

## CONSTRUCTION, GENERAL CONTRACTOR, & MANUFACTURING GUIDANCE

### Utah Leads Together 2.0: Moderate Risk

For more information, visit: [coronavirus.utah.gov/utah-leads-together/](http://coronavirus.utah.gov/utah-leads-together/)

As the community begins the next phase of sustainable social distancing, and businesses begin to re-open doors to patrons, we encourage you to continue to implement protective measures to slow the spread of COVID-19 in our community. We understand that each facility is unique and operates under different circumstances. The guidance does not address every situation. Adaptation may be needed for your setting. Please work with your employees and patrons to implement the following:

#### SOCIAL DISTANCING

- Follow social distancing rules by avoiding gathering in groups and keeping at least a 6-foot distance from others
- Limit interactions between subcontractors to enable all social distancing guidelines to be maintained
- Share estimates, invoices, and other documentation electronically
- Log customer interactions of close contact (within 6 feet for more than 10 minutes)
  - Include customer name, contact information, date, and time

#### CLEANING & HYGIENE

- Wash or sanitize hands before and after leaving a site
- Provide additional hand washing stations
- Discourage shared use of common supplies and tools
- Clean and disinfect project sites, including high-touch surfaces and tools frequently

#### EMPLOYEE PROTECTION

- Adhere to the Individual Guidance and General Business Guidance
- Symptom check employees, either with a checklist or verbal symptom checking
- Ensure no one with symptoms enters a job site
- Prohibit employees who have been instructed to isolate or quarantine from working until given health department clearance
- Wear face coverings and gloves
- Do not share personal protective equipment (PPE)
- Do not have a common water cooler
- Limit out-of-state travel, quarantine 14 days upon return from high-risk areas

Thank you for your patience and cooperation during this COVID-19 pandemic.  
Feel free to contact the Davis County Health Department with any questions at 801-525-5128.
