BIOGRAPHY
BRIAN E. HATCH, MPH, EHS
Director of Health
Davis County Health Department

Brian Hatch is the Director and Local Health Officer of the Davis County Health Department. His current duties include responsibility for the overall direction of the administrative, clinical, and environmental functions of the Health Department. He supervises Directors of the Community Health Services Division, Environmental Health Services Division, Family Health & Disease Control Division, Senior Services Division, and the Health Administration Services Office.

Previous to serving in this position, he was the Interim Director of Health. Before that, he served as the Deputy Director, the Communicable Disease & Epidemiology Division Director, the Department's Epidemiologist, and as an Environmental Health Scientist during his more than 20 years with the Davis County Health Department.

Hatch completed his undergraduate degree in microbiology and chemistry at Weber State University and his master's degree in public health at the University of Utah.
