- Quick Links were added for commonly requested topics

## One Year of [davislinks.org](https://davislinks.org)!

August marked one year since [davislinks.org](https://davislinks.org) was launched to the public. Over the past year, there have been more than 26,000 resource directory searches for programs and services, over 100 providers have created accounts, and many features have been added to the website to help everyone connect to trusted resources. Thank you for using and sharing [davislinks.org](https://davislinks.org)!

## Provider Feedback

The Davis Links Admin Team is seeking feedback from service providers who use and refer community members to [Davis Links](https://davislinks.org). Survey feedback will help us improve the use and reach of Davis Links. Feel free to share the survey with staff at your organization. The survey will close September 25th.

# Frequently Asked Questions

A new Frequently Asked Questions section has been added to [davislinks.org](https://davislinks.org). Whether you're a service provider or community member, the FAQs provide quick answers to common questions such as who the directory is for, whether there is a cost, and if the directory is available in other languages besides English. Find the FAQs by selecting the About tab on [davislinks.org](https://davislinks.org).

# Claim Your Program

Over the past year, the Davis Links Admin Team has added hundreds of programs to the resource directory to ensure service providers and community members can easily connect to trusted resources and services.

We are encouraging organizations to claim your program if you haven't already. Claiming your program allows you to edit your program card in real time and gives you access to the free tools on the Findhelp platform. Claimed program cards are identified by a checkmark in the upper-right corner.

For step-by-step instructions on how to claim your program, see page 5 of the [Davis Links Resource Directory Provider Welcome Kit](#). Feel free to email [davislinks@daviscountyutah.gov](mailto:davislinks@daviscountyutah.gov) with any questions.

## Utah's Social Care Summit

On August 5, 2026, Isa Perry and Marcie Clark presented at Utah's Social Care Summit in Salt Lake City. Their session, titled "Local Innovation: Building a Community-Connector Network in Davis County Through Deep Partner Relationships," detailed the evolution of Davis Links, Davis County's innovative community-connector network. The presentation highlighted how the county has cultivated trusted relationships across sectors with organization leaders and frontline navigators. Attendees learned about the background of Davis Links, practical strategies for codesigning a local network, key platform features—such as custom flyouts for seasonal needs, curated favorite folders, and featured program tags—and plans for the future.

The event, sponsored by Findhelp, the national social care platform that powers the Davis Links Resource Directory, convened leaders across healthcare, government, nonprofits, and community organizations to provide actionable best practices, real-world success stories, and opportunities to collaborate to build a more connected and effective social safety net. Over 75 participants from 44 organizations across the state attended.
