davislinks

Davis Links Launch

August Davis Links Resource Forum

Thank you to everyone who attended the launch of Davis Links on August 26th at the Davis Links Resource Forum! Attendees learned about the Davis Links brand foundation, davislinks.org, the promotion toolkit, and resource directory features.

The Davis Links Resource Directory website is davislinks.org. It is a one-stop source with over 2,000 programs and services for all stages of life. Users can access resources for food, housing, healthcare, mental health, family support, overall well-being, and more, just by entering a keyword and their Zip Code.

Add the Simple Search Box

We encourage you to add the Davis Links Resource Directory simple search box to your website. This will increase awareness about the resource directory and allow many more community members to access it. The search box can be customized by color, width, height, etc.

Simple Search Box Instructions

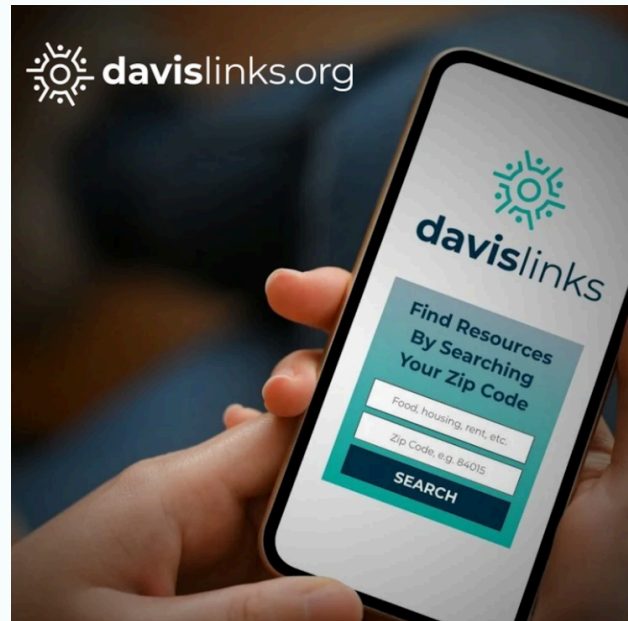

Davis Links Business Cards

Davis Links business cards are available to give to clients and community members. Contact the support team at davislinks@daviscountyutah.gov and let us know how many business cards your organization would like. Help us spread the word about Davis Links!

Davis Links Data

We received some exciting data from our findhelp customer success manager about how Davis Links has been used in 2025! From January-June 2025:

- 1,585 people have used the Davis Links Resource Directory

- 5,738 searches were made

- 235 connections have been made (connecting with program via program card)

Every provider can get personal and program analytics once you have an account and have claimed a program. Contact us if would like assistance with accessing and using your analytics dashboard.

Davis Links Resource Directory Provider Welcome Kit

davislinks

Provider Welcome Kit

Provider Welcome Kit

The Welcome Kit provides information to help you become familiar with basic features and capabilities of the Davis Links resource directory such as:

- How to sign up

- How to search for programs

- How to suggest a program

- How to claim programs

- How to update a program card

Searching in Davis Links

To search the resource directory, a topic and ZIP code is entered. Once the resource directory opens, there are ten main categories at the top of the page. Each of the main categories have subcategories to help you find the resource you are looking for.

If you are searching for a resource in the resource directory and not finding it, contact the support team. The support team will look into adding it to the directory. Or you can add the program by using the Suggest Program option on the resource directory home page.

Tagging Program Cards

Tagging the appropriate serve and people tags allows community members to find your program when they search the directory. For more information on how to navigate Findhelp's taxonomy, refer to the Taxonomy and Tags information.

Tip: In the people tags, there are tags for community members who are undocumented, immigrants, or refugees. This is found in the Citizenship category. If your program serves this population, please check that tag to ensure your program reaches the intended population.

Davis Links Training & Support

The Davis Links support team is here to help you and your organization become familiar with Davis Links. This can be done via email, virtual chats, or in person. To arrange a training that fits your needs, or if you have any questions about Davis Links, please contact the support team at davislinks@daviscountyutah.gov.
