

POOLS, WATER PARKS & SPAS GUIDANCE

Utah Leads Together 2.0: Moderate Risk

For more information, visit: coronavirus.utah.gov/utah-leads-together/

As the community begins the next phase of sustainable social distancing, and businesses begin to re-open doors to patrons, we encourage you to continue to implement protective measures to slow the spread of COVID-19 in our community. We understand that each facility is unique and operates under different circumstances. The guidance does not address every situation. Adaptation may be needed for your setting.

Please work with your employees and patrons to implement the following:

SOCIAL DISTANCING

- Pools are limited to lap swim only
 - 1 swimmer per lane
 - No congregating on the pool decks
- Swim teams are allowed as long as social distancing guidelines can be met
- Maintain signage that encourages social distancing guidelines to be met at all times
- Maintain 6 foot distance between individuals who are not from the same household
- Private, social groups are limited to 20 people or fewer unless they are under the oversight of a formal organization

CLEANING & HYGIENE

- Clean and sanitize seating areas, handles, and dressing room facilities regularly
- Maintain adequate disinfectant concentrations in the pool or spa as required by Utah Administrative Code R392-302 Design, Construction and Operation of Public Pools

STAFF & PATRON PROTECTION

- Symptom screening
- Prohibit people from entry into the facility if they are sick or if they have had a recent exposure to someone with symptoms or diagnosis of COVID-19

Thank you for your patience and cooperation during this COVID-19 pandemic.
Feel free to contact the Davis County Health Department with any questions at 801-525-5128.
