February, 2006. The interest rates on the bond ranges from 3.00% in 2005 to 4.75% in 2025. The "True Interest Rate" of the Bond is 4.18% with the first interest payment due and payable on August 1, 2005. General Obligation Bonds Payable at December 31, 2006 consists of the following:

General Obligation Bonds Payable				
Issue Date	Maturity Date	Interest Rate	Original Amount	Balance December 31, 2006
2005 Jail Expansion Bonds	1/11/05	2/1/25	3.00% - 4.75%	\$24,800,000
				24,610,000
Total General Obligation Bonds Payable, net				<u>\$ 24,610,000</u>

C. Sales Tax Revenue Bonds

On September 12, 2006, the County issued \$9,955,000 in revenue bonds to finance the construction of the Davis Conference Center Expansion Project. The Bonds were rated “AAA” by Standards & Poors. The Bond principal and interest payments are due and payable semi-annually in February and August of each year. Principal payments on the 20-year bond will begin in October, 2007. The interest rates on the bond range from 4.00% in 2007 to 4.375% in 2027. The “True Interest Rate” of the Bond is 4.18% with the first interest payment due and payable on April 1, 2007. Due to favorable lending conditions, the premium on the Conference Center Expansion Bond and issuance costs were not deemed material. Normally under generally accepted accounting principles, if material, bond premiums and issuance costs would be capitalized and amortized over the life of the bonds. Revenue Bonds Payable at December 31, 2006 consists of the following:

Sales Tax Revenue Bonds Payable

E. Lease / Purchase line of credit

On January 22, 2002 Davis County entered into a financing agreement with Zions First National Bank to provide a maximum of \$5,400,000 to pay for preliminary site improvements on a jail expansion and other small projects. The lease requires annual appropriations by the County Commission and is secured by the improvements that are being constructed. The interest rate is variable at 70 percent of the Prime Lending Rate of the Bank. Lease payments are made annually in January. The balance of the line of credit at 12/31/2006 is \$2,327,530.

NOTE 9. FUND BALANCES

Reserved

Davis County's reserved fund balances represent amounts that are legally restricted for specific purposes by external contracts, bond agreements, or county ordinances. Fund balances are also reserved for encumbrances, inventories, and interfund loans as these amounts are not available for future appropriation or expenditure. The purposes for the reservations are noted on the face of the statements.

NOTE 10. RETIREMENT PLANS

A. Pension Plans

Davis County contributes to the Local Government Noncontributory Retirement System, and the Public Safety Retirement System, and the Public Service Contributory Retirement System, (collectively, the Systems), all of which are cost-sharing multiple-employer defined benefit pension plans. The Systems are administered by Utah Retirement Systems (URS) under the direction of the URS Board, which consists of the State Treasurer and six members appointed by the governor. URS is established under and governed by Title 49 of *Utah Code Annotated, 1953*, as amended (UCA). URS publishes an annual financial report that includes financial statements and required supplementary information for all retirement systems and deferred compensation plans administered by it. Copies of the report may be obtained by writing to Utah Retirement Systems, 560 East 200 South, Salt Lake City, Utah 84102; by calling 1-800-365-8772; or by visiting www.urs.org.

Retirement benefits, as specified by UCA Title 49, cover substantially all employees of the State, public education, and other political subdivisions of the State. Only the State Legislature can modify benefits. The Systems provide pension, death, and disability benefits for employees who meet all eligibility requirements. Employees are eligible for retirement benefits upon attainment of the age specified for their employment classification or a combination of age plus years of service. A brief summary of eligibility, benefits, and contribution rates of the Systems is provided in the table below.

DAVIS COUNTY, UTAH

NOTES TO THE FINANCIAL STATEMENTS

Year Ended December 31, 2006

Expenditures or expenses for retirement costs are recorded in the County's funds as contributions are made to the Systems. Contributions made each year were equal to the contributions required by the County's contract with URS. Therefore, the County has no liability for pension obligations.

	General Government	Public Safety System
	Non contributory System	Contributory System Non contributory System
Highest Average Salary	Highest 3 Years	Highest 3 Years

2004	\$ 1,837,943	\$ 42,684 \$ 1,263,350

(a) Requires full actuarial reductions

B. Deferred Compensation Plans

The County participates in a 401(k) Plan and a 457 Plan (collectively, the Plans), both of which are defined contribution plans administered by URS. The Plans are in addition to the retirement benefits outlined above. Voluntary contributions may be made to the Plans subject to URS and Internal Revenue Service limitations. The County contributes a matching amount up to 5.0 percent of eligible employees' salaries to the 401(k) Plan, and employees may contribute to both Plans up to maximum percentages allowed by IRS regulations.

Account balances of the Plans are fully vested to the participants at the time of deposit. All assets and income of the Plans are held by URS for the exclusive benefit of the participants or their beneficiaries. For the year ended December 31, 2006, Davis County contributed \$1,693,806 to employees' 401(k) Plans.

NOTE 11. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County purchases commercial insurance through the Utah Counties Insurance Pool to mitigate the costs of these risks. The County's responsibility extends only to payment of premiums, and deductibles are \$500 for general liability claims and \$1,000 for auto physical damage. The amount of settlements has not exceeded insurance coverage since the inception of commercial insurance coverage in 1998. The County also purchases a \$10,000,000 excessive policy from States Insurance.

The County maintains the Risk Management Fund (an internal service fund) to account for the cost of commercial insurance and to finance its risk of losses not covered by insurance. All departments of the County make payments to the Risk Management Fund based on estimates of each department's insurable risks of loss and on amounts needed to pay prior and current-year uninsured claims.

DAVIS COUNTY, UTAH
NOTES TO THE FINANCIAL STATEMENTS
Year Ended December 31, 2006

NOTE 12. LITIGATION AND CONTINGENCIES

The County records liabilities resulting from claims and legal actions when they become fixed or determinable in amount. The County is currently the defendant in several pending lawsuits. Legal counsel is of the opinion that potential claims against the County resulting from such litigation not covered by insurance do not pose a threat of significant liability to the County.

The County has received several federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Based upon prior experience, the County believes such disallowances, if any, will be immaterial.

NOTE 13. JOINT VENTURES – South Davis Fire District / South Davis Metro Fire District

The South Davis Metro Fire District was created through an inter-local governmental agreement among various municipalities in southern Davis County. The District exists to provide fire protection and ambulance services to those entities involved in the agreement. The District is governed by a 7-member board consisting of representatives from each of the five cities and also two from the County. The Board is responsible for directing all activities of the District including approving an annual budget and appointing the Chief. Separate financial information can be obtained from South Davis Metro Fire District, 255 South 100 West, Bountiful, Utah 84011.

The South Davis Fire District receives its funding from an annual assessment paid by each participant. The assessment is allocated based on taxable value of each participating entity. In 2006, the County participates as a representative of the citizens of the unincorporated area of the County. The payment is recorded as part of the Special Service Area Fund. The County payment for 2006 was \$118,970. It represents only 3.14% of the total operating costs of the District.

NOTE 14. COMMITMENT - South Davis Recreation District / Inter-local agreement

On September 6, 2005 Davis County entered into an inter-local financing agreement with the South Davis Recreation District and Bountiful City for Bountiful City to provide \$2,000,000 to pay for the construction of an ice arena for the development of tourism within the District. The agreement advanced \$2 million dollars to the South Davis Recreation District from Bountiful City. The County pledged monies from its Tourism fund over a ten-year period to help the District repay this advance to Bountiful City. The agreement requires annual appropriations by the County Commission. The commitment is not considered a long-term debt of the County since the County received no proceeds nor did the County receive any assets, but rather, the County entered the agreement to support the South Davis Recreation District since it benefits the Citizens of the County, as well as, promotes tourism in the County. Should the Commissioners elect annually to fund the payment, the payment schedule is shown on the table below with semiannual principal and interest payment is due before July 1 and December 31 of each year to the District. The interest rate is 3.5%. The balance of the inter-local agreement at 12/31/2006 is \$1,829,779.

DAVIS COUNTY, UTAH
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
Year Ended December 31, 2006

Budgeting and Budgetary Control

As more fully explained in Note 1 of the Notes to the Financial Statements, annual budgets are prepared and adopted before December 31 for the calendar year commencing the following January 1 in accordance with the Uniform Fiscal Procedures Act for Utah Counties. State law requires budgeted revenues to equal budgeted expenditures, and legal control is exercised at the division level. Once a budget has been adopted, it remains in effect until it has been formally revised. Budgets for the General Fund, special revenue, debt service, and capital projects funds are legally required and are prepared and adopted on the modified accrual basis of accounting. Therefore, no reconciliation between budgetary schedules and the GAAP statements is required.

The Budgetary Comparison schedules presented in this section of the report are for all of the County's major funds. Budgetary comparison schedules for the County's nonmajor funds are included as Supplementary Information. Original budgets represents the revenue estimates and spending authority authorized by the Board of County Commissioners prior to January 1. Final budgets represent the original budget amounts plus any amendments made to the budget during the year by the County Commissioners through formal resolution. Final budgets do not include unexpected balances from the prior year because such balances automatically lapse to unreserved fund balance at the end of each year.

Nonmajor Governmental Funds

Flood Control Fund

This fund accounts for all activities of the Public Works Department that relate to the flood channels managed by the County.

Emergency 911 Dispatch Funds

This fund accounts for revenues and expenditures related to the 911 emergency numbers.

Paramedic Fund

This fund accounts for the costs associated with the interlocal agreement the County has with the South Davis Metro Fire Agency and the Layton Fire Department for paramedic services in parts of the County.

Municipal Building Authority DMV Capital Project Fund

This fund accounts for the revenues and expenditures related to construction of the Department of Motor Vehicle Building which the State of Utah will lease through the County's Municipal Building Authority.

Municipal Building Authority Fund

This fund accounts for monies received by the County related to the rental of County buildings.

Municipal Building Authority Debt Service Fund

This fund accounts for the revenues and expenditures related to the long-term debt of the County Municipal Building Authority Bonds.

Conference Center Debt Service Fund

This fund accounts for the revenues and expenditures related to the long-term debt of the County's Conference Center Revenues Bonds.

Capital Projects Fund

This fund accounts for funds accumulated and spent for routine capital projects.

Agency Funds

County Agency Fund

This fund accounts for monies received by the County; on behalf of third parties pending litigation, for county-wide tax collections pending final distribution, and deposits held in trusts for outside parties related to construction and development costs.

Treasurer Tax Collection Fund

This fund accounts for the receipts and disbursements of property tax revenues for the various taxing entities of Davis County including cities, towns, special districts, and the Davis School District.

Employee Benefits Funds

These funds account for monies collected from County and ex-County employees in accordance with Internal Revenue Code sections. It contains the Retirees Health Benefit Clearing and the County's Payroll Clearing Funds.

¹ 2006 Values are preliminary and subject to change. Taxable values used in this table excludes the taxable value used to determine uniform fees on tangible personal property.

² The Weber Basin Water Conservatory District covers all of Morgan County, most of the County and Weber Counties, and portions of Box Elder and Summit Counties. Principal and interest on WBWCD general obligation bonds are paid from sales of water. WBWCD bonds are shown as overlapping but are self-supporting except for a maximum .000200 tax rate.

³ All or portions of these governmental entities outstanding general obligation debt are supported by user fee revenues from water or sewer. The County's portion of overlapping general obligation debt has been reduced to the extent that such general obligation debt is supported by 'user fee revenues.'

⁴ The South Davis Recreation District members include the cities of Bountiful, Centerville, North Salt Lake, Woods Cross, West Bountiful, and part of unincorporated Davis County.

⁵ The State's general obligation debt is not included in overlapping debt because the State currently levies no property tax for payment of general obligation bonds.

IV. SINGLE AUDIT SECTION

Steven F. Crane, CPA
Kent R. Christensen, CPA
Jeffrey L. Ambrose, CPA
Chuck Palmer, CPA

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

The Board of County Commissioners
Davis County, Utah

We have audited the financial statements of Davis County as of and for the year ended December 31, 2006, and have issued our report thereon dated May 31, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Davis County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Davis County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the County Commissioners, others within the entity, and federal and state funding agencies and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE
TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE APPLICABLE IN ACCORDANCE WITH OMB CIRCULAR A-133**

The Board of County Commissioners
Davis County, Utah

Compliance

We have audited the compliance of Davis County with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended December 31, 2006. Davis County's major federal programs are identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Davis County's management. Our responsibility is to express an opinion on Davis County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Davis County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Davis County's compliance with those requirements.

In our opinion, Davis County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2006.

Internal Control Over Compliance

The management of Davis County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Davis County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Davis County's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the County Commissioners, others within the entity, and federal awarding agencies and passthrough entities and is not intended to be and should not be used by anyone other than these specified parties.

Crane, Christensen & Ambrose P.C.

May 31, 2007

DAVIS COUNTY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED DECEMBER 31, 2006

I. SUMMARY OF AUDITORS' RESULTS

1. The independent auditors' report on the financial statements expressed an unqualified opinion. The financial statements of Davis Behavioral Health (a component unit of Davis County) were audited by other auditors, whose reports have been furnished to us, and our report, insofar as it relates to the amounts included for Davis Behavioral Health, is based solely on the reports of such other auditors.
2. No conditions in internal control over financial reporting were required to be reported.
3. No instances of noncompliance considered to be material to the financial statements were disclosed by the audit.
4. No conditions in internal control over compliance with requirements applicable to major federal awards programs were required to be reported.
5. The independent auditors' report on compliance with requirements applicable to major federal award programs expressed an unqualified opinion.
6. The audit disclosed no findings required to be reported by OMB Circular A-133.
7. The major federal programs of the County for the year ended December 31, 2006 are as follows:

Program	CFDA#	Expenditures
Centers for Disease Control and Prevention, Investigations and Technical Assistance	93.283	\$ 400,181
Block Grants for Community Mental Health Services	93.958	233,656
Block Grants for Prevention and Treatment of Substance Abuse	93.959	1,528,424
Weatherization Assistance for Low Income Persons	81.042	300,241

8. A threshold of \$300,000 was used to distinguish between Type A and Type B programs as those terms are defined in OMB Circular A-133.
9. The County qualified as a low risk auditee as that term is defined in OMB Circular A-133.

II. FINANCIAL STATEMENTS FINDINGS SECTION

None

III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS SECTION

DAVIS COUNTY

NOTES TO SUPPLEMENTARY SCHEDULE
OF EXPENDITURES OF FEDERAL AWARDS

1. **General** - The accompanying Supplementary Schedule of Expenditures of Federal Awards presents the activity of all federal awards of Davis County (the County). Federal awards received directly from federal agencies as well as federal awards passed-through other government agencies are included on the Supplementary Schedule of Expenditures of Federal Awards.
2. **Basis of Accounting** - The accompanying Supplementary Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting.
3. **Noncash Federal Awards** - Noncash federal awards represent commodities consumed during the year, expressed at market value. The State estimates the per unit fair market value of these commodities. Noncash federal financial assistance is calculated by multiplying the per unit fair market value by the net commodities consumed.
