

## CLASS SPECIFICATION

**Class Title:** Real Property Appraiser II  
**Department:** Assessor  
**FLSA:** Non-exempt

**Class Code:** 2276  
**Grade:** 20  
**Eff. Date:** 01/01/1982  
**Revised:** 09/21/2022

### GENERAL PURPOSE

Under general supervision from the Residential Property Team Lead, performs technical assessment work (including appraisals of vacant land, greenbelt, condominiums, improved residential parcels, income producing parcels and commercial parcels) within Davis County.

### EXAMPLE OF DUTIES

Travels to property sites and obtains data to determine the standard and type of structure involved; performs physical inspection of exterior and interior of buildings, photographing property, and recording architectural quality and intended use of the property. Reviews plans and specifications as necessary.

Accurately collects the data elements (including the economic, social, physical and environmental factors such as contamination) and record information on data input sheets.

Accurately collects, analyzes, and verifies sales and rental information for all types of properties to be used in the development of multiple regression valuation models.

Appraises all types of real property including complex properties using current appraisal techniques and computer systems, methods, mathematical formulas and the various recognized approaches. Analyzes the various physical, economic, social and environmental factors which affect value and correlate the different approaches.

Prepares complex narrative appraisals conforming to the "Uniform Standards of Professional Appraisal Practice" (USPAP) as outlined by the licensing division of the Department of Commerce and the Federal Government; defends the appraised value before the County Board of Equalization, the Utah State Tax Commission and various levels in the Judicial Courts as an expert witness or an advocate.

Uses computer programs to develop queries to locate appraisal problems and inconsistencies; uses financial and appraisal software and makes modifications to the queries for individual properties.

Assists in training new residential appraisers.

Develops land models with values for all classes of property, through collection and verification of vacant land sales and within geographic boundaries or neighborhoods.

Responds to questions from property owners regarding appraisals and assessments.

Performs related duties as assigned.
