Davis County

COUNTY CONTROLLER Curtis Koch, MBA, CGFM, CERA

June 23, 2025

To the Citizens of Davis County and the Board of County Commissioners:

The Annual Comprehensive Financial Report (ACFR) of Davis County, Utah (the "County") for the fiscal year ended December 31, 2024, is submitted herewith in accordance with the requirements of U.C.A. 17-36-37. Responsibility for the accuracy of the presented data, the completeness and fairness of the presentation, including all disclosures, rests with the County. We believe the data as presented is accurate in all material aspects, that it is presented in a manner designed to fairly set forth the financial position and results of operations of the County as measured by the financial activity of its various funds, and that all disclosures are included that are necessary to enable the reader to gain the maximum understanding of the County's financial affairs.

Management (the executive branch) of the County is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the County are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) as applicable to governmental entities in the United States. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the valuation of costs and benefits requires estimates and judgments by management.

The County's financial statements have been audited by Carver Florek & James CPA's. The goal of the independent audit is to provide reasonable assurance that the County's financial statements for the fiscal year ended December 31, 2024, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Based upon the audit, the independent auditor concluded, based upon the audit that the County's financial statements as of and for the fiscal year ended December 31, 2024, are fairly presented in all material respects in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section.

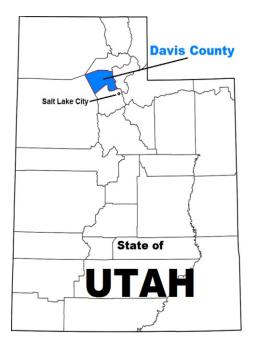

The County is required to undergo a federally mandated annual audit called "The Single Audit," which is designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements but also on the County's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in Section IV, Single Audit.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the independent auditors' report.

PROFILE OF THE COUNTY

Davis County lies nestled between the Wasatch Mountains and the Great Salt Lake. The County boundary includes portions of the Great Salt Lake and picturesque Antelope Island State Park. The lake accounts for roughly 329 square miles of the County, leaving only 304 square miles of land. These numbers vary from year to year, depending on the lake level. While Davis County is Utah's smallest by land area, it is the third-largest county in population, with an estimated 378,470 residents living in its fifteen communities. Davis County's population per square mile is 1,245, with 99% considered urban and 1% rural.

Frequented initially by Shoshone, Ute, and Paiute Indians, the Native Americans considered this area a neutral ground, meaning they would not fight over who should control it. Later, this area was among the first settled by members of The Church of Jesus Christ of Latter-day Saints, who arrived in the Great Salt Lake Valley in 1847. The lush lake-bottom pastures, fertile soils of the bench lands, and streams flowing from the eastern Wasatch Mountains attracted early settlers, who established small farms and close-knit communities. These early pioneers founded schools, built homes and churches, and created productive farms and shops.

Named after pioneer leader Daniel C. Davis, Davis County was established as a territory on October 5, 1850. The territorial legislature created Davis County in 1852. It designated the seat at Farmington, midway between boundaries at the Weber River on the north and the mouth of the Jordan River on the south.

Davis County grew slowly during its first half-century, supported by hardy pioneer people engaged in agriculture and livestock raising. In 1870, the Utah Central Railroad (now Union Pacific) crossed through Davis County from Ogden on the north to Salt Lake City on the south, offering muchneeded transportation links to supply settlers with manufactured products. This marked a significant transition in the county's history, leading to the adoption of mechanized agriculture and a surge in commerce, banking, and local businesses, accompanied by improved roads, new water systems, and the electrification of homes and businesses. After the turn of the century, the County's 8,000 residents sought to promote the county, but by 1940, the population was barely 16,000. The small family farms and local businesses could support no greater increase. Consequently, many of the younger generations of that time left for new settlements in northern Utah and nearby Idaho and Wyoming.

As the age of the automobile and interurban railways created greater mobility, many county citizens looked to Ogden and Salt Lake City for employment and cultural enrichment. Market gardens, dairy farms, beef cattle, orchards, and fields of grain and sugar beets continued to sustain local farmers. The advent of World War II in 1939 introduced a new way of life in Davis County. The establishment of Hill Air Force Base in northern Davis County and other defense installations nearby created a surge of civilian employment. Hill AFB quickly became and remains one of the state's largest employers.

Diversification brought rapid post-war growth. The county's population doubled between 1940 and 1950 and again between 1950 and 1960. The population continued to expand, increasing from 64,760 to 146,540 between 1960 and 1980, reaching 238,994 by 2000. The 2010 census reported a population of 306,479, representing a 28.2 percent increase from the 2000 figures. In 2021, the county's population estimate was up by 7,198 over 2019, totaling 362,679.

Accompanying this growth has been further diversification of the population and increased prosperity. Davis County boasts a diverse mix of people representing various ethnic, cultural, and religious backgrounds. The county has evolved from its traditional agricultural dependency to an interconnected network of suburban communities, benefiting from its proximity to downtown Salt Lake City. The communications age has tied Davis County to the world. Many businesses, both large and small, operate on a global scale. Davis County residents are part of an economic and social pattern that reaches far beyond the County's tiny geographical limits.

A three-member elected Board of Commissioners is the governing body of Davis County. The Board is charged with both legislative and executive powers, as per the Utah State Statute. All Commissioners serve four-year terms, which overlap to enhance the continuity of the governing board. Administrative Officers reporting to the Commissioners are exempt (appointed) non-merit employees. According to Utah Code 17-53-106, the Commissioners have general oversight to ensure compliance with County rules, policies, and ordinances. Eight other elected officials have the authority to direct and supervise their respective elected offices and deputies while performing the professional and executive duties to which they were elected. Commissioners approve the adoption and amendment to the budget, serve as the property tax Board of Equalization, and regulate business licensing in the county's unincorporated areas.

GOVERNANCE

The eight other elected officials, as shown on the organization chart located on page 12, generally serve four-year terms and are eligible for re-election in the same county-wide elections as the Commissioners. Chief Deputies serving each of the other elected officials are also exempt (appointed) non-merit employees. Elected Officials and Administrative Officers are responsible for daily managing the various services and programs the County provides.

The Auditor serves as the County's chief financial and budget officer and oversees County financial systems and processes. The County Treasurer is responsible for collecting, safekeeping, and investing all County funds. The County Commission, Auditor, and Treasurer work to coordinate the efforts of their offices to ensure compliance with the Uniform Fiscal Procedures Act for Counties, as set forth in U.C.A. Title 17, Chapter 36. In December of 2024, the Commission changed the title of the Auditor to Controller. This change was made pursuant to U.C.A. 17-19a-202(4) to help the public better understand the role and responsibilities of the office.

SERVICES

The County provides a diverse range of county-wide services, and certain municipal-type services are provided only in the county's unincorporated areas. Examples include **General Government services** (property tax assessment and collection, auditing, budget administration, elections, economic development, marriage licenses, passports, property records, surveying, criminal justice services, and ordinance enactment and enforcement), **Educational services** (libraries and agricultural extension), **Social services** (senior programs), **Recreation and Tourism services** (golf courses, tourism and travel facilities, and conference and event centers), **County Administrative services** (human resources, information systems, finance, purchasing, and facilities management), **Public Safety services** (correctional facilities, emergency 911, Sheriff protection, paramedic, emergency medical, search and rescue, and animal care and control), **Public Health services** (mental health and substance abuse, clinical, nursing, dental health, environmental health, and also health education and promotion), and **Public Works services** (flood and noxious weed control).

The County provides municipal-type services in the unincorporated area of the county. These include fire protection (administered through interlocal agreements with neighboring entities), public works (road construction and maintenance), building inspections, and business licensing. These services are funded by property and sales taxes and user fees paid by property owners of the county's unincorporated area. They are accounted for in the Special Service Area Fund. The county contains approximately 13,000 acres of unincorporated land.

ECONOMIC CONDITION AND OUTLOOK

The following summary of economic conditions in Davis County is provided by the Utah Department of Workforce Services and the Utah State Tax Commission. A complete report of the County is available at: https://jobs.utah.gov/wi/insights/county/. The following economic information is taken from that report.

JOBS

Davis County added just 186 jobs in 2024, amounting to a 0.1% growth rate that ranked 23rd among Utah counties. Total nonfarm employment reached 144,413, and the two-year growth rate stood at 2.1%, also below the statewide average.

Education, health, and social services drove most of the gains, adding 847 jobs over the year. That ranked third in the state for raw growth in the industry. With more than 24,000 workers, it remains one of the county's largest and most stable employment anchors.

Government continued to expand steadily, with 639 new positions added in 2024. The industry now accounts for over 21% of Davis County's job base and has posted consistent year-over-year increases over the past several cycles.

UNEMPLOYMENT & WAGES

The County's unemployment rate is 2.9% at the end of 2024 and is still a sign of a tight labor market.

Unemployment insurance claims in Davis County averaged 130.6 per week over the past year—a slight 2% decrease from the previous year. The top sources of claims were construction (16%) and administrative/support services (12%).

Davis County's average monthly wage climbed to \$5,380, growing by 9.2% over the past year—the third highest in the state. Over the last two years, wages have risen by \$669, or 14.2%.

Government wages rose by \$1,389, a 24.8% jump—the highest raw and percent gain of any industry in the county. Manufacturing wages, however, declined by 2.3% year-over-year.

CONSTRUCTION & SALES

The number of new dwelling unit permits approved year-to-date in 2025 is down 77% compared to 2024, with 114 permits issued so far this year.

As of February 2025, nonresidential permit valuation has increased by 192% year-to-date compared to 2024. When this reduction is coupled with an increase in residential permit valuation, the overall change in total values has dropped by 24% year-over-year.

Taxable sales in Davis County grew by 3.2% year-over in the fourth quarter of 2025. Davis is one of only three counties in Utah to record over \$2 billion in gross taxable sales per quarter.

Year-to-year changes in gross taxable sales have remained positive since the end of 2010. Since 2020, growth in gross taxable sales has been particularly high, with the recent cooling representing a shift from the accelerated growth in the early 2020s.

MAJOR INITIATIVES AND OTHER ACCOMPLISHMENTS

PANDEMIC RESPONSE AND USE OF CORONAVIRUS RELIEF FUNDS

The COVID-19 pandemic presented several challenges to Davis County, which continued to impact government operations in 2023. These impacts were primarily felt in the administration of the America Rescue Plan Act (ARPA) - State and Local Fiscal Recovery Funds (SLFRF). SLFRF awarded Davis County \$69,048,017 to help offset the effects of COVID-19, of which half was received in 2021 and the other half received in 2022. The County also worked to develop long-term plans for the expenditure of these funds, focusing on capital and infrastructure projects that will benefit county residents for decades to come. The most current annual plan for the use of funds can be found on the Davis County Controller's website: https://www.daviscountyutah.gov/controller.

CONSTRUCTION UPDATES

Legacy Event Center/Western Sports Park Expansion

Established in 1990 and supported with tourism tax dollars since that time, the Center was primarily designed to host horse races and equestrian events. In 1998, the Legacy Center was built to host the 2002 Olympic Cultural Event Rodeo. At construction, the arena had fixed seating of 2,200 and a dirt arena floor. Since 2002, the venue rarely hosted equestrian events that exceeded 5% of the seating capacity and has struggled to compete in the shrinking equestrian event market. To remain relevant and economically viable, the Center transitioned to hosting a variety of events, including youth sports, trade shows, and domestic animal shows. Additionally, the County conducted multiple feasibility studies over the years to determine the highest and best use of the facility. Through these efforts, it was determined that a regional youth sports venue would provide the best opportunity to increase tourism and economic growth in the county.

In June 2023, a groundbreaking and renaming ceremony was held to kick off this project formally. The new name of the facility is the Western Sports Park. Construction of the project is anticipated to be completed in January 2025, with a grand opening in fall 2025.

Emergency Operations Center

With funding from SLFRF, the County recognized the need for a full-time standing emergency operation center. In 2022, an architect was selected for the project. County staff began design work with the architect in late 2022. The facility will be located on the Davis County Sheriff's Office campus. It will serve as a full-service emergency training and response facility for the entire County as well as a regional asset. Throughout 2023, design work for the facility continued. Groundbreaking occurred in 2024, with construction expected to be completed by late 2025.

FINANCIAL INFORMATION

FINANCIAL REPORTING AND ACCOUNTING STANDARDS

Local government accounting principles are established and promulgated by the Governmental Accounting Standards Board (GASB). This report conforms to all current, relevant pronouncements of GASB, which, taken as a whole, are referred to as "Generally Accepted Accounting Principles" (GAAP).

ACCOUNTING SYSTEM AND BUDGETARY CONTROLS

The County operates an integrated budgetary and accounting system that incorporates the formal adoption of a budget for each department. Departments present and formalize budgetary requests through public meetings with the Budget Committee in October. Prior to November 1 of each year, a tentative budget is prepared by the Budget Officer and presented to the governing body for approval. Subject to statutory limitations regarding debt service payments, the governing body may make changes to proposed appropriations prior to final budget adoption no later than December 31st.

State statute defines the legal level of budgetary control at the department level, whereby expenditures should not exceed appropriations at that level. Monthly financial reports are made available to each department head and/or elected official with a charge that obligations must be closely monitored. Additional budget appropriations may be considered throughout the budget year, requiring appropriate public notice and public hearings. Adjustments may then be approved by the legislative body and generally consist of recognizing unanticipated revenues from grants and associated expenditures.

The modified accrual basis of accounting is used for governmental funds, with revenues recognized when they are both measurable and available. Expenditures are recognized when a fund liability is incurred. These transactions are recorded using the fund accounting approach, where each fund is a distinct entity with a set of self-balancing records.

Additionally, safeguarding assets and providing reasonable assurance that financial transactions are accurately recorded requires the implementation of adequate internal controls. The County's internal controls are presently accomplishing this objective in all material respects and are under perpetual review and evaluation for effectiveness. Additional discussion of accounting and budgeting practices may be found in the "Notes to Financial Statements."

THE REPORTING ENTITY

This ACFR includes all funds of the County as follows:

DESCRIPTION	FUND TYPE
General Fund	General Government
Health Fund	Special Revenue
Transportation Fund	Special Revenue
State and Local Fiscal Recovery (SLFRF) Fund	Special Revenue
Tourism Fund	Special Revenue
Library Fund	Special Revenue
Emergency 911 Dispatch Fund	Special Revenue
Municipal Building Authority Fund	Special Revenue
Municipal Services Fund	Special Revenue
CDBG/SSBG Fund	Special Revenue
Homebuyer Assistance Fund	Special Revenue
Animal Care Fund	Special Revenue
Paramedic Fund	Special Revenue
RDA Pass-Through Fund	Special Revenue

Inmate Services Fund	Enterprise
Insurance Fund	Internal Service
Telephone, Email and Security System Fund	Internal Service
Buildings and Grounds Fund	Internal Service
Employee Service Reserve	Internal Service
Treasurer's Tax Collection Fund	Custodial
County Custodial Fund	Custodial

The ACFR also reports consolidated information of Davis Behavioral Health and Wasatch Integrated Waste Management as related entities of Davis County. Davis Behavioral Health was established in 1983 by the County as a public, nonprofit organization to provide behavioral health, alcohol, and drug services for the residents of Davis County. Wasatch Integrated Waste Management is a regional solid waste energy recovery district organized in 1982 by the County to process solid waste.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the *Certificate of Achievement for Excellence in Financial Reporting* to Davis County for its Annual Comprehensive Financial Report for the fiscal year ending December 31, 2023. This is the thirty-first year in a row that Davis County has received this award.

This prestigious award requires a government unit to publish an easily readable and efficiently organized annual comprehensive financial report that must conform to rigorous program standards. Qualifying reports must satisfy both GAAP and applicable legal requirements.

The Certificate of Achievement program demands that all applicable requirements be met each year the award is given. We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate. Special thanks go to our highly qualified and professional staff, who have made the continued receipt of this award possible.

CONCLUSION

This report has been prepared to provide meaningful data that will be useful in evaluating the financial activity of Davis County. The preparation of this report is a coordinated effort by the County Controller staff in conjunction with department accounting personnel. Their dedicated efforts have made the continued improvement of both form and content possible. We sincerely appreciate their ongoing commitment to excellence in financial reporting and their continued effort to provide pleasant and efficient services to the citizens of Davis County. The efforts of the County Commissioners, other elected officials, and the department heads and their staff make it possible for the County to continue to demonstrate fiscal responsibility and achieve the highest standards cooperatively.

Respectfully Submitted,

Curtis Koch, MBA, CGFM, CERA

Davis County Controller

Government Finance Officers Association

Certificate of Achievement for Excellence in Financial Reporting

Presented to

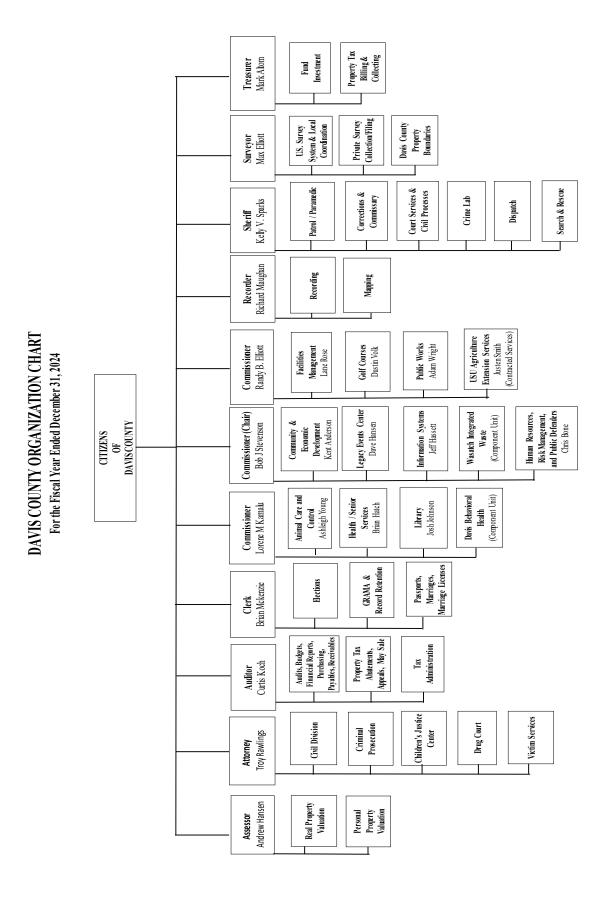

Davis County Utah

For its Annual Comprehensive Financial Report For the Fiscal Year Ended

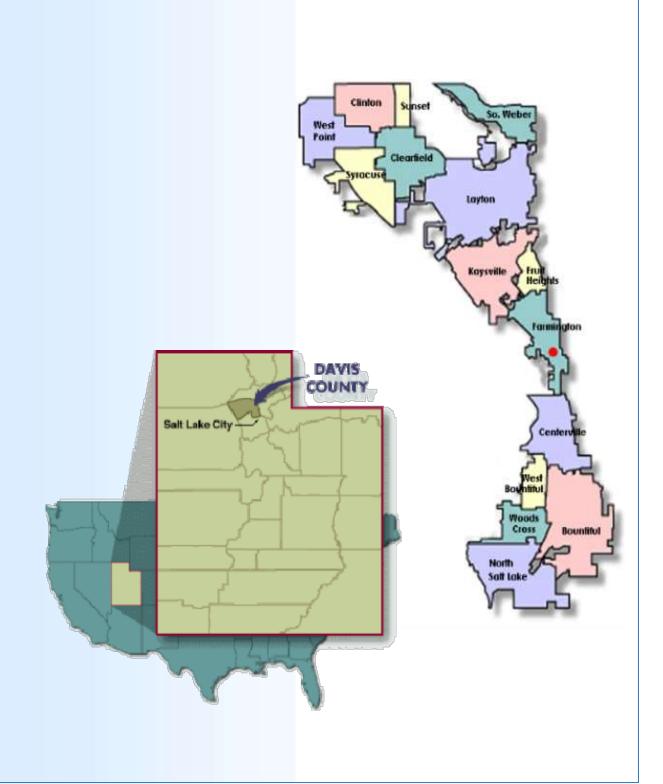

December 31, 2023

INDEPENDENT AUDITORS' REPORT

To the County Commissioners Davis County, Utah

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Davis County (the County), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of December 31, 2024, and the respective changes in financial position and, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Davis Behavioral Health and Wasatch Integrated Waste Management District, which represent 7.5 percent and 11.8 percent, respectively, of the net assets, of the County. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Davis Behavioral Health and Wasatch Integrated Waste Management District, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audit contained in *Government Auditing Standards (GAS)*, issued by the Comptroller general of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Change in Accounting Principle

As described in Note 2 to the financial statements, during the year ended December 31, 2024, the County adopted new accounting guidance, GASB Statement No. 100, *Accounting Changes and Error Corrections* and GASB Statement No. 101, *Compensated Absences*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and GAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and GAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, pension related schedules, and information about other postemployment benefits, as listed on the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining schedules of nonmajor governmental funds, internal service funds, and custodial funds, budgetary comparison information, schedule of taxes charged, collected and disbursed, and schedule of receipts and disbursements – Treasurer's Tax Collection Fund are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the financial statements.

The combining and individual nonmajor fund financial statements, Schedule of Taxes Charged, Collected and Disbursed, Schedule of Receipts and Disbursements – Treasurer's Tax Collection Fund, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of other auditors, the combining schedules of nonmajor governmental funds, internal service funds, and custodial funds, budgetary comparison information, schedule of taxes charged, collected and disbursed, schedule of receipts and disbursements – Treasurer's Tax Collection Fund, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information Annual Comprehensive Financial Report (ACFR). The other information comprises the ACFR but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our reports dated June 23, 2025, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Layton, Utah June 23, 2025

For the Fiscal Year Ended December 31, 2024

INTRODUCTION

The following is a discussion and analysis of Davis County's financial performance and activities for the year ended December 31, 2024. When read in conjunction with the letter of transmittal and the notes to the financial statements, this section's financial highlights, overview, and analysis should assist the reader to gain a more complete knowledge of the County's financial performance. Comparative analyses to the previous year's results are provided.

HIGHLIGHTS

Government-wide

- Total assets and deferred outflows of resources of the County exceeded liabilities and deferred inflows of resources by almost \$402.4 million (reported as net position). Of this amount, approximately \$104.3 million (unrestricted net position) may be used to meet the County's ongoing obligations while \$298.1 million is restricted for specific uses or invested in capital assets.
- The County's total net position increased by about \$41.1 million or 11.4 percent. Net position of governmental activities increased by approximately \$39.7 million or 11.3 percent, while net position of business-type activities increased by about \$1.4 million or 14.5 percent.

Fund Level

- The governmental funds reported combined ending fund balances of \$259.6 million, virtually identical to the prior year. Approximately 47.4 percent or \$123.1 million of the ending fund balance is considered unrestricted (committed, assigned, or unassigned) and is available for spending either at the government's discretion or upon commission approval.
- Overall, general sales taxes increased by a net amount of approximately \$0.9 million (2.5 percent).
- Mass Transit and Local Option Transportation taxes increased by almost \$1.2 million (2.8 percent) and \$1.1 million (2.9 percent), respectively.
- Intergovernmental and grant revenues increased by \$11.9 million, or 41.1 percent. This was attributable to more SLFRF money being recognized in the current year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is an introduction to the County's Basic Financial Statements. The Basic Financial Statements include three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the Basic Financial Statements, this report also contains the required supplementary information, additional supplementary information and fund data (including combining statements for non-major funds), and a statistical section.

Government-wide Statements - Reporting the County as a Whole

The Statement of Net Position and the Statement of Activities, which immediately follow this MD&A, comprise the government-wide financial statements. These statements provide a broad overview with a long-term focus of the County's finances as a whole and are prepared using the *full-accrual* basis of accounting, similar to private-sector companies. This means all revenues and expenses are recognized regardless of when cash is received or spent, and all assets, liabilities, and deferred inflows/outflows of resources, including capital assets and long-term debt, are reported at the entity level.

The statement of net position presents financial information on all of the County's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the County's overall financial condition is getting better or worse. In evaluating the government's overall condition, however, additional non-financial factors should be considered such as the County's economic outlook, changes in its demographics, and the condition of its capital assets and infrastructure.

For the Fiscal Year Ended December 31, 2024

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or most of their costs through user fees and charges (*business-type activities*). Davis County's governmental activities include general government, public safety, public health, public works, tourism, and transportation. The County has two business-type activities – 1) operation of the County's Golf Courses and 2) an Inmate Services Fund.

The government-wide statements also include information about two *component units*, Davis Behavioral Health (DBH) and Wasatch Integrated Waste Management Inc. (WIWMD). A legally separate entity meets the criteria of a component unit if the County's governing body appoints a voting majority of the organization's governing body and either has the ability to impose the County's will on that organization or that organization may provide specific financial benefits or burden to the County. An organization may also be considered a component unit of the County if the organization is fiscally dependent upon the County or if its relationship is of a nature that it would be misleading to exclude it. The basic criterion to include both Davis Behavioral Health and WIWMD as component units of the County is that the financial statements may be misleading if they were not included.

Fund Financial Statements - Reporting the County's Most Significant Funds

The fund financial statements, beginning on page 35, provide detailed information about individual major funds, not the County as a whole. A fund is a group of related accounts that the County uses to keep track of specific resources that are segregated for a specific purpose. Some funds are required by law to exist, while others are established internally to maintain control over a particular activity. All of the County's funds can be divided into three types: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Most of the County's basic services are accounted for in governmental funds and are essentially the same functions reported as governmental activities in the government-wide statements. Governmental funds use the modified accrual basis of accounting, which measures the flow of current financial resources that can be converted to cash and the balances left at year-end that are available for future spending. This short-term view of the County's financial position helps determine whether the County has sufficient resources to cover expenditures for its basic services in the near future.

Proprietary Funds – Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Proprietary funds are presented using the *full-accrual* basis of accounting. Davis County uses two different types of proprietary funds. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County has two enterprise funds – the Golf Courses and Inmate Services Funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County maintains four internal service funds – the Insurance, Telephone, E-mail, and Security System, Building and Grounds, and Employee Service Reserve Funds. Because those services predominantly benefit governmental rather than business-type activities, they are included with governmental activities in the government-wide statements.

Fiduciary Funds – Fiduciary funds account for resources held for the benefit of parties outside the government. Fiduciary funds use *full-accrual* accounting but are not included in the government-wide statements because the assets in those funds are not available to finance the County's own programs.

Reconciliation between Government-wide and Fund Statements

The financial statements include reconciliations that reconcile the amounts reported for governmental activities on the government-wide statements (full-accrual accounting, long-term focus) with amounts reported on the governmental fund statements (modified accrual accounting, short-term focus). Following are some of the major differences between the two statements:

For the Fiscal Year Ended December 31, 2024

- Capital assets and long-term debt are included on the government-wide statements but are not reported on the governmental fund statements.
- Capital outlays spending result in capital assets on the government-wide statements but are expenditures on the governmental fund statements.
- Certain tax revenues that are earned but not yet available are reported as revenue on the government-wide statements but are deferred inflows of resources (unavailable revenue) on the governmental fund statements.

Notes to the Financial Statements

The notes to the financial statements, which are found in the last part of the basic financial statements section, provide additional schedules and information that are essential to a complete understanding of the financial statements. The notes apply to both the government-wide financial statements and the fund financial statements.

Required Supplementary Information (RSI)

Following the Basic Financial Statements are budgetary comparison schedules for the General Fund and all major special revenue funds. In addition, the RSI includes information on the County's pension plans. RSI also includes information about the County's defined benefit Other Postemployment Benefit Plan. RSI further supports the information in the basic financial statements.

Supplementary Information

Supplementary Information includes combining statements for the County's nonmajor governmental funds, internal service funds, and custodial funds. This section also includes schedules which compare budgeted expenditures to actual results for the major capital projects fund and all of the nonmajor governmental funds.

Statistical Section

This section provides up to ten years of financial, economic, and demographic information.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Net Position

The largest component of the County's net position, about \$171.8 million or 42.7 percent, reflects investments in capital assets (land, buildings, equipment, construction-in-progress, roads, and other infrastructure) less all outstanding debt that was issued to buy or build those assets and adjusted by related deferred outflows of resources. As capital assets, these resources are not available for future spending, nor can they all be readily liquidated to pay off the related liabilities. Resources needed to repay capital-related debt must be provided from other sources. Although capital assets increased by about \$35.5 million, the amount of net investment in capital assets actually increased by only \$10.4 million. The difference was primarily the result of related debt that reduces the amount of net investment in capital assets.

Restricted net position comprised about \$126.3 million or 31.4 percent of total net position and is subject to external restrictions on how they may be used. Corridor Preservation, Proposition 1, and "3rd quarter" transportation projects accounted for \$24 million, \$23.1 million and \$63.3 million, respectively, of the restriction. B-Roads accounted for about \$8.2 million and Debt Service restrictions accounted for \$1.5 million. Opioid settlement payments and other accounted for the remaining \$6.2 million. Unrestricted net position was approximately \$100.7 million for governmental activities and \$3.6 million for business-type activities at December 31, 2024.

Changes in Net Position

The County's combined net position increased by approximately \$41.1 million or about 11.4 percent from the prior year. Governmental activities Net Position increased by \$39.7 million (11.3 percent) and will be discussed in the Governmental Activities section found below. Business-type activities had an increase of \$1.4 million, which represents a 14.5 percent increase from the prior year ending balance. This will be discussed in the Business-Type Activities section found below. The following table shows the comparison of revenue and expenses of governmental activities and business type activities from 2024 compared to 2023.

The following charts summarize the County's revenues and expenses for fiscal year 2024:

For the Fiscal Year Ended December 31, 2024

Governmental Activities

Property taxes comprise the largest source of revenue for the County; \$70.2 million was recognized from property tax revenues, which is 24.6 percent of total revenues from all sources. Property taxes increased by \$1.6 million in 2024, which is 2.3 percent. This increase was primarily the result of new growth.

Sales, Mass Transit and Local Option Transportation taxes increased by \$0.9 million (2.5 percent), \$1.2 million (2.8 percent), and \$1.2 million (2.9 percent), respectively, in 2024. This was almost entirely due to inflation.

For 2024, program revenues generated \$74.2 million or 31 percent of their total expenses through charges for services, grants and contributions. Program revenues in 2024 increased by \$20.5 million, or 38.3 percent, as compared to 2023. The main contributing factor was an increase of \$11.9 million (42.6 percent) in grant revenues as the County recognized COVID-19 grant related revenue that had been received but not yet earned in prior years. Another significant increase was \$5 million in insurance revenues for the portion of the Heather Miller lawsuit that was covered by insurance. Opioid settlement payments increased by \$2.3 million, which was an increase of 203.7 percent. These payment amounts will vary from year to year depending upon which companies settle their lawsuits during the year and for how much. The final \$1.3 million increase was attributable to an increase in various charges for services.

Total program expenses for governmental activities were \$239 million for 2024. This represents an increase of \$20.3 million, or 9.3 percent, when compared to the prior year. Often, increases in expenses correlate to increases in revenues. The single largest expense increase was the result of a lawsuit settlement payment of \$9.7 million to the Estate of Heather Miller (See Note 8 to the financial statements). Additionally, the noncapital portion of COVID-19 grant related spending increased by approximately \$6.3 million (59.3 percent) as the County continues to spend down funds from the American Rescue Plan Act (ARPA) received in 2021 and 2022.

As with all public and private sector operations, current labor market conditions have presented ongoing challenges in recruiting new employees, retaining existing employees, and increasing wage pressures. These challenges have been driven by significant inflationary pressures and a tight labor market. During 2024, combined payroll and benefits increased by almost \$4.8 million (4.9 percent). This was the result of a midyear 4 percent COLA as well as up to 3.5 percent merit increase to all eligible employees.

The only significant decrease in governmental program expenses was a \$5.7 million (7.1 percent) decrease in transportation expenses. This is because the cities submitted fewer reimbursement requests for their transportation projects in 2024 than they did in the previous year.

For the Fiscal Year Ended December 31, 2024

Business-type Activities

In 2024, Davis County's Golf Courses reported a net operating profit of \$1.1 million. Revenues were up by approximately \$0.7 million (14.7 percent) as the result of a continued increase in the number of rounds of golf played by golfers in 2024. At the same time, expenses increased by approximately \$0.5 million which can be attributed to high inflation rates during most of the year.

The Inmate Services fund reported a net operating profit of almost \$0.4 million. Commissary expenses increased by about \$0.1 million while revenues remained fairly constant.

CAPITAL ASSETS AND LONG-TERM DEBT ADMINISTRATION

Capital Assets

Davis County added \$43.9 million in new capital assets during 2024. The County spent \$33.8 million on construction of the Western Sports Park (formerly known as the Legacy Events Center) expansion, an additional \$4.5 million was spent on the construction of the Emergency Operations Center, and a little over \$1 million was spent to replace the façade at the County Administration Building. An additional \$2.4 million was spent on the purchase, construction, or improvements to other County buildings and properties. Approximately \$0.3 million was spent on construction of infrastructure. The remaining approximately \$1.9 million was spent on the purchase of furniture, fixtures, vehicles and equipment. The County also disposed of or wrote off approximately \$3.4 million worth of capital assets. Additional information can be found in Note 6 of the Notes to the Financial Statements.

Long-term Debt

Total bonded debt outstanding at December 31, 2024 was about \$80.1 million, as compared to \$84.7 million at the end of the prior year. This \$4.6 million (5.4 percent) decrease was the result of making required debt service payments. The County had the following long-term debt outstanding. Additional information can be found in Note 7 of the Notes to the Financial Statement.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

Fund Balances

At December 31, 2024, Davis County's governmental funds reported combined fund balances of \$259.6 million. Of this amount, \$0.5 million or 0.2 percent is nonspendable due to its form and approximately \$136.1 million or 52.4 percent is restricted for specific programs by external constraints, constitutional provisions, or contractual obligations. An additional \$29.7 million or 11.5 percent of total fund balance has been committed to specific purposes. Committed amounts cannot be used for any other purpose unless approved by the Commissioners. An additional \$66.3 million or 25.5 percent of total fund balance has been assigned to specific purposes, as expressed by management's intent. The remaining \$27 million or 10.4 percent of fund balance is unassigned and available for appropriation. The following chart presents the County's 2024 ending fund balances.

For the Fiscal Year Ended December 31, 2024

General Fund

During 2024, the fund balance in the General Fund decreased by \$0.3 million or 0.7 percent. General Fund revenues increased by \$5 million or 6.1 percent when compared to the prior year. As discussed previously above, \$2.3 million of this is due to an increase in opioid settlement payments. An additional \$0.9 million increase was attributable to the aforementioned increase in intergovernmental and grant revenues and \$0.7 million to the increase in sales taxes. Total General Fund expenditures increased by \$5.3 million or 6.3 percent from 2023. As discussed previously in the governmental activities section above this is largely attributable to increases in salaries, wages, and benefits for employees.

For the year ended December 31, 2024, General Fund transfers in were slightly under \$7 million. Included in this was transfers of \$4.8 million from the SLFRF Fund to help support increased costs of general government services. Also, \$1.1 million was transferred from the Municipal Services Fund to support certain municipal type. \$0.4 million was transferred from the Telephone, E-mail, and Security System Internal Service Fund as a distribution of excess net position accumulated over previous years. The Commission authorized a total of a little over \$6.4 million in transfers out of the General Fund in 2024. The largest of these was a \$5 million transfer to the insurance fund to cover the County's portion of the Miller lawsuit settlement that was not covered by insurance. The remaining \$1.4 million was for debt service and 911 dispatch. A complete list of transfer activity can be found in Note 4 of the Notes to the Financial Statements.

General Fund Budgetary Highlights

Davis County prepares its budget according to state statutes, as described more fully in Note 1.G. The most significant budgeted fund is the General Fund. The County amended the General Fund budget during the year to meet the needs of the departments as issues arose. The most significant changes to the original adopted budget were made to reflect events that the County was unaware of at the time the original budget was prepared. Adjustments included the following:

- The General Fund's budget for property tax revenue was increased by approximately \$0.2 million to better match the revenues projected through the certified tax rate.
- The General Fund's budget for various other revenues was increased by approximately \$0.2 million to better match the revenues projected as amounts collected were coming in higher than original projections.
- The General Fund's expenditure budget had a net increase of \$1.9 million during the year ended December 31, 2024. This was spread through various departments as needs and projections changed over time.
- The General Fund's budget for transfers in and transfers out were increased by \$0.5 million and \$5 million, respectively, as needs and projections changed over time. The \$5 million was for the Miller lawsuit settlement, which was not anticipated.

Actual General Fund revenues were approximately \$87.8 million, which was \$4.6 million, or 5.5 percent above the final budgeted revenues. The only notable significant difference between final budgeted and actual revenues that occurred in the General Fund was for Opioid settlement payments that was \$2.2 million (184.1 percent) more than what was budgeted. As the

For the Fiscal Year Ended December 31, 2024

result of fiscally responsible management, General Fund expenditures were approximately \$88.8 million, which was \$7.4 million (7.7 percent) below the final budgeted expenditures.

Other Major Governmental Funds

During 2024, Health Fund revenues increased by \$1.5 million (6.2 percent). This increase in revenues is due primarily to more grants received. Intergovernmental and grant revenues were \$1.1 million higher in 2024 as compared to 2023. Health Fund expenditures increased by \$1.3 million as well (6.2 percent) which directly corresponds with the increase in grant revenue as these are matching grants wherein the revenues are tied to the expenditures. The transfer out of \$4.1 million was for health-related capital projects. The transfer in of a little under \$0.2 million was mostly transferred from the Telephone, E-mail, and Security System Internal Service Fund as a distribution of excess net position accumulated over previous years. The net change in fund balance was a decrease in fund balance of about \$0.9 million resulting mostly from the transfers out. The ending fund balance was approximately \$10.9 million at December 31, 2024.

The Transportation Fund reported an increase in fund balance of nearly \$17.8 million (19.2 percent), bringing the ending fund balance to almost \$110.4 million. Of this fund balance, \$24 million is restricted to reimburse UDOT for purchases of land to be used for future transportation corridors through the County. An additional \$23.1 million is the County's portion of Proposition 1 local option sales and use tax. The remaining \$63.3 million is from the "3rd quarter" transportation tax. All fund balances held in this fund are restricted for transportation projects within the County. Any other taxes accounted for in this fund were passed through to other governments.

A portion of the America Rescue Plan Act (ARPA) was designated as Coronavirus State and Local Fiscal Recovery Funds (SLFRF). All SLFRF transactions are accounted for in the SLFRF Fund. The County was awarded with a little over \$69 million in SLFRF money to help offset the effects of COVID-19. The first \$34.5 million was received in 2021 and the second and final payment in 2022. Of this, almost \$36.8 million has been spent as of December 31, 2024 and recognized as revenue. The remaining \$32.2 million is reported as unearned revenue and will be used for future SLFRF expenditures.

The Capital Projects Fund received transfers in of almost \$10.1 million, of which \$4.1 million came from the Health Fund and \$6 million came from Tourism. Transfers out of around \$8.4 million included \$0.2 million transferred to the General Fund as already discussed above with the remaining \$8.2 going to the new Animal Care Fund. The Capital Projects Fund spent \$36.2 million on new capital projects in 2024. Details on some of these projects can be found above in the "capital projects" section of this MD&A. Of the \$39.5 million in fund balance at December 31, 2024, \$9.8 million is restricted for use on specific projects. The remaining \$29.7 million has been committed by the commissioners for usage in various capital projects.

Proprietary Funds

The County's enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail. Of the Golf Courses Fund's net position of \$9.8 million at the end of the year, \$7.3 million was in the net investment in capital assets, leaving an unrestricted balance of almost \$2.5 million. The Inmate Services Fund's unrestricted net position was almost \$0.9 million. The change in net position for the two funds was a \$1.3 million increase for Golf and a \$0.1 million increase for Inmate Services. Other factors concerning the finances of these two funds have already been addressed in the discussion of the County's business-type activities.

OTHER MATTERS

As noted above, in prior years the County was awarded a little over \$69 million of funds from the American Rescue Plan Act. As of the end of 2024, the county held almost \$32.2 million of these funds that have been obligated but not yet spent. These funds can be used to help mitigate the effects of COVID-19 and to improve certain types of infrastructure. Funds were all obligated by the end of 2024 and must be spent by the end of 2026.

For the Fiscal Year Ended December 31, 2024

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, and creditors with a general overview of Davis County's finances and to demonstrate the County's accountability for the money it receives. It is available on the County Controller's website at www.daviscountyutah.gov. Questions concerning any of the information in this report or any other matters related to the County's finances should be addressed to:

Governmental Fund Financial Statements

General Fund

This fund is the principal operating fund of the County. It accounts for all financial resources of the government except those required to be accounted for in another fund.

Health Special Revenue Fund

This special revenue fund accounts for taxes levied, grants, and other revenues and expenditures by the County to provide health and aging services.

Transportation Special Revenue Fund

This fund accounts for corridor preservation taxes, which are levied by the County and then held to reimburse the Utah Department of Transportation for its purchases of land for future transportation corridors through the County. This fund also accounts for mass transit and transportation taxes which are levied by the County. The largest portion of these taxes are distributed to the Utah Transit Authority and city governments for transportation projects. The remainder belongs to the County for local transportation projects.

State and Local Fiscal Recovery Funds (SLFRF) Special Revenue Fund

This fund accounts for the County's federal monies received from the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program, a part of the American Rescue Plan to support the County's response to and recovery from the COVID-19 public health emergency.

Capital Projects Fund

This fund accounts for funds accumulated and spent for capital projects.

Nonmajor Governmental Funds

Nonmajor governmental funds are presented individually beginning in the Supplementary Information section.

DAVIS COUNTY EXHIBIT D

RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION DECEMBER 31, 2024

Total fund balances--governmental funds

\$ 259,630,529

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. These assets consist of:

Land and related non-depreciable assets	\$ 51,983,544
Construction-in-progress	67,227,953
Depreciable infrastructure	38,001,810
Buildings, equipment, and other depreciable assets	197,692,984
Accumulated depreciation	(109,003,997)
Total against against	

Total capital assets 245,902,294

Deferred outflows of resources are not reported in the governmental funds:

 Related to OPEB
 1,959,834

 Related to pensions
 23,576,465

Total deferred outflows of resources 25,536,299

Some of the county's revenues will be collected after year-end but are not available soon enough to pay for the current period's expenditures and therefore are reported as unavailable in the funds.

1,950,306

An internal charge between the governmental and business-type activities is not recorded at the fund level.

(186,301)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of those internal service funds that primarily benefit governmental entities are included with governmental activities in the statement of net positon.

4,225,218

Deferred inflows of resources are not reported in the governmental funds:

Related to OPEB (16,238,628)
Related to pensions (151,715)
Total deferred inflows of resources (16,390,343)

Long-term liabilities, including bonds and capital leases payable, are not due and payable in the current period and therefore are not reported in the funds. The details of these differences are as follows:

Bonds, lease, and subscriptions payable	(81,901,182)
Total OPEB liability	(23,546,478)
Compensated absences	(8,597,939)
Net pension liability	(14,345,655)
Accrued interest on bonds	(757,008)

Total long-term liabilities (129,148,262)

Total net position--governmental activities

\$ 391,519,740

DAVIS COUNTY EXHIBIT F

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED DECEMBER 31, 2024

Change in net position of governmental activities

Net change in fund balancestotal governmental funds \$	(17,916)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital purchases (\$43,199,170) exceeded depreciation (\$7,788,482) during the current period.	35,410,688
In the statement of activities, only the gain or loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sales increase financial resources. Thus, the change in net position differs from the change in fund balance by the basis of the assets disposed of.	(181,191)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the fund statements.	123,032
Expenditures are recognized in the governmental funds when paid or due for interest on long term debt, but the statement of activities is presented on the accrual basis and expenses and liabilities are reported when incurred, regardless of when financial resources are available or expenses are paid or due. This is the combination of the amount of net amortization on bond premiums (\$633,198) and the decrease in accrued interest on bonds payable (\$52,099) during the year.	685,297
The liabilities for pensions, OPEB, and compensated absences are not recorded in the governmental funds, but are reported in the statement of net position. This is the current year decrease in pension costs (\$2,268,525) less the current year increase in OPEB costs (\$1,440,138) and compensated absences (\$766,591). These amounts are reported as adjustments to expense in the statement of activities.	61,796
Repayment of debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	4,219,574
The change in internal balances between the governmental activities and the business-type activities relating to internal service funds are reflected in governmental activities but not in the governmental funds.	43,894
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue of internal service funds is reported with governmental activities.	(608,395)

39,736,779

Proprietary Fund Financial Statements

Golf Course Fund

This fund accounts for the operation and financial resources of the two county-owned golf courses - Davis Park and Valley View Golf Course. Revenues come from green fees and other charges to users of the facilities.

Inmate Services Fund

This fund accounts for the operations of a commissary available to the County Jail inmates.

Governmental Activities – Internal Service Funds

These funds account for certain activities that are charged to the other departments on a cost-reimbursement basis. The County maintains internal service funds for Insurance, Telephone, E-mail, and Security System, Buildings and Grounds, and Employee Service Reserve.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Davis County (the County) conform in all material respects to generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the County's significant accounting policies.

A. Reporting Entity

The County is incorporated under the constitutional provisions of the State of Utah. The County operates under a Commission form of government where the three-member elected Commission has budgetary authority over all county departments and is accountable for all fiscal matters. County property taxes and sales taxes fund a significant portion of the costs of providing services to citizens including public safety, public health, judicial services, public works, social services, tourism promotion, libraries, assessing and collecting property taxes, and general administrative services.

The Annual Comprehensive Financial Report (ACFR) of the County includes the financial statements for all activities of the County (referred to as the "primary government" for reporting purposes) and its "component units". Component units are separate legal entities for which the County is considered to be financially accountable. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. The primary criteria for including a board or agency in the ACFR is financial accountability, meaning the County appoints a voting majority of an organization's governing body *and* either 1) the County can impose its will on the organization, or 2) the organization has the potential to provide specific financial benefits to, or impose specific financial burdens on the County.

Where the County does not appoint a voting majority of an organization's governing body, GASB standards require inclusion in the reporting entity if: 1) an organization is fiscally dependent on the County because its resources are held for the direct benefit of the County or can be accessed by the County; and 2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the County. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the financial statements to be misleading.

Blended component units, although legally separate, are in substance part of the government's operations. They are reported as part of the primary government and blended with the appropriate funds. Discretely presented component units are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the County.

Blended Component Units

A component unit should be reported as part of the primary government and blended into the appropriate funds if: 1) services are provided entirely or almost entirely to the primary government; 2) the governing body is substantively the same as the governing body of the primary government and there is a financial benefit or burden relationship or the primary government has operational responsibility; 3) the component unit's total outstanding debt is expected to be repaid entirely or almost entirely by the primary government; or 4) if it is organized as a not-for-profit corporation in which the primary government is the sole corporate member.

The Municipal Building Authority of Davis County is governed by a three-member board comprised of the County Commissioners. Its sole purpose is to finance public facilities. Activities for the Municipal Building Authority are blended with the County's special revenue funds and debt service funds. Separate financial statements are not issued or required for the Authority.

The Municipal Building Authority is considered to be a blended component unit because the governing body is the same as the governing body of Davis County.

Discretely Presented Component Units

Davis Behavioral Health (DBH) - Although the County is named as the legal behavioral health authority by State law, the County has contracted with DBH to deliver these services. DBH provides complete evaluation and treatment for behavioral

For the Fiscal Year Ended December 31, 2024

health and substance abuse. The County provides significant support to these behavioral health services. Payments during 2024 were \$2,071,400 and pass-through grants were \$5,126,418. Related party items at December 31, 2024 consisted of \$2,722,227 accounts payable from the County to DBH.

DBH has been determined to be a discretely presented component unit of the County. DBH is a nonprofit corporation exempt from federal tax under Section 501(c)(3) of the Internal Revenue Code. The basic criterion for including DBH as a component unit is the financial statements may be misleading if Davis Behavioral Health were not included. Separate financial statements for DBH may be obtained from Davis Behavioral Health, 934 South Main Street #6, Layton, Utah 84041.

Wasatch Integrated Waste Management District (WIWMD) – The primary solid waste disposal system currently operated by the WIWMD is the Davis Landfill. Other components of the integrated system, which are located at the Davis Landfill, include; a green waste recycling facility, landfill thrift store, household hazardous waste drop-off facility, landfill gas to energy facility, maintenance shop, and the WIWMD administrative offices.

WIWMD has been determined to be a discretely presented component unit of the County. The County has a minority position in the management of WIWMD. Only three of the nineteen trustee positions are held by the County Commission. The basic criterion for including WIWMD as a component unit is the financial statements may be misleading if WIWMD were not included. Separate financial statements for WIWMD may be obtained from Wasatch Integrated Waste Management District, P.O. Box 900, Layton, Utah 84041-0900.

The determination that a component unit is "major" is based on the nature and significance of its relationship to the primary government. Both Davis Behavioral Health and Wasatch Integrated Waste Management District are considered to be major component units and are presented as of their fiscal year-ends, June 30, 2024.

The County Commissioners are also responsible for appointing or approving the members of the boards of other organizations, but the County's accountability for these organizations does not extend beyond making the appointments.

B. Government-wide and Fund Financial Statements

The County's basic financial statements consist of both government-wide statements and fund statements. The government-wide statements focus on the County as a whole, while the fund statements focus on individual funds.

Government-wide Financial Statements

The government-wide financial statements (the statement of net position and the statement of activities) report information on all non-fiduciary activities of the primary government and its component units. Primary government activities are distinguished between *governmental* and *business-type* activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. The effects of interfund activity have been eliminated from the government-wide statements except for the residual amounts due between governmental and business-type activities.

The Statement of Net Position presents the County's non-fiduciary assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Net position is restricted when constraints placed upon it are either externally imposed or are imposed by constitutional provisions or enabling legislation. The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. The County does not allocate general government (indirect) expenses to other functions. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other revenues not meeting the definition of program revenues are reported as general revenues.

Fund Financial Statements

The financial transactions of the County are recorded in individual funds. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is used to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial

For the Fiscal Year Ended December 31, 2024

statements. For governmental and enterprise funds, the emphasis is on *major funds*, with each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

The County reports the following major governmental funds:

- **General Fund** This fund is the principal operating fund of the County. It is used to account for all financial resources not required to be accounted for in another fund.
- **Health Fund** This special revenue fund accounts for all activities of the County Health Department to provide health and aging services. The Health Fund's principal revenue source is grants.
- Transportation Fund This special revenue fund accounts for corridor preservation taxes, which are levied by the County and then held to reimburse the Utah Department of Transportation for its purchases of land for future transportation corridors through the County. This fund also accounts for mass transit and transportation taxes which are levied by the County but are mostly distributed directly to the Utah Transit Authority and to the cities residing within the County for transportation projects. A portion of these transportation taxes remains in the County and is restricted for usage in County transportation projects.
- State and Local Fiscal Recovery Funds (SLFRF) Fund This special revenue fund accounts for the County's federal monies received from the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program, a part of the American Rescue Plan to support the County's response to and recovery from the COVID-19 public health emergency.
- Capital Projects Fund This fund accounts for funds accumulated and spent for capital projects.

The County's nonmajor governmental funds account for specific revenue sources that are legally restricted to expenditures for specific purposes. Funds included are Tourism, Library, Emergency 911 Dispatch, Municipal Building Authority (MBA) Operations, Municipal Services, CDBG/SSBG, Homebuyer Assistance, Animal Care, Paramedic, RDA Pass-through, Flood Control, General Government Debt Service, MBA Debt Service, and Sales Tax Revenue Bonds Debt Service funds. The nonmajor funds are grouped together in a single column in the basic financial statements, and they are displayed individually in the combining statements.

The County reports the following proprietary funds:

- Golf Courses Fund This major enterprise fund accounts for the operations of the County owned golf courses.
- Inmate Services Fund This major enterprise fund accounts for the sale of services and items available to inmates in the jail.
- Internal Service Funds These funds account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County maintains internal service funds for risk management (insurance), telephone, e-mail, and security systems, buildings and grounds operations, and employee service reserve (primarily dental insurance). Internal service funds are reported in a single column on the proprietary fund statements and are combined with governmental activities on the government-wide statements. They are also displayed individually in the combining statements.

The County reports the following fiduciary funds:

• Treasurer's Tax Collection Custodial Fund – This fund accounts for the collection and disbursement of property taxes for all taxing entities in Davis County.

For the Fiscal Year Ended December 31, 2024

• County Custodial Fund – This fund accounts for assets held by the County as a custodian for other governments, private organizations, or individuals. These assets do not belong to the County and include the collection of property for other governments, personal funds of inmates who are held at the county jail, monies seized in the criminal justice process, monies held for DBH, and other miscellaneous funds that do not belong to the County.

C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the related liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Other taxes and fees are recognized in the year in which the related sales or other activity has occurred. Grants and similar items are recognized as revenue when all eligibility requirements imposed by the provider have been met.

The proprietary and fiduciary fund statements are also prepared using the economic resources measurement focus and the accrual basis of accounting. Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues generally result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating items, such as interest expense and investment earnings, result from non-exchange transactions or ancillary activities.

The governmental fund financial statements are prepared and reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. "Measurable" means that amounts can be reasonably determined within the current period. Expenditures are generally recorded when the related liability is incurred, as under accrual accounting. More specific details concerning revenues and expenditures can be found below in section E.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

Cash, Cash Equivalents, and Investments

Cash and cash equivalents consist primarily of demand deposits with financial institutions and short-term, highly liquid investments with original maturities of three months or less from the purchase date. Investments include non-pooled investments and certificates of deposit with original maturities greater than three months. All cash equivalents and investments are recorded at fair value in accordance with GASB Statement No. 72, Fair Value Measurement, and Application except where there is no material difference between cost and fair value. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

Accounts Receivable

Receivables from other governments are reasonably assured; accordingly, no allowance for uncollectible accounts has been established.

Taxes Receivable

Taxes receivable include accrued amounts for delinquent property taxes. Property taxes attach as an enforceable lien on property on January 1st of each year. Taxes are levied on property owners before June 22 and are payable by November 30th. The County bills and collects property taxes for all taxing entities within the county through the Treasurer's Tax Collection Custodial Fund. Collections are periodically distributed to the taxing entities, with final settlement due March 31st of the subsequent year. The County records a receivable and a deferred inflow of resources for delinquent taxes, but no allowance for doubtful accounts is made as uncollected taxes are deemed to be substantially collectible or recoverable through foreclosure.

For the Fiscal Year Ended December 31, 2024

Inventories and Prepaid Items

Inventories are valued at cost using either the first-in, first out (FIFO) or average cost method and consist of expendable supplies and merchandise. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

Certain payments to vendors for goods and services reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Leases Receivable

The County's leases receivable are measured at the present value of lease payments expected to be received during the lease term. A deferred inflow of resources is recorded for the leases. The deferred inflow of resources is recorded at the initiation of the leases in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of individual leases.

Capital Assets

The County defines capital assets as assets with an initial cost of \$5,000 or more and an estimated useful life of more than one year. Such assets are recorded at historical cost or estimated historical cost where historical cost information is not available. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are recorded at estimated acquisition value on the date of acquisition.

Capital assets purchased by governmental funds are recorded as expenditures in the governmental fund statements. Interest expense for capital asset construction related to governmental activities is not capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Infrastructure improvements, buildings, and equipment are depreciated using the straight-line method over the following estimated useful lives:

Asset Class	<u>Years</u>
Infrastructure	20 - 30
Buildings and Improvements	20 - 40
Equipment	4 - 10
Vehicles	3 - 5

Capital assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Leases as a lessee / Subscription Based Information Technology Arrangements (SBITAs)

The County has entered into noncancellable leases/SBITAs. The County recognizes a liability and an intangible right-to-use assets in the government-wide financial statements.

At the commencement of a lease/SBITA, the County initially measures the liability at the present value of payments expected to be made during the term. Subsequently, the liability is reduced by the principal portion of payments made. The asset is initially measured as the initial amount of the liability, adjusted for payments made at or before the commencement date, plus certain initial direct/implementation costs. Subsequently, the asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases/SBITAs include how the County determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) term, and (3) payments.

- The County uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The term includes the noncancellable period of the lease/SBITA. Payments included in the measurement of the liability are composed of fixed payments and purchase option price that the County is reasonably certain to exercise.

For the Fiscal Year Ended December 31, 2024

In determining the term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the term if the lease/SBITA is reasonably certain to be extended (or not terminated).

The County monitors changes in circumstances that would require a remeasurement of its lease/SBITAs and will remeasure the asset and liability if certain changes occur that are expected to significantly affect the amount of the liability. Assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position. Payments due under the lease/SBITA contracts are fixed payments. Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable,
- amounts expected to be payable by the County under residual value guarantees,
- the exercise price of a purchase option if the group is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the County exercising that option.

Payments to be made under reasonably certain extension options are also included in the measurement of the liability. Extension and termination options are included in leases/SBITAs to maximize operational flexibility in terms of managing the assets used in the County's operations. The majority of extension and termination options held are exercisable only by the County and not by the respective lessor.

The payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, the County's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

Deferred Outflows/Inflows of Resources

In addition to assets, financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period and so will *not* be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period and so will *not* be recognized as an inflow of resources (revenue) until that time. The County has two items, one of which arises only under the modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the first item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes (\$1,950,306). The second item, deferred inflows of resources related to leases (\$1,277,437) is reported the same on both the government-wide and fund levels. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

The County also reports both deferred outflows and inflows of resources relating to pensions and OPEB on the statement of net position for both the government-wide and the proprietary fund statements. See Notes 11 and 12 for further information on deferred outflows and inflows of resources relating to pension and OPEB reporting.

Compensated Absences

County employees accrue vacation leave up to a maximum of 360 hours according to the following schedule:

Per Pay Period
4.00 (13 days per year)
4.93 (16 days per year)
5.85 (19 days per year)
6.77 (22 days per year)

For the Fiscal Year Ended December 31, 2024

Employees are allowed to carry up to 360 hours of unused vacation leave into the next calendar year, and all unused vacation leave is paid to employees upon termination. Employees may also earn compensatory time but only at the discretion of the employee's supervisor. The rate is one and one-half hours for each hour worked, with a maximum of 100 hours that can be accrued. An exception to this policy is for golf course employees, who are allowed up to 120 hours of compensatory during the offseason months of the year.

Permanent full-time employees accrue sick leave at a rate of 3.7 hours for each two-week pay-period while part-time merit employees accrue sick leave at a pro-rated portion. There is no limit to the amount of sick leave accumulated. Once each year an eligible employee can convert 1/3 of that year's unused sick leave to vacation hours or pay. Upon retirement, the County may pay the employee up to 1/3 of unused accumulated sick leave hours. The employee may also use this amount to acquire health insurance. The County may also pay for premiums to maintain health and dental insurance coverage.

Each year, as required by GASB Statement 101, the County records in the financial statements 100 percent of the accrued employee vacation and compensatory time leave liability and a portion of the total sick leave liability. The liability recorded for sick leave is based on the sick leave attributable to employees eligible to retire and those projected to retire in the future. Compensated absences are recorded in the government-wide financial statements and proprietary fund statements as a liability.

Unearned Revenue

In each of the financial statements, unearned revenue is recorded when cash or other assets are received prior to when a claim to those resources is obtained.

Long-term Obligations

In the government-wide statements and proprietary fund statements, long-term debt and other long-term obligations are reported as liabilities. Debt premiums and discounts are netted against the debt payable. Debt premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

Debt refunding gains and losses are reported as deferred inflows or outflows of resources on the statements of net position. These gains and losses are deferred and amortized over the shorter of the life of the refunding debt (new debt) and the refunded debt (the old debt).

In the governmental fund financial statements, bond premiums and discounts are recognized in the current period. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. The face amount of debt issued is reported as other financing sources.

Bond issuance costs are recognized as an outflow of resources in the reporting period in which they are incurred for both the government-wide and fund statements.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plan (URS) including additions to and deductions from URS's fiduciary net position have, been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position and Fund Balances

The difference between assets/deferred outflows and liabilities/deferred inflows is *net position* on the government-wide and proprietary fund statements, and *fund balance* on the governmental fund statements. Note 10 provides more information on the County's policies and classifications related to net position and fund balances.

For the Fiscal Year Ended December 31, 2024

E. Revenues and Expenditures/Expenses

Following are the County's significant policies related to recognition and reporting of certain revenues and expenditures/expenses:

Revenue Availability

Under the modified accrual basis of accounting, revenues are considered to be available when they are collected within the current period or expected to be collected soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers property tax revenues to be "available" if they are collected by the Treasurer's Tax Collection Custodial Fund before year-end. Grants are recognized as revenue when qualified expenditures are incurred and a contractual claim exists with the grantor agency. All other revenues, including sales taxes, are considered to be available if they are collected within 60 days after year-end.

Expenditure/Expense Recognition

In governmental funds, expenditures are generally recorded when the related liability is incurred. However, debt service expenditures, as well as expenditures related to pensions, compensated absences, OPEB, and claims and judgments, are recorded only when payment is due. Capital asset acquisitions are reported as expenditures.

In proprietary funds and government-wide statements, expenses are recorded when the related liability is incurred. Proprietary funds distinguish operating expenses from nonoperating expenses. Operating expenses generally result from providing services in connection with the fund's principal operations.

F. Interfund Activity and Balances

Government-wide Statements

In general, eliminations have been made to minimize the double counting of internal activity, including internal service fund type activity. However, interfund services provided and used between different functional categories have not been eliminated in order to avoid distorting the direct costs and program revenues of the applicable functions. Transfers between governmental and business-type activities are reported at the net amount in the government-wide statement of activities. Interfund receivables and payables have been eliminated from the Statement of Net Position, except for the residual amounts due between governmental and business-type activities, which are shown as "internal balances" and offset each other to result in a zero balance in the total column.

Governmental Fund Statements

Interfund transactions for goods and services provided and used are reported as revenues and expenditures/expenses in the funds involved. Cash transfers between funds of the County are reported as other financing sources and uses in the governmental fund statements.

G. Budgeting and Budgetary Control

Annual budgets are prepared and adopted before December 31 for the calendar year commencing the following January 1 in accordance with the Uniform Fiscal Procedures Act for Utah Counties. Once a budget has been adopted, it remains in effect until it has been formally revised. If any obligations are contracted for in excess of the adopted budget, they are not a valid or enforceable claim against the County. Budgets are adopted on a basis consistent with generally accepted accounting principles.

Adopting the Annual Budget

Each fall, the County Auditor submits a tentative operating budget to the County Commission for the calendar year commencing the following January 1st. The operating budget includes proposed expenditures and the means of financing them. The tentative budget is reviewed, considered, and adopted by the County Commission in a regular or specially scheduled meeting on or before November 1st.

For the Fiscal Year Ended December 31, 2024

Prior to December 31, the County Commission shall hold a public hearing at which time the taxpayers' comments are heard. Copies of the proposed budget are made available for public inspection ten days prior to the budget hearing. After the budget hearing, the tentative budget, with any amendments is legally enacted through passage of a resolution. A copy of the budget is certified by the Auditor and filed with the State Auditor within thirty days of adoption. A copy of the budget is available to the public after adoption.

Control of budgeted expenditures is exercised, under state law, at the department level. Administrative control is maintained through detailed line-item budgets for all departments. All appropriations lapse at the end of the calendar year.

Budgets for the General Fund, special revenue, debt service, and capital projects funds are legally required and are prepared and adopted on the modified accrual basis of accounting. Budgets for proprietary funds are not legally required.

Modifying the Adopted Budget

Transfers of unexpended operational appropriations from one expenditure account to another in the same department can be made by consent of the department heads. Transfers of unexpended appropriations from one department to another department, as well as budget reductions for any department, may be made by resolution of the Commission in accordance with state law. Expenditure appropriations of any fund may be increased by resolution only after a public hearing. Notice of such hearing must be published at least five days in advance of the meeting in accordance with state law.

H. Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2. FINANCIAL REPORTING CHANGES

A. Implementation of New Governmental Accounting Standards

For the fiscal year ended December 31, 2024, the County implemented the following new accounting standards issued by the Governmental Accounting Standards Board (GASB):

GASB Statement No. 100, Accounting Changes and Error Corrections – This statement changes the way the County discloses accounting changes and error corrections.

GASB Statement No. 101, Compensated Absences – This statement changes the way the County recognizes its liability for compensated absences. Although the County has always accounted for vacation time accumulated but not yet used as compensated absence liability, this new standard also requires that the County include a portion of sick leave that is projected to be paid out in the future as compensated absence liability as well.

B. Prior Period Adjustments

Implementation of GASB 101 resulted in a prior period increase in compensated absence liabilities of \$3,194,771. Beginning net position also changed as illustrated in the following table:

For the Fiscal Year Ended December 31, 2024

	As	2/31/2023 previously reported	Change in accounting principle (GASB 101)			12/31/2023 As restated		
Government-wide								
Governmental activities	\$	354,829,321	\$	(3,046,360)	\$	351,782,961		
Buisiness-type activities		9,654,080		(148,411)		9,505,669		
Total government-wide		364,483,401		(3,194,771)		361,288,630		
Proprietary funds				_		_		
Major funds								
Golf Fund		8,716,513		(148,411)		8,568,102		
Inmate Services Fund		707,372		-		707,372		
Nonmajor funds		4,899,894		(66,281)		4,833,613		

NOTE 3. DEPOSITS AND INVESTMENTS

A. Deposits

Custodial Credit Risk. Custodial credit risk for deposits is the risk that in the event of a bank failure, the County's deposits may not be recovered. The County's policy for managing custodial credit risk is to comply with the Money Management Act. The Act requires all deposits of County funds to be in a qualified depository, as defined as a financial institution whose deposits are insured by an agency of the federal government and which is certified by the Utah State Commissioner of Financial Institutions as meeting the requirements of the Act and complying with rules of the Utah Money Management Council. The County's deposits in financial institutions in excess of the amounts insured by the Federal Deposit Insurance Corporation (FDIC) are uninsured and are not collateralized, nor are they required to be collateralized by state statutes. The County's deposits on December 31, 2024 were \$9,310,455, of which \$8,810,455 were uninsured and uncollateralized.

B. Investments

The State of Utah Money Management Council has the responsibility to advise the State Treasurer about investment policies, promote measures and rules that will assist in strengthening the banking and credit structure of the State, and review the rules adopted under the authority of the State of Utah Money Management Act that relate to the deposit and investment of public funds.

The County follows the requirements of the Utah Money Management Act (*Utah Code*, Title 51, Chapter 7) in handling its depository and investment transactions. The Act requires the depositing of County funds in a qualified depository. The Act defines a qualified depository as any financial institution whose deposits are insured by an agency of the Federal Government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

The Money Management Act defines the types of securities authorized as appropriate investments for the County's funds and the conditions for making investment transactions. Investment transactions may be conducted only through qualified depositories, certified dealers, certified investment advisors, or directly with issuers of the investment securities.

Statutes authorize the County to invest in negotiable or nonnegotiable deposits of qualified depositories and permitted negotiable depositories; repurchase and reverse repurchase agreements; commercial paper that is classified as "first-tier" by two nationally recognized statistical rating organizations; bankers' acceptances; obligations of the United States Treasury including bills, notes, and bonds; obligations, other than mortgage derivative products, issued by U.S. government-sponsored enterprises (U.S. Agencies) such as the Federal Home Loan Bank System, Federal Home Loan Mortgage Corporation (Freddie Mac), and Federal National Mortgage Association (Fannie Mae); bonds, notes, and other evidence of indebtedness of political subdivisions of the State; fixed-rate corporate obligations and variable rate securities rated "A" or higher, or the equivalent of "A" or higher, by two nationally recognized statistical rating organizations; shares or certificates in a money market mutual fund as defined in the Money Management Act; and the Utah State Public Treasurers' Investment Fund.

For the Fiscal Year Ended December 31, 2024

The Utah State Treasurer's Office operates the Public Treasurers' Investment Fund (PTIF). The PTIF is available for investment of funds administered by any Utah public treasurer and is not registered with the SEC as an investment company. The PTIF is authorized and regulated by the Money Management Act (*Utah Code*, Title 51, Chapter 7). The Act established the Money Management Council, which oversees the activities of the State Treasurer and the PTIF and details the types of authorized investments. Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gains or losses on investments.

The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses of the PTIF, net of administration fees, are allocated based upon the participants' average daily balances. The value of the PTIF investment pool is approximately equal to the value of the pool shares. The County's investments in the PTIF as of December 31, 2024 are shown below:

	 Fair Value	Maturity (Days)	Quality/Rating	
Utah Public Treasurer's Investment Fund	\$ 314,755,412	38.31*	not rated	

*As reported by the PTIF

Fair Value of Investments

The County measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Valuations based on quoted prices in active markets for identical assets or liabilities that the County can access. Since valuations are based on quoted prices that are readily and regularly available in an active market, the valuation of these securities does not entail any significant degree of judgment. Securities classified as Level 1 inputs include U.S. Government securities and other U.S. Agency and sovereign government obligations.;
- Level 2: Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly. Securities classified as Level 2 include corporate and municipal bonds, and "brokered" or securitized certificates of deposit; and,
- Level 3: Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

On December 31, 2024, the County had the following recurring fair value measurements:

Security Type Category	Level 1	Level 2	Level 3	Total
Agency	\$ 15,891,430	\$ -	\$ -	\$ 15,891,430
CD	-	28,665,417	-	28,665,417
Corporate	-	24,431,635	-	24,431,635
Currency	15,691	-	-	15,691
MM Fund	1,697,992	-	-	1,697,992
US Government	26,380,235			26,380,235
	\$ 43,985,348	\$ 53,097,052	\$ -	\$ 97,082,400

Debt and equity securities classified in Level 1 are valued using prices quoted in active markets for those securities.

For securities that generally have market prices from multiple sources, it can be challenging to select the best individual price, and the best source one day may not be the best source on the following day. The solution is to report a "consensus price" or a weighted average price for each security. The County receives market prices for these securities from a variety of industry-standard data providers (e.g., Bloomberg), security master files from large financial institutions, and other third-party sources. Through the help of an investment advisor, the County uses these multiple prices as inputs into a distribution-curve based algorithm to determine the daily market value.

• U.S. Treasuries, Money Markets, U.S. Agencies: quoted prices for identical securities in markets that are active;

For the Fiscal Year Ended December 31, 2024

Debt securities classified in Level 2 are valued using the following approaches

- Corporate and Municipal Bonds and Commercial Paper: quoted prices for similar securities in active markets;
- Repurchase Agreements, Negotiable Certificates of Deposit, and Collateralized Debt Obligations: matrix pricing based on the securities' relationship to benchmark quoted prices;
- Bond Mutual Funds: published fair value per share (unit) for each fund; and,
- Donated Real Estate: recent appraisals of the real estate's value.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County's policy for managing its exposure to fair value loss arising from increasing interest rates is to comply with the State's Money Management Act. Section 51-7-11 of the Money Management Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested. The Act further limits the remaining term to maturity on all investments in commercial paper, bankers' acceptances, fixed-rate negotiable certificates of deposits, and fixed-rate corporate obligations to 270 days - 15 months or less. The Act further limits the remaining term to maturity on all investments in obligations of the United States Treasury, obligations issued by U.S. government-sponsored enterprises, and bonds, notes, and other evidence of indebtedness of political subdivisions of the State to 5 years. In addition, variable rate corporate note securities may not have a remaining term to final maturity exceeding three years.

As of December 31, 2024, the County's investments had the following maturities:

Final Maturity	Security	Final		Ending Market		E	nding Book	Book Value +		
Group	Туре	Maturity	Des cription	<u>Valu</u>	Value + Accrued		Value		Accrued

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County's policy for reducing its exposure to credit risk is to comply with the State's Money Management Act, as previously discussed.

For the Fiscal Year Ended December 31, 2024

At December 31, 2024, the County's investments had the following quality ratings:

	Security			Ending Book	Moody's	DBRS	Rating	En	ding Market	Book Value +
Rating	Type	Description	CUSIP	Value	Rating	Rating	(CD's)	Valu	ue + Accrued	Accrued

				\$ 96,616,002				\$	97,722,747	\$ 97,256,349

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The County's policy for reducing this risk of loss is to comply with the Rules of the Money Management Council. Rule 17 of the Money Management Council limits investments in a single issuer of commercial paper and corporate obligations to 5-10% depending upon the total dollar amount held in the portfolio.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The County does have a formal policy for custodial credit risk. All investments other than bank deposits or funds invested in the state treasurers fund are to be held by a third party with securities delivered on delivery vs. purchase basis. As of December 31, 2024, the County safe-kept all investments with custodian counterparty US Bank, and all investments which was/were held by the counterparty's trust department or agent are registered in the County's name.

NOTE 4. INTERFUND BALANCES AND TRANSFERS

A. Interfund Balances

Interfund balances arise as the pooled-cash balance of a specific fund becomes negative, thus technically drawing on the pooled-cash of other funds. Interfund balances and loans at December 31, 2024 consisted of the amounts below:

Due to General Fund from: Nonmajor Governmental Fund:

CDBG/SSBG Fund Total Due From Other Funds

\$ 21,784 \$ 21,784

For the Fiscal Year Ended December 31, 2024

B. Transfers

Transfers between funds occur primarily to finance programs accounted for in one fund with resources collected in other funds in accordance with budgetary authorizations. Interfund transfers for the year ended December 31, 2024 are shown below.

	Trans fer In		Transfer C	Out
Major Funds:				
General Fund	\$ 6,985,278	a, c, d, e, g	\$ 6,414,2	.04 b
Health Fund	192,899	a, e	4,069,7	92 c
Transportation Fund	648,567	g	56,9	32 f
SLFRF Fund	16,995	e	6,443,3	86 a
Capital Projects Fund	10,069,792	c	8,350,0	00 d
Golf Courses Fund	19,523	e	=	•
Inmate Services Fund	490	e	250,0	000 a
Nonmajor Funds:				
Tourism Fund	18,731	e	9,938,9	50 с
Library Fund	91,165	e	630,8	46 c
Emergency 911 Dispatch Fund	223,062	b, e	-	•
MBA Operating Fund	=		160,9	10 a
Municipal Services Fund	292,866	e, f	1,763,5	67 g
Homebuyer Assistance Fund	1,600,000	a	-	•
Animal Care Fund	8,206,147	d, e	-	-
Flood Control Fund	72,295	e, f	2,067,1	28 f
MBA Debt Service Fund	1,454,500	b, c	-	
Sales Tax Revenue Bonds Debt Service Fund	5,835,075	c, f		<u>. </u>
Total Nonmajor Funds	17,793,841		14,561,4	-01
Internal Service Funds	5,235,325	b, c, e	816,9	95 e
Total Transfers In and Transfers Out	\$ 40,962,710	=	\$ 40,962,7	10

- a) The SLFRF Fund transferred \$4,825,788 to the General Fund to support SLFRF approved projects. It also transferred \$1,600,000 to the Homebuyer Assistance Fund to provide the cash for the fund and \$17,598 to the Health Fund for WIC program activities. The General Fund also received \$160,910 from the MBA Operating Fund for debt service payments and \$250,000 from Inmate Services to support Corrections.
- b) The General Fund transferred general tax monies totaling \$200,000 to support the emergency 911 dispatch. The General Fund also transferred \$1,214,204 to the MBA Debt Service Fund for debt service payments. Lastly, the General Fund transferred \$5,000,000 to the Insurance Fund for the portion of a lawsuit judgement that was not covered by insurance.
- c) The Health and Tourism Funds transferred \$4,069,792 and \$6,000,000, respectively, to the Capital Projects Fund to pay for health and tourism related capital projects. Tourism and Library Funds also transferred \$3,667,700 and \$630,846, respectively, to the debt service funds for debt service payments. Finally, the Tourism Fund transferred \$52,000 to the General Fund and \$219,250 to Internal Service Funds for tourism related projects.
- d) The Capital Projects Fund transferred \$150,000 to the General Fund to support the increasing costs of general government services. It also transferred \$8,200,000 to the Animal Care Fund for construction projects.
- e) The Telephone, E-mail, and Security System Fund, an internal service fund, issued refunds of \$800,000 to its users to distribute excess net position accumulated over the years. The Facilities Internal Service Fund transferred \$16,995 to the SLFRF Fund to correct an error from the prior year.
- f) The Flood Control Fund transferred \$290,303 to the Municipal Services Fund for usage of heavy equipment used in flood control projects and \$1,776,825 to the Sales Tax Revenue Bonds Debt Service Fund for debt service payments. The Transportation also moved \$56,932 to the Flood Control Fund for the use of equipment and supplies.

For the Fiscal Year Ended December 31, 2024

g) The Municipal Services Fund transferred \$1,115,000 to the General Fund and \$648,567 to the Transportation Fund to support municipal type services included in those funds.

NOTE 5. LEASES RECEIVABLE

At various dates the County has entered into lease agreements with cellular phone service providers. Under the leases, the cellular phone service providers pay the County for the use of land on which their various cellular transmission towers and equipment are built and maintained. The County has also entered into leases with other organizations for use of building office space. The leases receivable and deferred inflow of resources from leases are measured at the present value of future minimum lease payments expected to be received during the lease terms at a discount rate of 3.75 percent, which was the prime rate at January 1, 2022 (the date GASB 87 was implemented) plus 0.5 percent. Lease revenue is recognized by amortizing the deferred inflows of resources on a straight-line basis over the term of the leases.

For the year ended December 31, 2024, the County recognized \$245,119 of lease revenue and \$60,751 of interest revenue under the leases.

	Balance January 1,				Balance December
	2024	Add	itions	Reductions	31, 2024
Leases receivable	\$1,695,672	\$	-	\$ (245,119)	\$1,450,553
Deferred inflow related to leases	\$1,517,521	\$	-	\$ (240,084)	\$1,277,437

Future minimum lease payments receivable are as follows:

		Land Leases		I	Building Lease	s	Total				
Year	Principal Reduction	Interest Revenue	Total	Principal Reduction	Interest Revenue	Total	Principal Reduction	Interest Revenue	Total		
2025	\$ 28,047	\$ 19,647	\$ 47,694	\$ 228,953	\$ 31,776	\$ 260,729	\$ 257,000	\$ 51,423	\$ 308,423		
2026	30,803	18,548	49,351	186,328	23,421	209,749	217,131	41,969	259,100		
2027	13,267	17,691	30,958	119,795	18,208	138,003	133,062	35,899	168,961		
2028	14,762	17,168	31,930	125,286	13,697	138,983	140,048	30,865	170,913		
2029	16,346	16,587	32,933	31,020	8,980	40,000	47,366	25,567	72,933

^{*} The change in the compensated absences liability is presented as a net change.

For the Fiscal Year Ended December 31, 2024

Additional information related to these long-term liabilities is found in the following tables including debt service requirements to maturity.

B. General Obligation Bonds

The County issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the County. The County is subject to a statutory limitation, by the State of Utah, of bonded general obligation indebtedness of two percent of the most recent adjusted fair market value of taxable property. The limit for the County as of December 31, 2024 was \$1,563,428,555, providing a debt margin of \$1,563,428,555. As of December 31, 2024, the County had no outstanding General Obligation Debt.

C. Sales Tax Revenue Bonds

The County issues sales tax revenue bonds to provide funds for the acquisition, construction, and expansion of major capital facilities. These bonds are not considered general obligations of the County, but are special limited obligations secured by and payable solely from the County's Sales Tax receipts. Sales Tax Revenue Bonds Payable at December 31, 2024 consisted of the following:

	Sales Tax Revenue Bonds Payable

For the Fiscal Year Ended December 31, 2024

D. Lease Revenue Bonds

Lease revenue bonds are issued by the Municipal Building Authority of Davis County, a blended component unit of the County. These bonds are not considered general obligations of the County, but are special limited obligations payable from the lease revenues derived from the assets acquired or constructed with bond proceeds. Lease Revenue Bonds Payable at December 31, 2024 consists of the following:

_	Lease Revenue Bonds Payable							
-	Issue Date	Maturity Date	Interest Rate	Original Amount	De	Balance ecember 31, 2024

E. Lease Obligations

The County has entered into an agreement to lease certain office space. The lease agreement qualifies as other than short-term leases under GASB 87 and, therefore, has been recorded at the present value of the remaining future minimum lease payments as of December 31, 2024.

The lease originated in 2012 and has been renewed up until the most recent amendment dated June 15, 2021 for use by the County Attorney's Office. The current lease began on January 1, 2022 and expires on December 31, 2026 with one Five (5) year option at the expiration of the lease term. It is expected that this five year option will be exercised. Annual lease payments for 2023 were \$246,714 and increase by 2 percent per year. The lease liability is measured at a discount rate of 3.75 percent, which is the imputed rate of the lease agreement. As a result of the lease, the County has recorded a right to use asset with a net book value of \$1,553,486 on December 31, 2024. The right to use asset is discussed in more detail in the right to use leased asset section of Note 6.

For the Fiscal Year Ended December 31, 2024

The future minimum lease obligation and the net present value of these minimum lease payments as of December 31, 2024, are as follows:

Year	Principal	Interest	Total
2025	\$ 196,260	\$ 60,421	\$ 256,681
2026	208,870	52,944	261,814
2027	222,062	44,989	267,051
2028	235,858	36,534	272,392
2029	250,285	27,555	277,840
2030-2031	546,501	25,960	572,461
Total	\$ 1,659,836	\$ 248,403	\$ 1,908,239

F. Subscription Based IT Arrangements (SBITA)

The County has entered into agreements to use software subscriptions for e-mail, internet security, and other technology related functions. These agreements call for fixed payments and have terms of three years. The County is not reasonably certain that it will exercise its renewal options beyond the initial term for its agreements and is therefore amortizing the related subscription asset over the original term. See note 6 for disclosures of subscription assets and related accumulated amortization.

The statement of net position shows the following amounts relating to SBITAs:

	00 ,	ernmental ctivities
Current Non-current		107,142
	\$	107,142

The future principal and interest payments as of December 31, 2024 were as follows:

<u>Year</u>	Principal	<u>Interest</u>	Total		
2025	\$ 107,142	\$ 7,232	\$ 114,374		

NOTE 8. LITIGATION AND CONTINGENCIES

The County records liabilities resulting from claims and legal actions when they become fixed or determinable in amount. In December of 2024, the County entered into a settlement agreement of \$9,721,994 with the Estate of Heather Miller related to claims arising from her death after being incarcerated in the Davis County Jail. The claim was paid using \$5,000,000 from insurance and the remainder from General Fund balance. The County is currently the defendant in several pending lawsuits. Legal counsel is of the opinion that potential claims against the County resulting from such litigation not covered by insurance do not pose a threat of significant liability to the County.

For the Fiscal Year Ended December 31, 2024

The County has received several federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Based upon prior experience, the County believes such disallowances, if any, will be immaterial.

NOTE 9. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County finances these risks through membership in the Utah Counties Indemnity Pool (UCIP), which is a self-insurance risk sharing interlocal agency of 22 Utah Counties along with 48 special service districts and other county-related entities, to mitigate the costs of these risks. The County's responsibility extends only to payment of contributions and deductibles. Deductibles are \$500 for damage to buildings and equipment and \$1,000 for auto physical damage. UCIP provides Davis County \$5,000,000 per occurrence coverage with a \$10 million annual aggregate for employee benefits liability claims and a \$15 million annual aggregate for public officials and law enforcement. There is no annual aggregate for auto and general liability claims. The amount of settlements has not exceeded UCIP coverage since the inception of County membership in 1992.

The County maintains the Risk Management Fund (an internal service fund) to account for the cost of commercial insurance, group self-insurance, and to finance its risk of losses not covered by insurance. All departments of the County make payments to the Risk Management Fund based on estimates of each department's insurable risks of loss and on amounts needed to pay prior and current-year uninsured claims.

NOTE 10. NET POSITION AND FUND BALANCES

A. Net Position

The net position represents the difference between assets/deferred outflows and liabilities/deferred inflows. The net position component "net investment in capital assets" consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Deferred outflows/inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position. The net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The government-wide statement of net position reports \$126,291,149 of restricted net position, none of which is restricted by enabling legislation. The balance of the net position is reported as unrestricted. The County's flow assumption policy is to use restricted net position before using unrestricted net position.

B. Fund Balance

Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- Nonspendable Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- **Restricted** Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by grantors, creditors, or laws or regulations of other governments.
- Committed Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the County Commissioners through the approval of a motion. Only the County Commissioners may modify or rescind the commitment.

For the Fiscal Year Ended December 31, 2024

- Assigned Fund balances are reported as assigned when amounts are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. The budget officer of the County or his designee has authority to assign fund balance. As defined by County ordinance, the County Auditor is the budget officer of the County. The Commissioners may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily, so an additional action does not need to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.
- Unassigned Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criteria. The County reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

It is the County's policy to consider restricted fund balance to have been used before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, it is the County's policy to use fund balance in the following order: 1. Committed, 2. Assigned, and 3. Unassigned. The table on the next page summarizes the purposes of the County's restricted, committed, and assigned fund balances:

	Governmental Fund Balances				
	Restricted	Committed	Assigned		
	Purposes	Purposes	Purposes		
General Fund:					
Subsequent year's budget: appropriation of fund balance	\$ -	\$ -	\$ 9,481,961

For the Fiscal Year Ended December 31, 2024

NOTE 11. RETIREMENT PLANS

A. Pension Plans

General Information about the Pension Plan

Plan description: Eligible plan participants are provided with pensions through the Utah Retirement Systems. Utah Retirement Systems are comprised of the following pension trust funds:

Defined Benefit Plans

- Public Employees Noncontributory Retirement System (Noncontributory System) Is a multiple employer, cost sharing, public employee retirement system.
- Public Safety Retirement System (Public Safety System) Is a cost sharing, multiple employer public employee retirement system.
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System) Is a multiple employer, cost sharing, public employee retirement system.
- Tier 2 Public Safety and Firefighter Contributory Retirement System (Tier 2 Public Safety and Firefighters System) Is a multiple employer, cost sharing, public employee retirement system.

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System.

The Utah Retirement Systems (Systems) are established and governed by the respective sections of Title 49 of the *Utah Code Annotated* 1953, as amended. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Utah State Retirement Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms.

URS issues a publicly available financial report that can be obtained by writing to Utah Retirement Systems, 560 East 200 South, Salt Lake City, Utah 84102 or by visiting the website: www.urs.org/general/publications.

Benefits provided: URS provides retirement, disability, and death benefits. Retirement benefits are as follows:

_	_	Γier 1	Tier 2			
	Noncontributory System	Public Safety System	Public Employees System	Public Safety and Firefighter System		
Final Average Salary	Highest 3 Years	Highest 3 Years	Highest 5 Years	Highest 5 Years		
Years of Service Required and/or Age Eligibile for Benefit	30 years any age (a) 25 years any age (a) 20 years age 60 (a) 10 years age 62 (a) 4 years age 65	20 years any age 10 years age 60 4 years age 65	35 years any age 20 years age 60 (a) 10 years age 62 (a) 4 years age 65	25 years any age 20 years age 60 (a) 10 years age 62 (a) 4 years age 65		
Benefit Percentage per Year of Service	2.0% per year all years	2.5% per year up to 20 2.0% per year over 20 years	1.5% per year all years	1.5% per year to June 2020 2.0% per year July 2020 to present		
Annual Cost of Living Adjustment (b)	up to 4.0%	up to 2.5%	up to 2.5%	up to 2.5%		

⁽a) With actuarial reductions.

⁽b) All post-retirement cost-of-living adjustments are non-compounding and are based on the original benefit except for Judges, which is a compounding benefit. The cost-of-living adjustments are also limited to the actual Consumer Price Index (CPI) increase for the year, although unused CPI increases not met may be carried forward to subsequent years.

For the Fiscal Year Ended December 31, 2024

Contribution Rate Summary

As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable), is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contribution rates as of December 31, 2024 are as follows:

Utah Retirement Systems

	Employee	Employer	Employer 401(k)
Contributory System			
111 - Local Governmental Division Tier 2	0.7%	15.19%	N/A
Noncontributory System			
15 - Local Governmental Division Tier 1	N/A	16.97%	N/A
Public Safety Retirement System			
Noncontributory			
43 - Other Division A with 2.5% COLA	N/A	33.54%	N/A
Contributory			
122 - Tier 2 DB Hybrid Public Safety	4.73%	25.33%	N/A
Tier 2 DC Only			
211 - Local Government	N/A	5.19%	10.00%
222 - Local Government	N/A	11.33%	14.00%

Tier 2 rates include a statutory required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans.

For the fiscal year ended December 31, 2024, the employer and employee contributions to the Systems were as follows:

System	Emplo	oyer Conributions	Employee Contril	butions
Noncontributory System	\$	3,928,720		N/A
Public Safety Retirement System		2,485,144		-
Tier 2 Public Employees System		2,748,155		63,102
Tier 2 Public Safety and Firefighter		1,862,287	20	69,958
Tier 2 DC Only System		299,442		N/A
Tier 2 DC Public Safety and Firefighter System		125,605		N/A
Total Contributions	\$	11,449,353	\$ 3:	33,060

Contributions reported are the URS Board approved required contributions by System. Contributions in the Tier 2 Systems are used to finance the unfunded liabilities in the Tier 1 Systems.

Combined Pension Assets, Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Relating to Pensions

At December 31, 2024, we reported a net pension asset of \$0 and a net pension liability of \$15,225,227.

For the Fiscal Year Ended December 31, 2024

	 Decemb	er 31,	2023 (Measurer	ment Date)		
	 Pension sset		Net Pension Liability	Proportionate Share	Proportionate Share December 31, 2022	Change (Decrease)
Noncontributory System	\$ -	\$	5,997,879	2.5857778%	2.6934691%	(0.1076913)%
Public Safety Retirement System	-		7,394,431	5.1703378%	5.0537300%	0.1166078%
Tier 2 Public Employees System	-		1,213,901	0.6236708%	0.6511471%	(0.0274763)%
Tier 2 Public Safety and Firefighter	 		619,015	1.6432927%	1.5690767%	0.0742160%
	\$ -	\$	15,225,226			

The net pension asset and liability was measured as of December 31, 2023, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2023, and rolled-forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer's actual contributions to the Systems during the plan year over the total of all employer contributions to the System during the plan year.

For the year ended December 31, 2024, the County recognized pension expense of \$9,143,518.

At December 31, 2024, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following sources:

	 erred Outflows f Resources	Deferred Inflows of Resources	
Differences between expected and actual experience	\$ 6,208,105	\$	62,135
Changes in assumptions	3,595,444		13,661
Net difference between projected and actual earnings on pension plan investments Changes in proportion and differences between contributions and proportionate	3,210,750		-
share of contributions	301,488		85,221
Contributions subsequent to the measurement date	11,449,353		
Total	\$ 24,765,140	\$	161,017

\$11,449,353 reported as deferred outflows of resources related to pensions results from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2023.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31,	rred Outflows s) of Resources
2024	\$ 4,051,308
2025	\$ 2,903,704
2026	\$ 6,137,192
2027	\$ (1,147,366)
2028	\$ 183,647
Thereafter	\$ 1,026,285

For the Fiscal Year Ended December 31, 2024

Noncontributory System Pension Expense, and Deferred Outflows and Inflows of Resources

For the year ended December 31, 2024, the County recognized pension expense of \$4,137,836.

At December 31, 2024, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following:

	Deferred Outflo of Resources		Deferred Inflow Resources	
Differences between expected and actual experience	\$	4,199,785	\$	-
Changes in assumptions		1,799,837		-
Net difference between projected and actual earnings on pension plan investments Changes in proportion and differences between contributions and proportionate		1,950,456		-
share of contributions		2,778		8,914
Contributions subsequent to the measurement date		3,928,720		
Total	\$	11,881,576	\$	8,914

\$3,928,720 was reported as deferred outflows of resources related to pensions resulting from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2023.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Deter	Deterred Outflows		
Year Ended December 31,	(Inflows	s) of Resources		
2024	\$	2,617,709		
2025	\$	2,478,438		
2026	\$	3,666,993		
2027	\$	(819,199)		
2028	\$	-		
Thereafter	\$	-		

Public Safety System Pension Expense, and Deferred Outflows and Inflows of Resources

For the year ended December 31, 2024, the County recognized pension expense of \$2,629,332.

At December 31, 2024, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following

For the Fiscal Year Ended December 31, 2024

		rred Outflows Resources	Deferred Inflows of Resources	
Differences between expected and actual experience	\$	1,288,505	\$	-
Changes in assumptions		649,758		-
Net difference between projected and actual earnings on pension plan investments Changes in proportion and differences between contributions and proportionate		1,058,439		-
share of contributions		63,354		8,905
Contributions subsequent to the measurement date		2,485,144		
Total	\$	5,545,200	\$	8,905

\$2,485,144 was reported as deferred outflows of resources related to pensions resulting from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2023.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Defer	Deferred Outflows	
Year Ended December 31,	(Inflows	s) of Resources	
2024	\$	1,258,794	
2025	\$	185,547	
2026	\$	2,067,253	
2027	\$	(460,442)	
2028	\$	-	
Thereafter	\$	_	

Tier 2 Public Employees System Pension Expense, and Deferred Outflows and Inflows of Resources

For the year ended December 31, 2024, the County recognized pension expense of \$1,587,849.

At December 31, 2024, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following:

	 rred Outflows Resources	Deferred Inflows of Resources	
Differences between expected and actual experience	\$ 388,804	\$	19,879
Changes in assumptions	694,831		960
Net difference between projected and actual earnings on pension plan investments Changes in proportion and differences between contributions and proportionate	137,077		-
share of contributions	184,126		30,479
Contributions subsequent to the measurement date	3,047,597		-
Total	\$ 4,452,435	\$	51,318

\$3,047,597 was reported as deferred outflows of resources related to pensions resulting from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2023.

For the Fiscal Year Ended December 31, 2024

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Deferr	ed Outflows
Year Ended December 31,	(Inflows)	of Resources
2024	\$	116,937
2025	\$	165,285
2026	\$	282,101
2027	\$	93,822
2028	\$	126,941
Thereafter	\$	568,437

Tier 2 Public Safety and Firefighter Pension Expense, and Deferred Outflows and Inflows of Resources

For the year ended December 31, 2024, the County recognized pension expense of \$788,501.

At December 31, 2024, we reported deferred outflows of resources and deferred inflows of resources relating to pensions from the following:

	 Resources	Deferred Inflows of Resources	
Differences between expected and actual experience	\$ 331,012	\$	42,256
Changes in assumptions	451,018		12,701
Net difference between projected and actual earnings on pension plan investments Changes in proportion and differences between contributions and proportionate share of	64,776		-
contributions	51,230		36,923
Contributions subsequent to the measurement date	1,987,891		
Total	\$ 2,885,927	\$	91,880

\$1,987,891 was reported as deferred outflows of resources related to pensions resulting from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2023.

These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Deferred	Deferred Outflows				
Year Ended December 31,	(Inflows) o	f Resources				
2024	\$	57,868				
2025	\$	74,434				
2026	\$	120,846				
2027	\$	38,453				
2028	\$	56,706				
Thereafter	\$	457,849				

For the Fiscal Year Ended December 31, 2024

Actuarial assumptions: The total pension liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.5 Percent

Salary increases 3.5-9.5 percent, average, including inflation

Investment rate of return 6.85 percent, net of pension plan investment expense, including

inflation

Mortality rates were adopted from an actuarial experience study dated January 1, 2023. The retired mortality tables are developed using URS retiree experience and are based upon gender, occupation, and age as appropriate with projected improvement using the ultimate rates from the MP-2020 improvement assumption using a base year of 2020. The mortality assumption for active members is the PUB-2010 Employees Mortality Table for public employees, teachers, and public safety members, respectively.

The actuarial assumptions used in the January 1, 2023, valuation were based on the results of an actuarial experience study for the period ending December 31, 2022.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

		Expected Return Arithmetic Basis							
Asset class		Target Asset Allocation	Real Return Arithmetic Basis	Long-Term expected portfolio real rate of return					
Equity securities		35%	6.87%	2.40%					
Debt securities		20%	1.54%	0.31%					
Real assets		18%	5.43%	0.98%					
Private equity		12%	9.80%	1.18%					
Absolute return		15%	3.86%	0.58%					
Cash and cash equivalents		0%	0.24%	0.00%					
Totals		100%		5.45%					
	Inflation			2.50%					
	Expected arithmetic nominal return	<u> </u>		7.95%					

The 6.85 percent assumed investment rate of return is comprised of an inflation rate of 2.5 percent, and a real return of 4.35 percent that is net of investment expense.

Discount Rate: The discount rate used to measure the total pension liability was 6.85 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current, active, and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate.

Sensitivity of the proportionate share of the net pension asset and liability to changes in the discount rate: The following presents the proportionate share of the net pension liability calculated using the discount rate of 6.85 percent, as well as what

For the Fiscal Year Ended December 31, 2024

the proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (5.85 percent) or 1 percentage point higher (7.85 percent) than the current rate:

System	1	1% Decrease (5.85%)		Discount Rate (6.85%)		1 % Increase (7.85%)
Noncontributory System	\$	31,128,674	\$	5,997,879	\$	(15,047,457)
Public Safety System		23,201,700		7,394,431		(5,487,515)
Tier 2 Public Employees System		4,170,791		1,213,901		(1,079,166)
Tier 2 Public Safety and Firefighter		1,994,487		619,015		(481,386)
Total	\$	60,495,652	\$	15,225,226	\$	(22,095,524)

Pension plan fiduciary net position: Detailed information about the pension plans fiduciary net position is available in the separately issued URS financial report.

B. Defined Contribution Savings Plans

The Defined Contribution Savings Plans are administered by the Utah Retirement Systems Board and are generally supplemental plans to the basic retirement benefits of the Retirement Systems, but may also be used as a primary retirement plan. These plans are voluntary tax-advantaged retirement savings programs authorized under sections 401(k), 457(b), and 408 of the Internal Revenue code. Detailed information regarding plan provisions is available in the separately issued URS financial report.

The County participates in the following Defined Contribution Savings Plans with Utah Retirement Systems:

- 401(k) Plan
- 457(b) Plan
- Roth IRA Plan
- Traditional IRA Plan

Employee and employer contributions to the Utah Retirement Defined Contribution Savings Plans for fiscal year ended December 31, were as follows:

401(k) Plan	2024	2023	2022
Employer Contributions	\$ 2,747,518	\$ 2,535,665	\$ 2,333,417
Employee Contributions	\$ 2,951,171	\$ 2,632,052	\$ 2,434,671
457 Plan	2024	2023	2022

NOTE 12. OTHER POSTEMPLOYMENT BENEFITS

A. General Information about the OPEB Plan

Plan Description

In addition to the pension benefits described in Note 11, the County provides postemployment health care, through a single employer defined benefit plan, to all employees who have worked for the County for at least eight years and are eligible to retire under Utah Retirement System regulations. The benefits, benefit levels, employee contributions, and employer contributions are governed by County policy, and can be amended at any time. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan and the current funding policy is to pay benefits directly from general assets on a pay-as-you-go basis. The plan does not issue a separate report.

Benefits Provided

The County provides healthcare benefits to eligible retirees and their dependents for a period of up to five years beginning at the employee's retirement date. Healthcare benefits offered under the plan are currently the same medical insurance benefits as are provided to active employees.

Employees Covered by Benefit Terms

At December 31, 2024, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	78
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	1,114
Total participants	1,192

B. Total OPEB Liability

The County's total OPEB liability at December 31, 2023 was \$24,644,743. This was measured as of December 31, 2024 with a valuation date of January 1, 2025.

Actuarial assumptions and other inputs: The total OPEB liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement:

Inflation2.3 percentSalary increasesGraded by ServiceDiscount rate4.08 percent

Healthcare cost trend rates 6.4 percent - 3.7 percent over 51 years.

The discount rate was based on the Bond Buyer General Obligation 20-Bond Municipal Index as of December 31, 2024.

Mortality rates were based on 2010 Public General Healthy Retiree with 100 percent of MP Ultimate scale. This assumption includes a margin for future improvements in longevity.

The plan has not had a formal actuarial experience study performed.

For the Fiscal Year Ended December 31, 2024

The following table shows the components of the County's changes in total OPEB liability:

Balance at December 31, 2023	\$ 34,145,405
Changes for the year:	
Service cost	2,289,684
Interest on total OPEB liability	1,198,494
Effect of plan changes	-
Effect of economic/demographic gains or losses	(11,116,426)
Effect of assumptions changes or inputs	(1,415,030)
Expected benefit payments	 (457,384)
Balance at December 31, 2024	\$ 24,644,743

Sensitivity Analysis

The following presents the total OPEB liability of the County, calculated using the discount rate of 4.08 percent, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.08 percent) or 1 percentage point higher (5.08 percent) than the current rate.

	1% Decrease (3.08%)		Discount Rate (4.08%)		1	% Increase (5.08%)	
Total December 31, 2024 OPEB liability	\$ 26,566,213		\$	24,644,743	\$	22,860,276	

The following presents the total OPEB liability of the County, calculated using the current healthcare cost trend rates as well as what the County's total OPEB liability would be if it were calculated using trend rates that are 1 percentage point lower or 1 percentage point higher than the current trend rates.

	Current Trend						
	1	% Decrease		Rate		1 % Increase	
Total December 31, 2024 OPEB liability	\$	22,030,966	\$	24,644,743	\$	27,707,704	

C. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2024, the County recognized OPEB expense as follows:

\$	2,289,684
	1,198,494
	-
	(1,181,018)
	(304,523)
S	2,002,637
	\$

For the Fiscal Year Ended December 31, 2024

As of December 31, 2024, the deferred outflows of resources and deferred inflows of resources relating to OPEB were as follows:

	Deferred Outflows of Resources			Deferred Inflows of Resources		
Differences between expected and actual experience Changes in assumptions	\$	- 2,081,894	\$	(12,925,899) (4,362,314)		
Total	\$	2,081,894	\$	(17,288,213)		

Amounts currently reported as deferred outflows of resources and deferred inflows of resources related to other postemployment benefits will be recognized in OPEB expense as follows:

Year Ended December 31,	Deferred Outflows (Inflows) of Resources				
2025	\$ (1,485,541)				
2026	\$ (1,485,541)				
2027	\$ (1,485,541)				
2028	\$ (1,485,541)				
2029	\$ (1,485,541)				
Thereafter	\$ (7,778,614)				

Note that additional future deferred inflows and outflows of resources may impact these numbers

NOTE 13. TAX ABATEMENT AND FOREGONE REVENUE

The County participates in redevelopment activities that qualify as tax abatements according to GASB 77 through multiple redevelopment agencies as authorized under UCA 17C. The purpose of these agencies is to evaluate proposed development projects. The most common method of assisting a redevelopment project is by providing tax increment financing. Agreements exist with the following entities for the collection of tax increment as indicated below. For a complete accounting of increment financing arrangements, contact the respective redevelopment agency:

Redevelopment Agency	Board Contact	Contact Info	202	4 Increment	2023 Increment	2022 Increment	2021	Increment

NOTE 14. JOINT VENTURES - South Davis Metro Fire Service Area

The South Davis Metro Fire Service Area was created by Resolution of each of the member entities on December 8, 2015, pursuant Title 17B of Utah Code Annotated. The Service Area provides fire prevention and suppression and emergency medical services to participating entities in southern Davis County, including: Bountiful, Centerville, North Salt Lake, West Bountiful, Woods Cross, and the Davis County Special Service Area (responsible for servicing the municipal needs of the unincorporated portion of the County).

The South Davis Metro Fire Service Area assumed all functions and responsibilities of the South Davis Metro Fire Agency effective July 1, 2016 and the Interlocal entity was dissolved and assets transferred to the Service Area. Pursuant Utah Code Annotated § 59-2-919, the Service Area held a public hearing on August 10, 2016 and passed Resolution 2016-03 levying property taxes at a rate of .00001. Member entities continue to provide an annual assessment to the Service Area in order to fund the day-to-day operations and certain capital needs of the Service Area.

The Service area is governed by a 6-member Board of Trustees composed of one elected official appointed by each participating entity pursuant Utah Code Annotated § 17B-2a-905. A 6-member Administrative Committee provides advisory assistance to the Board of Trustees and is composed of the city manager, or representative appointed by the governing body of each entity, as well as a designee appointed by the Davis County Board of Commissioners. The Fire Chief serves as the Chief Executive and Administrative Officer of the Service Area, and the Chair of the Administrative Committee serves as the Budget Officer for the Service Area. Separate financial information may be obtained from South Davis Metro Fire Service Area, 255 South 100 West, Bountiful, Utah 84010.

The operations of the Service Area are supported through ad valorem tax levies, impact fees, fees for services, member assessments, and other revenues authorized by law. Member assessments are calculated based on an average assessed value of each participating entity. In 2024, the County contributed \$258,471 from the Municipal Services Fund to provide services in the participating unincorporated portions of the County.

NOTE 15. CONDUIT DEBT

To further economic development in the County, the County has issued Facility and Industrial Revenue Bonds that provide private-sector entities with access to capital for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The properties financed are pledged as collateral, and the bonds are payable solely from payments received from the private-sector entities on the underlying mortgage. In addition, no commitments beyond the collateral, the payments from the private-sector entities, and maintenance of the tax-exempt status of the conduit debt obligation were extended by the County for any of those bonds. The County is not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of December 31, 2024, there were three series of Facility or Industrial Revenue Bonds outstanding for an aggregate principal balance of \$9,105,000.

REQUIRED SUPPLEMENTARY INFORMATION

www.daviscountyutah.gov

DAVIS COUNTY, UTAH NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

For the Fiscal Year Ended December 31, 2024

Budgeting and Budgetary Control

As more fully explained in Note 1 of the Notes to the Financial Statements, annual budgets are prepared and adopted before December 31 for the calendar year commencing the following January 1 in accordance with the Uniform Fiscal Procedures Act for Utah Counties. State law requires budgeted revenues to equal budgeted expenditures, and legal control is exercised at the division level. Once a budget has been adopted, it remains in effect until it has been formally revised. Budgets for the General Fund, special revenue, debt service, and capital projects funds are legally required and are prepared and adopted on the modified accrual basis of accounting. Therefore, no reconciliation between budgetary schedules and the GAAP statements is required.

The budgetary comparison schedules presented in this section of the report are for the General Fund and each of the County's major special revenue funds. Budgetary comparison schedules for the County's other governmental funds are included as Supplementary Information. Original budgets represent the revenue estimates and spending authorized by the Board of County Commissioners prior to January 1. Final budgets represent the original budget amounts plus any amendments made to the budget during the year by the County Commissioners through formal resolution. Final budgets do not include unexpended balances from the prior year because such balances automatically lapse to unreserved fund balance at the end of each year.

Changes in Pension Assumptions

No changes were made in actuarial assumptions from the prior year's valuation.

Information Related to OPEB

As more fully described in Note 12, the County offers post-employment healthcare benefits (OPEB) for retired employees through a single-employer defined-benefit plan. There are no assets accumulated in a trust to pay the related benefits for the OPEB plan.

Changes in OPEB Assumptions

The discount rate was changed to 4.08 percent since this is the discount rate that will be used to measure the Total OPEB Liability for purposes of GASB 75.

^{*}This schedule is required to show information for 10 years. However, recalculations of prior years are not required, and if prior years are not reported in accordance with the current GASB standards, they should not be reported. Therefore, the 10-year schedule will need to be built prospectively.

There are no assets accumulated in a trust that meets the criteria of GASB codification P22.101 or P52.101 to pay related benefits for the OPEB plan.

SUPPLEMENTARY INFORMATION

Nonmajor Governmental Funds

Tourism Special Revenue Fund

This fund accounts for transient room tax, restaurant tax, car rental tax, and other revenues and expenditures of the County related to the promotion and development of tourism within the County.

Library Special Revenue Fund

This special revenue fund accounts for the operation of the County's main library and its six branches. The Library Fund's principal revenue source is property taxes.

Emergency 911 Dispatch Special Revenue Fund

This fund accounts for revenues and expenditures related to the 911 emergency numbers.

Municipal Building Authority Special Revenue Fund

This fund accounts for monies received by the Municipal Building Authority, a blended component unit of the County.

Municipal Services Special Revenue Fund

This special revenue fund accounts for revenues and expenditures related to providing municipal type services in the unincorporated areas of Davis County. It also includes the County's B-Roads. The principal revenue sources include property taxes, sales taxes, and intergovernmental revenues.

Community Development Block Grants/Social Services Block Grants Special Revenue Fund

This fund accounts for grants from the U.S. Department of Housing and Urban Development under the Community Development Block Grants and also for all Social Services Block Grants. It is primarily funded by grants revenue.

Homebuyer Assistance Special Revenue Fund

This fund provides housing loans to low income first time homebuyers.

Animal Care Special Revenue Fund

This fund accounts for animal care and control services within the County. Its primary revenue source is property taxes.

Paramedic Special Revenue Fund

This fund accounts for property taxes collected for paramedic services within the County. In 2021, the paramedic tax rate was discontinued at the County level and cities and districts levied tax rates in order to establish paramedic services in their respective areas. Taxes collected in 2023 were delinquent taxes.

Redevelopment Agencies (RDA) Pass-Through Special Revenue Fund

This fund accounts for the County's pass-through revenues other than transportation pass-through taxes, which are accounted for in the Transportation Fund. This fund includes the Redevelopment Agencies (RDA) share of tax increment financing provided to various economic, redevelopment, and community development agencies.

Flood Control Special Revenue Fund

This fund accounts for all activities of the Public Works Department that relate to the flood channels managed by the County.

General Obligation Debt Service Fund

This fund accounts for the accumulation of property taxes for the payment of principal, interest, and related costs of the County's general obligation bonds.

Municipal Building Authority Debt Service Fund

This fund accounts for the revenues and expenditures related to the long-term debt of the County Municipal Building Authority Bonds.

Sales Tax Revenue Bonds Debt Service Fund

This fund accounts for the revenues and expenditures related to the long-term debt of the County's Sales Tax Revenue Bonds.

Internal Service Funds

Insurance Fund

This fund accounts for monies received and expended by the County to provide for risk management for all County related functions.

Telephone, E-mail, and Security System Fund

This fund accounts for the services provided by the county-wide telephone, e-mail, and security systems.

Building and Grounds Fund

This fund accounts for management of county-owned facilities under central management.

Employee Service Reserve Fund

This fund primarily accounts for monies received, expended, and accumulated by the County to provide for employee dental insurance.

Custodial Funds

Treasurer's Tax Collection Custodial Fund

This fund accounts for the collection of real and personal property and other taxes for other governments and the disbursement of those taxes to those other governments.

County Custodial Fund

This fund accounts for assets held by the County as a custodian for other governments, private organizations, or individuals. These assets do not belong to the County and include the collection of property for other governments, personal funds of inmates who are held at the county jail, monies seized in the criminal justice process, monies held for DBH, and other miscellaneous funds that do not belong to the County.

SUPPLEMENTAL SCHEDULE 21

III. Statistical Section

Statistical Section

The Statistical Section provides additional historical context and detail to aid in using the information in Davis County's financial statements and in understanding and assessing the County's overall financial health.

Financial Trends Information

These schedules present trend information to help the reader understand how the County's financial performance and fiscal health have changed.

Net Position by Component	134
Changes in Net Position.	
Fund Balances – Governmental Funds	138
Changes in Fund Balances – Governmental Funds	140

Revenue Capacity Information

These schedules contain information to help the reader assess the County's capacity to raise revenue from the County's most significant revenue source, property tax.

Assessed Value and Estimated Actual Value of Taxable Property	. 142
Direct and Overlapping Property Tax Rates	
Principal Property Taxpayers	
Property Tax Levies and Collections	

Debt Capacity Information

These Schedules present information to help the reader understand and assess the County's levels of outstanding debt and the County's ability to issue additional debt in the future.

Ratios of Outstanding Debt by Type	147
Ratios of General Bonded Debt Outstanding	
Computation of Direct and Overlapping Debt	
Legal Debt Margin	
Pledged Revenue Coverage	
100500 100 10100 00 101050	

Demographic and Economic Information

These schedules present demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

Demographic and Economic Statistics	2
Principal Employers	3

Operating Information

These schedules offer operating data to help the reader understand how the information in the County's financial report relates to the services it provides and the activities it performs.

Full Time Equivalent County Government Employees	154
Operating Indicators by Function/Program.	
Capital Asset Statistics by Function/program	

Sources: Unless otherwise noted, the information in the following schedules is derived from Davis County's Annual Comprehensive Financial Reports for the years indicated.

STATISTICAL SCHEDULE 1 NET POSITION BY COMPONENT - LAST TEN FIS CAL YEARS (ACCRUAL BASIS OF ACCOUNTING)

	2024		Restated		Restated	Restated

Total Overlapping & Underlying Debt (Excluding the St	ate) 5					\$ 563,019,485
Total Direct Debt						81,901,182
Total Direct, Overlapping and Underlying Debt (Excl. the	e State) 5					\$ 644,920,667

Notes:

- 1 Values are preliminary and subject to change. Taxable values used in this table excludes the taxable value used to determine uniform fees on tangible personal property.
- 2 The Weber Basin Water Conservatory District covers all of Morgan County, most of the County and Weber Counties, and portions of Box Elder and Summit Counties. Principal and interest on WBWCD general obligation bonds are paid from sales of water. WBWCD bonds are self-supporting except for a maximum.000199 tax rate.
- 3 All or portions of these governmental entities outstanding general obligation debt are supported by user fee revenues from water or sewer. The County's portion of overlapping general obligation debt has been reduced to the extent that such general obligation debt is supported by 'user fee revenues.'
- 4 The South Davis Recreation District members include the cities of Bountiful, Centerville, North Salt Lake, Woods Cross, West Bountiful, and part of unincorporated Davis County.
- 5 The State's general obligation debt is not included in overlapping debt because the State currently levies no property tax for payment of general obligation bonds.

STATISTICAL SCHEDULE 12 LEGAL DEBT MARGIN INFORMATION LAST TEN FISCAL YEARS

Fiscal Year	 timated Actual Market Value	Debt Limit	 tal net debt plicable to limit	Legal debt margin	Total net debt applicable to the limit as a percentage of debt limit

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable County Commission Davis County, Utah

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Davis County, Utah (the County) as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 23, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

Carrer & lorde & James, CPA:

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Layton, Utah June 23, 2025

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

To the Honorable County Commission Davis County, Utah

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Davis County's (the County) compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2024. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the County's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a

substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

Carrer Florek & James, CPA,

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Layton, Utah June 23, 2025

NOTES TO SUPPLEMENTARY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

FOR THE YEAR ENDED DECEMBER 31, 2024

- 1. **Basis of Presentation** The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Davis County under programs of the federal government for the year ended December 31, 2024. The information in this Schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Davis County, it is not intended to and does not present the financial position, changes in net position, or cash flows of Davis County.
- 2. Summary of Significant Accounting Policies
 - a. Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement.
 - b. Davis County has elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.
 - c. Pass-through entity identifying numbers are presented where available.
- 3. **Noncash Federal Awards** Noncash federal awards represent commodities consumed during the year, expressed at market value. The State estimates the per unit fair market value of these commodities. Noncash federal financial assistance is calculated by multiplying the per unit fair market value by the net commodities consumed.
