Electric Vehicle Replacement Assistance Program

Information

The Davis County Health Department has partnered with the Utah Department of Environmental Quality to provide a financial incentive for Utah Residents to replace their gasoline or diesel powered vehicles with all-electric vehicles (EV).

Benefits of driving an EV

-  Modern EV's can go hundreds of miles per charge
-  To refuel, simply plug the vehicle in to a compatible charging unit
-  Cost to charge can be 50% to 70% less than gasoline equivalent
-  Less maintenance due to fewer moving parts
-  Zero tailpipe emissions

Qualification

Applicant

- Must be at least 18 years old
- Must be a resident of Utah
- Have a household income of 500% or less of the federal poverty level
