

## CONSTRUCTION, GENERAL CONTRACTOR, & MANUFACTURING GUIDANCE

### Utah Leads Together

For more information, visit: [coronavirus.utah.gov/utahs-health-guidance-system/](https://coronavirus.utah.gov/utahs-health-guidance-system/)

As the community moves through phased risk guidance, we encourage you to continue to implement protective measures to slow the spread of COVID-19 in our community. We understand that each facility is unique and operates under different circumstances. The guidance does not address every situation. Adaptation may be needed for your setting. Please work with your employees and patrons to implement the following:

#### PHYSICAL DISTANCING

- Follow physical distancing recommendations by avoiding gathering in groups and keeping at least a 6-foot distance from others
- Limit interactions between subcontractors to enable all physical distancing guidelines to be maintained

#### CLEANING & HYGIENE

- Wash or sanitize hands before and after leaving a site
- Provide additional hand washing stations
- Clean and disinfect project sites, including high-touch surfaces, and tools frequently

#### EMPLOYEE PROTECTION

- Adhere to the Individual Guidance and General Business Guidance
- Monitor employee symptoms
- Ensure no one with symptoms enters a job site
- Prohibit employees who have been instructed to isolate or quarantine from working until given health department clearance
- Share estimates, invoices, and other documentation electronically
- Wear face coverings and gloves
- Do not share personal protective equipment (PPE)
- Do not have a common water cooler
- Limit out-of-state travel, quarantine 14 days upon return from high-risk areas

Thank you for your patience and cooperation during this COVID-19 pandemic.  
Feel free to contact the Davis County Health Department with any questions at 801-525-5128.
