

The past five months have been an exciting time in Davis County! The Davis Links Resource Directory provider site, powered by Findhelp, was launched on November 15, 2024. Since then, providers have been actively working to update the platform with information on local resources and services. Their ongoing efforts ensure this go-to source for basic needs, mental health, family support, outdoor opportunities, and more is as comprehensive and up-to-date as possible. Providers have been claiming their programs and learning to use the platform so they'll be ready to smoothly and efficiently connect people with the resources and services they need.

## Highlights of the first 5 months:

### Training & Support for Providers

- Delivered a series of 6 trainings on how to use the Davis Links Resource Directory provider site to a combined 239 participants
- Released a Davis Links Resource Directory Provider Welcome Kit
- Provided technical support to providers, responding to 20+ requests

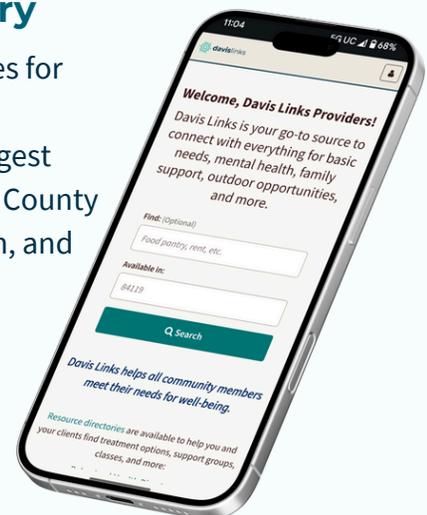

### Website & Branding Updates

- Worked on designing and developing the multi-site web presence for Davis Links supporting both provider and public-facing tools
- Contracted with RUMOR Advertising to build the brand foundation, including guidance for unified messaging that is inclusive and engaging for many audiences and provides a basis for promotional materials to raise public awareness and trust

### Expanding the Resource Directory

- Identified 1,400+ local programs and services for the Davis Links Resource Directory
- Added programs offered by the county's largest health and human services providers: Davis County Health Department, Davis Behavioral Health, and Utah Department of Workforce Services
- Worked on troubleshooting with Findhelp to resolve technical issues
- Began using the Program Manager Tool to directly add more programs and services

## Partner Engagement

### Organizations, Programs & Providers

Findhelp has thousands of free and low-cost resources and services already on its platform. Through the Davis Links Resource Directory, we can access this network and providers can build on it by adding more organizations and programs at the local, state, and national levels that serve the Davis County community. Programs listed on Davis Links do not need to be free or low-cost. We welcome any service that supports the well-being of our community.

**Claim your program now!**

By claiming your program on the Davis Links Resource Directory, your organization can:

Take action to keep program information accurate and reliable by updating contact details, eligibility, services, hours, and more

Engage with referrals and connect directly with the people you serve

Access insights on searches, engagement, and more through site analytics tools

Organizations like Assisting Hands, Cars that Care, Children's Service Society of Utah, Midtown Community Health Center, Open Doors, People Helping People, and more have taken the lead on getting their programs added, claimed, and updated in the Davis Links Resource Directory.

The Davis Links Resource Directory currently includes **907** national programs, **1,051** state programs, and **126** local programs. Of those, about **30%** of national and state programs are claimed, and **44%** of local programs are claimed.

In the first 5 months, **121 providers signed up for a Davis Links provider account** and **1,356 actions were taken to manage a program** on Davis Links.

The Davis Links Resource Directory is only as strong as the community behind it. As it continues to grow, our focus is on sustainability, community engagement, and public awareness. By working together to add, claim, and update programs, we can build a lasting tool that strengthens resource connection across Davis County.
