OFFICIAL BALLOT FOR CITY OF BOUNTIFUL PARK AND TRAILS BOND

Shawna Andrus
Shawna Andrus,
City Recorder

Shall Bountiful City, Utah ("City"), be authorized to issue General Obligation Bonds in an amount not to exceed Eight Million Dollars (\$8,000,000) ("Bonds"), to purchase the former Washington Elementary School site and improve it as a City park that would include a variety of recreation fields and sports uses, and to expand and improve the Bountiful Trail System? Said Bonds to be due and payable in not to exceed twenty (20) years from the date of issuance of the Bonds.

Property Tax Cost of Bonds: If the Bonds are issued, a property tax increase would be necessary to pay debt service on the Bonds over a period of 20 years. The estimated property tax increase would be \$32.57 per year on a \$371,000 primary residence and \$59.22 per year on a business property having the same value.

The foregoing information is only an estimate and is not a limit on the amount of taxes that the City may be required to levy in order to pay debt service on the Bonds. The City is obligated to levy taxes to the extent provided by law in order to pay the Bonds.

- FOR THE ISSUANCE OF BONDS (YES)
- AGAINST THE ISSUANCE OF BONDS (NO)

OFFICIAL BALLOT PROPOSITION FOR THE SYRACUSE CITY, UTAH SPECIAL BOND ELECTION

Cassie Z. Brown
Cassie Z. Brown,
City Recorder

Shall the City Council of Syracuse City, Utah be authorized to issue General Obligation Bonds (the "Bonds") in a principal amount not to exceed Twenty-Six Million Dollars (\$26,000,000) for the purpose of (i) financing all or a portion of the costs to acquire, construct, furnish and equip an approximately fifty acre park with multiple recreational amenities and related improvements and (ii) refinancing and restructuring the existing City Hall, a fire station, remodel of the police station and improvements to the public works building previously financed by existing Municipal Building Authority Lease Revenue Bonds (the "MBA Bonds")? Said Bonds to mature in not to exceed twenty-one (21) years from the date of issuance of such Bonds.

Property Tax Cost of Bonds: If the Bonds are issued as planned, an annual property tax to pay debt service on the bonds will be required over a period of 20 years in the estimated amount of \$169.00 per year on a \$347,000 primary residence and in the estimated amount of \$308.00 on a business property having the same value.

The City notes that the planned restructuring of the MBA Bonds will reduce the City's annual budget by approximately \$597,000. The City intends to use the \$597,000 for repayment of the Bonds such that it will reduce the net property tax increase for an average primary residential property down from \$169.00 per year to approximately \$53.00 per year and the annual impact to a business will be reduced from \$308.00 to approximately \$97.00 per year.

The foregoing information is only an estimate and is not a limit on the amount of taxes that the City may be required to levy to pay debt service on the Bonds. The City is obligated to levy taxes to the extent provided by law in order to pay the Bonds. The amounts are based on various assumptions and estimates, including estimated debt service on the Bonds and taxable values of property in the City.

- FOR THE ISSUANCE OF BONDS (YES)
- AGAINST THE ISSUANCE OF BONDS (NO)

- FOR THE KAYSVILLE MUNICIPAL FIBER BOND & PROJECT (YES)
- AGAINST THE KAYSVILLE MUNICIPAL FIBER BOND & PROJECT (NO)
