Excused: Commissioner Randy B. Elliott, who was out of town at the time.

All documents from this meeting are on file in the Davis County Clerk/Auditor's Office. The agenda for this meeting is incorporated into the minutes as item headers.

OPENING

The meeting convened at 10:02 a.m. and Commissioner Kamalu led the Pledge of Allegiance.

PUBLIC COMMENTS

The public was invited to make comments to the Commission.

Rhonda Perkes from Congressman Chris Stewart's Office addressed the Commission. She began by providing an update on the Congressional Budget Office (CBO) Score on the Build Back Better Plan that the Congressman requested. Rhonda advised the good news is they did provide a CBO score and the bad news is that Congressman Stewart felt the score was manipulated and scored in a way that made it much less than it will actually cost. Rhonda stated that it was scored to reflect the spending in the next five to seven years. Rhonda went on to explain that the bill was written in a way that would enable many of the programs that are in that bill to be rescinded after five to seven years, depending on the program. She advised that the problem with that is it is nearly impossible to rescind a program after five to seven years with the Federal Government. Once Federal funding is in organizations it is very hard to take that away. Rhonda advised that the CBO Score ended up being about \$370 billion dollars, which is not a cost that would be reflected in perpetuity. Rhonda advised that the Build Back Better Plan passed the House and will be going through the Senate, she stated it is anticipated to change slightly.

Rhonda provided local updates. She said she has been speaking with Commissioner Kamalu regarding issues the Congressman's Office has been approached about regarding the Bountiful B and the forest land there. Rhonda stated she will help in facilitating the conversations regarding this issue. She stated that pre COVID, conversations were had and every stakeholder is going to have to come to the table to try and find solutions. Rhonda stated the Congressman wants to start these discussions as there are a lot of constituents and local entities who have interest in keeping that area safe and clean. Rhonda said she will continue working with Commissioner Kamalu and Commissioner Elliott regarding this issue.
