Future Uses

In the February 2023 Davis County Budget Committee meeting, several stakeholders were invited to provide input into the use of these funds. A broad discussion was had and no approved expenses were made. In the March Budget Committee meeting, additional discussion was had with the stakeholder group. Once again, no formal decisions were made as to how funds would be spent. Rather, it was determined that additional meetings and discussions would be had by a smaller group and that they would report back recommendations to the Budget Committee at a future date. As of this reporting period, the Budget Committee has not reviewed or approved any proposed expenditures. It is anticipated that this will take place in the second half of the 2023 calendar year.

As no formal recommendations have been made for the use of funds, it would be premature to estimate future expenditures. The County will report projected use of funds in future annual reports.

Please feel free to contact me if you have any questions or concerns regarding this report.
